REGULAR CITY COUNCIL MEETING
MARCH 17, 2026

RESOLUTION NO. 26-xxx

A RESOLUTION AUTHORIZING THE SOLE SOURCE PURCHASE OF A LIFEGUARD TOWER FROM BAUSCH ENTERPRISES, INC., FOR THE SURF RESCUE DIVISION OF THE FIRE DEPARTMENT IN AN AMOUNT NOT TO EXCEED $82,835

FINDINGS:

1. The City of Orange Beach's Surf and Rescue Division of the Fire Department provides lifeguards and related services on the beaches that border the Gulf of Mexico within the City, on beaches outside the corporate limits pursuant to a contract with the State Department of Conservation and Natural Resources.
2. Lifeguards are tasked with working in a harsh work environment with outdoor elements of extreme heat, wind, rain, etc. All of these elements make it difficult for proper water observations to be conducted over an extended period of time. Fortified lifeguard towers provide a more sustainable work environment.
3. This tower is modular so that it can be disassembled and moved for storage in tropical storm-level weather. It will replace lifeguard towers made of wood and built in house.
4. The City Attorney has advised that to qualify as a sole source under Alabama's bid laws, the goods or service offered must be unique; the uniqueness must be substantially related to the intended purpose, use and performance of the product; and there must be a showing that other, similar goods or services cannot perform the desired objectives.
5. Based on the foregoing, the Council finds that no other vendors offer substantially equivalent products that can accomplish the purpose of serving as a modular fortified lifeguard tower, and that the need for this lifeguard tower is critical to public health and safety.
6. Council concludes that the Department has met its burden of proof under the bid law to demonstrate that Bausch Enterprises, Inc., is the sole supplier of a modular fortified lifeguard tower meeting the Department's specifications and that the Department has acted in good faith in seeking alternate suppliers.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ORANGE BEACH, ALABAMA, AS FOLLOWS:

1. That the City Council for the City of Orange Beach, Alabama, hereby authorizes the sole source purchase of a Lifeguard Tower for the Fire Department;
2. That the Mayor is hereby authorized to approve payment to Bausch Enterprises, Inc., in an amount not to exceed $82,835.00 for a Bausch "Zero" Watch Tower, per the quote dated July 29, 2025;
3. That the equipment as described in this Resolution is to be used only for official business of the City of Orange Beach; and
4. That this Resolution shall become effective immediately upon its adoption.

To whom it may concern:

Bausch Enterprises, Inc. is the sole supplier of Bausch Watchtowers, the only aluminum lifeguard towers manufactured in the United States. To the best of our knowledge, these towers are the only in the world with a modular construction design, which allows the towers to be shipped at much lower costs and assembled on-site per customer specifications. The powder-coated ,aluminum construction is also unique, requiring less maintenance in the marine environment than wood construction, and offering longevity over fiberglass.

Bausch Watchtowers are also the only lifeguard towers manufactured that can be constructed with the additional customizations many year-round beach patrols would prefer, such as an 8-foot ground-to-platform height, additional secured storage for equipment underneath the tower, anodized aluminum railings, and a choice of door widths to accommodate a wider range of equipment inside the tower.

If there are any additional questions regarding Bausch Watchtowers, please contact us anytime.

Sincerely,

Todd Bausch

Sole Source Justification

The good/service requested is restricted to one supplier for the reasons stated below:

1. Why is the acquisition restricted to this good/service/supplier?
   To the best of our knowledge Bausch Enterprises Inc. (BEI) provides the only lifeguard towers in the world with a modular construction design, which allows the towers to be assembled and disassembled for logistical purposes.

2. Provide the background of events leading to this acquisition.
   Lifeguards are tasked with working in a harsh work environment to include all outdoor elements of extreme heat, wind, rain, etc. All of these elements make it difficult for proper water observations to be conducted over an extended period of time. In a goal to reduce the number of drowning incidents that occur on our beachfront a fortified lifeguard tower would provide a more sustainable work environment. The tower would be placed at one of our more densely populated swimming areas Romar Public Beach Access. This tower would be the only enclosed structure on the west end of town that the City of Orange Beach owns.

3. Describe the uniqueness of this acquisition. (Why was the good/service/supplier chosen?)
   BEI has conducted business with several other lifeguard agencies and municipalities (Brevard County, Fort Lauderdale Fire Rescue, Clearwater Beach, and Pensacola Beach) in the southeast United states and has developed a solid reputation. The all aluminum and composite construction tower is fully customizable and is modular so that it can be assembled and dissembled for logistics of shipping or transport.

4. What are the consequences of not purchasing the goods/services or contracting with the proposed supplier?
The current lifeguard towers are made of wood and are built in house. They are not aesthetically pleasing and require constant maintenance to serve their designated purpose. The other know lifeguard tower manufacturers would have to be constructed on site by the company or delivered as one whole piece.

5. What market research was conducted to substantiate no competition, including evaluation of other items considered? (Provide a narrative of your efforts to identify other similar or appropriate goods/services, including a summary of how the department concluded that such alternatives are either inappropriate or unavailable. The names and addresses of suppliers contacted and the reasons for not considering them must be included **or** an explanation of why the survey or effort to identify other goods/services was not performed.)
   Market Research was performed on two additional companies. Post & Beam is a company based out of Pompano Beach, FL that constructs lifeguard towers out of heavy timber. Contact Info: 1913A NW 40th Ct.Pompano Beach, FL 33064E-mail: sales@bigbeams.com. Website: https://www.bigbeams.com/lifeguard-towers/. Industrial Design Research is a company based out of Laguna Beach, CA that constructs lifeguard towers out of fiberglass. Contact Info: 3203 Bern Ct., Laguna Beach, CA 92651 / Phone: (714) 420-0695 / email: indesre@sbcglobal.net Website: http://www.surveyorlifeguardtowers.com/index.htm.

Price Analysis

1. How was the price offered determined to be fair and reasonable? (Explain what the basis was for comparison and include cost analyses as applicable.)
   Bausch Enterprises Inc. (BEI) provided us with multiple quotes to include customized options lists for additional specifications. Delivery and installation estimates were also provided but could not be exact until closer to the date of delivery. The BEI tower in comparison to the cost of an equal quality lifeguard tower is on par with other manufacturers.

2. Describe any cost savings realized or costs avoided by acquiring the goods/services from this supplier.
   Additional annual maintenance costs associated with the wooden towers would be avoided to include the cost of the materials and the cost of the employees hourly rate to work on it. This would allow time for other more pressing tasks to be handled. The BEI lifeguard tower is a modular construction design which allows the tower to be shipped at a much lower cost.

This letter is in reference to the Bausch Enterprises INC “Zero Tower” in the amount of $82,835. The vision for these towers is to set a professional work environment for our employees and a professional image to the people visiting our beaches. In the long term this will allow for us to keep our beaches safe and family friendly.

Zero Tower use/impact:

- Sustainable work environment for lifeguards who are tasked with the protection of life in harsh weather elements.
- Built from aluminum and composite materials, these towers are designed for durability practical use in the marine environment. With proper preventative maintenance towers are expected to last at least 10 years.
- Proper water surveillance can be conducted by lifeguards with reduced glare, reduced fatigue, and increased viewing platform.
- Safe storage of lifesaving equipment.
- Location for this tower is Romar Public Beach Access. This location is guarded 8 months out of the year by at least two lifeguards. The zone covers 1.25 miles of area and has a condo density of around 2,864 units.

Our current towers are wooden construction that are built in house by our lifeguards. These towers lack the engineering and structural integrity necessary to perform the job at a high level. The wooden towers require yearly repairs and are susceptible to significant damage or vandalism throughout the season.

The “Zero Tower” is expected to come in well under the budgeted amount by almost $5,000. Multiple unnecessary features were removed from the quote and an extra cushion was added to account for any large changes in shipping or logistics.

Thank you for your time and understanding. Should you have any questions, please contact myslef by phone at (251)747-1051 or e-mail at blesinger@orangebeachal.gov.

1.1 CLEARVIEW AI OVERVIEW

1.1.1 CAPABILITIES STATEMENT

Clearview AI's mission is to enhance national security, drastically reduce crime, fraud, and risk to make communities safer and keep commerce secure. In 2019, federal, state, and local police departments across America began using Clearview AI as a solution to help solve crime and ensure public safety. As a platform for intelligence and identity management, it has quickly become a favored resource for law enforcement, helping solve even the most difficult crimes. Today, many law enforcement agencies trust Clearview AI's one-of-a-kind, facial search technology.

Clearview AI's revolutionary investigative platform helps investigators to search any facial image of a suspect, victim, or other person of interest against over 60 billion online images. By using this tool to efficiently process information investigators already possess, Clearview AI helps investigators identify those without a prior arrest record, without an online presence, without a DMV record, or others that would often otherwise go unidentified. Our solutions help to identify persons of interest, criminal offenders, terrorists, human traffickers and child predators. Clearview AI also helps clients accelerate their investigations, meaning they can do more with less.

We appreciate the confidence you have in Clearview AI and welcome the opportunity to work with your agency by providing solutions which help in your mission to solve crimes and ensure National Security. It is our understanding that this procurement can also serve as the basis for sharing intelligence with other fellow domestic and international Public Safety and Intelligence organizations. If awarded this important opportunity, we will leverage our proprietary online database and facial recognition solution to provide a more custom service to meet or exceed your agency and national expectations and to meet regional and national privacy compliance and data protection requirements.

1.2 ABOUT CLEARVIEW AI

Clearview AI is a privately-owned, U.S. based company, dedicated to innovating and providing the most cutting-edge technology to law enforcement to investigate crimes, enhance public safety and provide justice to victims.

We believe law enforcement should have the most cutting-edge technology available to investigate crimes, enhance public safety, and provide justice to victims. And that's why we developed a revolutionary, web-based intelligence platform for law enforcement to use as a tool to help generate high-quality investigative leads. Our platform, powered by facial recognition technology, includes the largest known database of facial images sourced from public-only web sources, including news media, mugshot websites, public social media, and other open sources.

Our solutions allow agencies to gain intelligence and disrupt crime by revealing leads, insights and relationships to help investigators solve both simple and complex crimes, increase officer and public safety, and keep our communities and families safer.

1.2.1 NIST: LEADING FACIAL RECOGNITION ALGORITHM IN THE U.S.

Facial recognition technology has faced persistent criticism for alleged inaccuracies and biases, particularly racial and demographic bias. However, advancements have rendered FRT more accurate and sophisticated than the human eye by training on diverse datasets. The National Institute of Standards and Technology (NIST), renowned for its rigorous facial recognition evaluations, tests over 650 algorithms, revealing that top performers boast over 99%[1] accuracy in matching photos out of large lineups. And contrary to misconceptions, NIST's evaluations demonstrate minimal demographic bias in top algorithms, with Clearview AI's algorithm achieving over 99% accuracy across all demographics[1].

Clearview AI is a leading facial recognition technology in the U.S. for its performance in accurately matching mugshot photos (99.85% with a 12 million photo sample), VISA borders photos (99.86% with a 1.6 million photo sample), VISA photos (99.81%), and border photos (99.42%). While acknowledging the need for regulation and ethical deployment, proponents argue for FRT's life saving potential as cited by law enforcement in many cases of financial crimes, child exploitation rescue, and community crime prevention. As discussions around FRT evolve, informed decisions based on scientific evidence and accurate understanding of technology capabilities are crucial.

Clearview AI has been instrumental in thousands of cases including finding abducted children, identifying endangered dementia cases, and apprehending drug traffickers, sex offenders, and other violent

criminals. Our database is the most representative of the population and is not limited to criminal offenders (mugshot database). With over 60 billion publicly available images, Clearview AI's database covers a multitude of ages, ethnicities, and physical characteristics.

1.2.2 KEY BENEFITS

- **HIGHLY EFFICIENT** Allows agencies to address manpower and resource deficiencies by providing high-probability investigative leads within a few seconds versus days or months.
- **INCREASE OFFICER, VICTIM & PUBLIC SAFETY** Uncover actionable intelligence with powerful tools to create cold case notification alerts. Support intelligence to validate suspect, victim and person of interest identities that is often impossible using legacy identity tools.
- **DATA YOU CAN'T FIND ANYWHERE ELSE** Clearview AI is the only facial recognition company that provides billions of faces captured on the open web and "in the wild", offering the highest probability of a successful match using the Clearview AI patented neural network algorithm and accuracy across all demographics.
- **CUSTOMIZABLE GALLERIES** Users can import their own private, customized facial datasets such as mugshot repositories, customized watchlists, or any other facial database
- **60+ BILLION FACIAL IMAGE DATABASE** Clearview AI images are sourced from social media posts, personal and professional websites, news articles, online mugshots, criminal databases, public record sites and thousands of other open sources.

1.2.3 DIFFERENTIATORS & SOLE SOURCE JUSTIFICATION

Clearview AI offers a unique and unmatched facial recognition solution purpose-built for government use. No other vendor provides the same combination of functionality, data access, and system design as Clearview AI. The company's technology is distinguished by its scale, performance, and exclusive capabilities that cannot be replicated by traditional mugshot-based or closed-database recognition systems.

Unmatched Scale & Source Diversity

Clearview AI maintains the world's largest known facial recognition database—over **60 billion** publicly available facial images—sourced from the open internet, including news media, social media, public records, and other lawful open sources. This unparalleled scale allows law enforcement and public safety

agencies to search beyond arrest records or known offenders, enabling identification even when an individual has no criminal history or DMV presence.

Exclusive Capabilities

Clearview AI is the only known solution that offers:

- **Integrated Multi-Database Architecture:** Simultaneous search access across public internet imagery, agency-specific datasets, and interagency-shared galleries.
- **Source Attribution:** Links to the original online locations of each matched image, supporting transparency and investigative follow-up.
- **Unified Platform for Identity Management:** Including probe image enhancement, still image extraction from video, gallery enrollment, and robust compliance tools.
- **Advanced Oversight & Compliance Features:** Built-in auditing, reporting, and user accountability tools designed for agency policy enforcement.

Proprietary & Patented Technology

Clearview AI's search algorithm is protected under U.S. Patent No. 11,250,266 and represents a proprietary advancement in facial recognition capability. Unlike alternatives that depend on static and limited datasets, Clearview AI's model continuously improves with exposure to diverse, real-world imagery, enhancing match quality and reducing bias.

Superior Accuracy

Clearview AI's algorithm consistently achieves **over 99%[2] accuracy** across all demographic categories as measured by the National Institute of Standards and Technology (NIST) in both 1:1 and 1:N evaluations. This includes top performance in mugshot-mugshot and cross-year border photo comparisons.

Sole Source Justification

Due to the combination of exclusive data access, proprietary technology, unmatched accuracy, and government-tailored features, Clearview AI is the sole provider capable of meeting the specific investigative, compliance, and operational needs outlined in this proposal. Vendors relying solely on closed databases or mugshots fundamentally lack the ability to deliver equivalent results, particularly for leads involving non-repeat offenders, unknown subjects, or victims lacking official identification records.

1.3 SECURITY & SOC2 COMPLIANCE

1.3.1 SOC2 CERTIFICATION

Clearview AI has successfully completed its System and Organization Controls 2 (SOC 2) examination certifying the company maintains effective controls over the security and processing integrity of its clients' data. The examination was conducted by BARR Advisory, P.A.

SOC 2 is an auditing procedure conducted by licensed and regulated certified public accountants that rigorously reviews data service providers to ensure the secure management and accurate processing of data. It is widely considered the highest standard of cybersecurity certification and is intended to protect company's interests and intellectual property when they engage data service providers.

The American Institute of CPAs (AICPA) outlines principles and criteria for SOC 2 examinations which include exacting standards for security, cybersecurity, availability, process integrity and confidentiality.

1.3.2 DATA STORAGE & SECURITY

We recognize that data storage and security concerns are of tremendous importance to public safety agencies. We protect data in four ways:

- Routine automated code scans pinpoint vulnerabilities or dependencies within our source code. We patch every issue upon discovery.
- Regular professional code audits and a bug bounty program with an industry-leading provider.
- Encrypt all traffic to the latest TLS specifications and protect it with Cloudflare reverse proxy technology as it is routed through Clearview AI's secure data center.
- Store data on multiple servers inside a secured data center in Northern Virginia with internal levels of access control.

3. USES.

3.1. Permitted Uses.

3.1.1. Before accessing the Clearview Products and Services, all Users must complete a training on how to use such Products and Services in accordance with these Terms, User Code of Conduct, and Principles. While Clearview provides training on the technical aspects of our Products and Services, it is the Customer's responsibility to develop additional internal policies, processes, and training. This further training should focus on ensuring proper, ethical, and legal usage in line with applicable laws. The Customer must ensure that their Users are fully informed and compliant with your own training requirements and guidelines, beyond the scope of Clearview's provided technical training. Customer will assign at least one Executive User to act as liaison between Customer and Clearview. The Executive User is responsible for providing and maintaining a list to Clearview of who is an Authorized User and overseeing the Authorized Users' use of the Products and Services, all of which must be in accordance with the User Code of Conduct. If Clearview suspects or receives a report that the Customer or a User has misused the Products and Services, breached these Terms, or violated any applicable law, the Customer must cooperate with Clearview to perform an audit of the Customer's account to investigate the reported issue and/or ensure compliance with this Agreement. If such audit reveals that Customer or its Users provided unauthorized access to users not permitted under this Agreement, or used the Products or Services in violation of this Agreement, Clearview may (i) terminate this Agreement, (ii) suspend Customer access to the Clearview Products and Services, or (iii) suspend access to the Products and Services unless and until the Fees are adjusted to reflect the Customer's actual usage of the Clearview Products.

Clearview reserves the right to investigate occurrences which may involve such violations, and may involve, and cooperate with, law enforcement authorities in prosecuting Users who have participated in such violations.

You will ensure that the Customer Equipment is maintained, developed with, and contains protections that are adequate to keep secure and prevent the interception of any APIs transmitted to or from such Customer Equipment. You will ensure that the Customer Equipment transmits data with protocols that are at least as secure as those being used by the Clearview APIs, and in any event with protocols as secure as 128-bit SSL encryption. You will not attempt to circumvent any security measures or technical limitations of the APIs. You will immediately notify Clearview of any security deficiencies, vulnerabilities, or bugs that You discover, or suspect have resulted in or that reasonably may result in any theft, loss, misuse, or unauthorized access to or use of Clearview data or the APIs.

4. PAYMENT TERMS.

4.1. **Forms.** If You elect to pay Your Fees with a credit card, You agree that Clearview may charge the credit card or other payment mechanism selected by You and approved by Clearview ("**Your Account**") all amounts due and owing for the Products and Services, including applicable taxes and service fees, set up fees, subscription fees, or any other fee or charge associated with Your Account, all of which is set forth in Your Order Form or Clearview provided invoice. Except for an Order Form approved by Clearview from an Authorized Reseller, if You provide Clearview with Your own purchase order document, unless otherwise agreed to by the Clearview Chief Revenue Officer and Legal Team, such document shall be construed **solely** as evidence of Customer's internal business processes or terms, and the terms and conditions contained on such document will be of no effect with respect to this Agreement between the parties.

4.2. **Monthly.** If Your Account is on a month-to-month term, Clearview will charge the credit card that You provide on a monthly basis for the Products and Services commencing on the date Your Account is first activated and each month thereafter. In the event that Clearview is unable to process Your payment for the Products and Services, You will have seven (7) days to provide new credit card information to pay for the Products and Services, otherwise Your access to the Products and Services may be terminated by Clearview in its sole discretion.

4.3. **Term.** If Your Account is for a specific term period, then You shall pay for the Products and Services as outlined on Your Order Form or Clearview invoice within thirty (30) days after the date of such invoice, and in the method(s) specified by Clearview (without any deduction or set-off) or as instructed by the Authorized Reseller.

If applicable, if Clearview does not receive payment from an Authorized Reseller for the Products and Services outlined on the Order Form, Clearview may immediately suspend Customer's access to the Products and Services, this Agreement, or any Order Form by providing written notice to Customer. However, in Clearview's sole discretion, it may instead choose to directly collect Fees from the Customer in order to prevent any suspension in Customer's access to the Products and Services. 4.5. Price Changes. Clearview reserves the right to change the pricing for Products and Services at any time, including those previously offered for free. However, the pricing listed on a Customer's Order Form shall govern over any pricing changes for the duration of the initial term period specified in the Order Form (this does not include automatic renewal periods). If You purchase the Products or Services for a specific term (as further set forth in Your Order Form), the termination will be effective on the last day of the then-current term, renewal term, or in the case of a month-to-month Agreement, upon written notice of Your desire to terminate the Agreement at the end of the applicable month. Either party may terminate any applicable renewal term by providing the other party with notice of non-renewal at least 30 days before the end of the applicable renewal term. Upon any termination of this Agreement, You and Your Users must cease any further use of the Products and Services.

This Agreement may be terminated in the following ways:

5.1.2. By breach: If either party is in material breach of this Agreement and such failure has not been cured within fifteen (15) days of receiving written notice of such breach, then the non-breaching party has the right to terminate the Agreement. The parties agree to endeavor in good-faith negotiations to resolve any dispute under this section before terminating the Agreement. Clearview will not issue or provide any refund for Fees paid in advance if this Agreement is terminated due to your breach of the Agreement.

5.1.3. If the necessary funds to fulfill the payment obligations under this Agreement are not allocated for the Customer's upcoming fiscal year, then Customer shall be permitted to terminate the Agreement early by providing no less than ninety (90) days' advance written notice setting forth proof of such lack of funding. 1.1 CLEARVIEW AI OVERVIEW

1.1.1 CAPABILITIES STATEMENT

Clearview AI's mission is to enhance national security, drastically reduce crime, fraud, and risk to make communities safer and keep commerce secure. In 2019, federal, state, and local police departments across America began using Clearview AI as a solution to help solve crime and ensure public safety. As a platform for intelligence and identity management, it has quickly become a favored resource for law enforcement, helping solve even the most difficult crimes. Today, many law enforcement agencies trust Clearview AI's one-of-a-kind, facial search technology.

Clearview AI's revolutionary investigative platform helps investigators to search any facial image of a suspect, victim, or other person of interest against over 60 billion online images. By using this tool to efficiently process information investigators already possess, Clearview AI helps investigators identify those without a prior arrest record, without an online presence, without a DMV record, or others that would often otherwise go unidentified. Our solutions help to identify persons of interest, criminal offenders, terrorists, human traffickers and child predators. Clearview AI also helps clients accelerate their investigations, meaning they can do more with less.

We appreciate the confidence you have in Clearview AI and welcome the opportunity to work with your agency by providing solutions which help in your mission to solve crimes and ensure National Security. It is our understanding that this procurement can also serve as the basis for sharing intelligence with other fellow domestic and international Public Safety and Intelligence organizations. If awarded this important opportunity, we will leverage our proprietary online database and facial recognition solution to provide a more custom service to meet or exceed your agency and national expectations and to meet regional and national privacy compliance and data protection requirements.

1.2 ABOUT CLEARVIEW AI

Clearview AI is a privately-owned, U.S. based company, dedicated to innovating and providing the most cutting-edge technology to law enforcement to investigate crimes, enhance public safety and provide justice to victims.

We believe law enforcement should have the most cutting-edge technology available to investigate crimes, enhance public safety, and provide justice to victims. And that's why we developed a revolutionary, web-based intelligence platform for law enforcement to use as a tool to help generate high-quality investigative leads. Our platform, powered by facial recognition technology, includes the largest known database of facial images sourced from public-only web sources, including news media, mugshot websites, public social media, and other open sources.

Our solutions allow agencies to gain intelligence and disrupt crime by revealing leads, insights and relationships to help investigators solve both simple and complex crimes, increase officer and public safety, and keep our communities and families safer.

1.2.1 NIST: LEADING FACIAL RECOGNITION ALGORITHM IN THE U.S.

Facial recognition technology has faced persistent criticism for alleged inaccuracies and biases, particularly racial and demographic bias. However, advancements have rendered FRT more accurate and sophisticated than the human eye by training on diverse datasets. The National Institute of Standards and Technology (NIST), renowned for its rigorous facial recognition evaluations, tests over 650 algorithms, revealing that top performers boast over 99%[1] accuracy in matching photos out of large lineups. And contrary to misconceptions, NIST's evaluations demonstrate minimal demographic bias in top algorithms, with Clearview AI's algorithm achieving over 99% accuracy across all demographics[1].

Clearview AI is a leading facial recognition technology in the U.S. for its performance in accurately matching mugshot photos (99.85% with a 12 million photo sample), VISA borders photos (99.86% with a 1.6 million photo sample), VISA photos (99.81%), and border photos (99.42%). While acknowledging the need for regulation and ethical deployment, proponents argue for FRT's life saving potential as cited by law enforcement in many cases of financial crimes, child exploitation rescue, and community crime prevention. As discussions around FRT evolve, informed decisions based on scientific evidence and accurate understanding of technology capabilities are crucial.

Clearview AI has been instrumental in thousands of cases including finding abducted children, identifying endangered dementia cases, and apprehending drug traffickers, sex offenders, and other violent

[1]This refers to performance in the categories of Demographic Effects on Visa-Border and Mugshot photos in the NIST Facial Recognition Vendor Test in the 1:1 setting, as well as performance in the Mugshot-Mugshot, Mugshot-Webcam, Visa-Border, Border-Border (≥ 10 YRS), Mugshot-Mugshot (≥ 10 YRS) categories of the 1:N Investigative setting.

criminals. Our database is the most representative of the population and is not limited to criminal offenders (mugshot database). With over 60 billion publicly available images, Clearview AI's database covers a multitude of ages, ethnicities, and physical characteristics.

1.2.2 KEY BENEFITS

- **HIGHLY EFFICIENT** Allows agencies to address manpower and resource deficiencies by providing high-probability investigative leads within a few seconds versus days or months.
- **INCREASE OFFICER, VICTIM & PUBLIC SAFETY** Uncover actionable intelligence with powerful tools to create cold case notification alerts. Support intelligence to validate suspect, victim and person of interest identities that is often impossible using legacy identity tools.
- **DATA YOU CAN'T FIND ANYWHERE ELSE** Clearview AI is the only facial recognition company that provides billions of faces captured on the open web and "in the wild", offering the highest probability of a successful match using the Clearview AI patented neural network algorithm and accuracy across all demographics.
- **CUSTOMIZABLE GALLERIES** Users can import their own private, customized facial datasets such as mugshot repositories, customized watchlists, or any other facial database
- **60+ BILLION FACIAL IMAGE DATABASE** Clearview AI images are sourced from social media posts, personal and professional websites, news articles, online mugshots, criminal databases, public record sites and thousands of other open sources.

1.2.3 DIFFERENTIATORS & SOLE SOURCE JUSTIFICATION

Clearview AI offers a unique and unmatched facial recognition solution purpose-built for government use. No other vendor provides the same combination of functionality, data access, and system design as Clearview AI. The company's technology is distinguished by its scale, performance, and exclusive capabilities that cannot be replicated by traditional mugshot-based or closed-database recognition systems.

Unmatched Scale & Source Diversity

Clearview AI maintains the world's largest known facial recognition database—over **60 billion** publicly available facial images—sourced from the open internet, including news media, social media, public records, and other lawful open sources. This unparalleled scale allows law enforcement and public safety

agencies to search beyond arrest records or known offenders, enabling identification even when an individual has no criminal history or DMV presence.

Exclusive Capabilities

Clearview AI is the only known solution that offers:

- **Integrated Multi-Database Architecture:** Simultaneous search access across public internet imagery, agency-specific datasets, and interagency-shared galleries.
- **Source Attribution:** Links to the original online locations of each matched image, supporting transparency and investigative follow-up.
- **Unified Platform for Identity Management:** Including probe image enhancement, still image extraction from video, gallery enrollment, and robust compliance tools.
- **Advanced Oversight & Compliance Features:** Built-in auditing, reporting, and user accountability tools designed for agency policy enforcement.

Proprietary & Patented Technology

Clearview AI's search algorithm is protected under U.S. Patent No. 11,250,266 and represents a proprietary advancement in facial recognition capability. Unlike alternatives that depend on static and limited datasets, Clearview AI's model continuously improves with exposure to diverse, real-world imagery, enhancing match quality and reducing bias.

Superior Accuracy

Clearview AI's algorithm consistently achieves **over 99%[2] accuracy** across all demographic categories as measured by the National Institute of Standards and Technology (NIST) in both 1:1 and 1:N evaluations. This includes top performance in mugshot-mugshot and cross-year border photo comparisons.

Sole Source Justification

[2]This refers to performance in the categories of Demographic Effects on Visa-Border and Mugshot photos in the NIST Facial Recognition Vendor Test in the 1:1 setting, as well as performance in the Mugshot-Mugshot, Mugshot-Webcam, Visa-Border, Border-Border (≥ 10 YRS), Mugshot-Mugshot (≥ 10 YRS) categories of the 1:N Investigative setting.

Due to the combination of exclusive data access, proprietary technology, unmatched accuracy, and government-tailored features, Clearview AI is the sole provider capable of meeting the specific investigative, compliance, and operational needs outlined in this proposal. Vendors relying solely on closed databases or mugshots fundamentally lack the ability to deliver equivalent results, particularly for leads involving non-repeat offenders, unknown subjects, or victims lacking official identification records.

1.3 SECURITY & SOC2 COMPLIANCE

1.3.1 SOC2 CERTIFICATION

Clearview AI has successfully completed its System and Organization Controls 2 (SOC 2) examination certifying the company maintains effective controls over the security and processing integrity of its clients' data. The examination was conducted by BARR Advisory, P.A.
SOC 2 is an auditing procedure conducted by licensed and regulated certified public accountants that rigorously reviews data service providers to ensure the secure management and accurate processing of data. It is widely considered the highest standard of cybersecurity certification and is intended to protect company's interests and intellectual property when they engage data service providers.

The American Institute of CPAs (AICPA) outlines principles and criteria for SOC 2 examinations which include exacting standards for security, cybersecurity, availability, process integrity and confidentiality.

1.3.2 DATA STORAGE & SECURITY

We recognize that data storage and security concerns are of tremendous importance to public safety agencies. We protect data in four ways:

- Routine automated code scans pinpoint vulnerabilities or dependencies within our source code. We patch every issue upon discovery.
- Regular professional code audits and a bug bounty program with an industry-leading provider.
- Encrypt all traffic to the latest TLS specifications and protect it with Cloudflare reverse proxy technology as it is routed through Clearview AI's secure data center.
- Store data on multiple servers inside a secured data center in Northern Virginia with internal levels of access control.

Re: **Proposal for Preliminary Soil Study**
Proposed Convention Center
Canal Road
Orange Beach, Alabama

Dear Mr. Pappas:

GeoCon Engineering & Materials Testing, Inc. is pleased to submit this requested proposal to provide a preliminary soil study for the above-mentioned project. It is our understanding the proposed project is planned to include a new convention center.

Proposed Scope of Services

The purpose of our preliminary investigation will be to get a "snap-shot" of the subgrade soil and near-surface groundwater conditions and provide general comments regarding site grading and subgrade preparation. This proposal is based on three (3) soil test soundings to a depth of about 60 feet. We will also perform thirteen (13) hand auger borings to depths of about 6 feet across the subject site. The locations of the deeper borings are in the center of the three different proposed locations for the convention center. Preliminary evaluations can be used for planning and budgeting purposes. A supplemental geotechnical study will be needed in order to provide detailed recommendations regarding subgrade preparation, foundation design and pavement design. The report will be prepared and signed by a Professional Engineer registered in the state of Alabama.

Fee Estimate

Based on the proposed testing and engineering work scope, we can provide preliminary geotechnical testing and engineering services for a cost of **$8,565.00**.

INTERGOVERNMENTAL SERVICE AGREEMENT

This Intergovernmental Service Agreement ("Agreement") is entered into by and between the Baldwin County Commission (hereinafter "County") and the City of Orange Beach, Alabama (hereinafter "City"), as follows:

R E C I T A L S

Whereas, County is the duly formed governing body in and for Baldwin County, Alabama, and City is an incorporated municipality of the State of Alabama; and

Whereas, County and City are authorized under Alabama law to control, manage, supervise, regulate, repair, maintain and improve (hereinafter collectively "control") certain public roads inside their respective jurisdictions; and

Whereas, with the consent of the City Council of a municipality, the County may establish, construct, and maintain any road or street within the corporate limits of such municipality; and

Whereas, County and City acknowledge and agree that the road listed below, as identified and depicted on *Exhibit A* hereto, is situated inside the present incorporated municipal limits of City, and is a road over which City is responsible for and over which City exercises control; and

Whereas, the City has requested that the County assist the City in its efforts to maintain Navy Road (1.00 miles) which is inside Orange Beach City Limits, and the County agrees to perform routine blading, pursuant to the terms and conditions herein; and

Whereas, the City agrees to remit to the County any and all actual costs for labor and equipment incurred by County in its performance of this Agreement; and

Whereas, County and City now wish to enter into this Agreement to provide for the routine blading of Navy Road (1.00 mile) which is inside the City's jurisdiction.

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the sufficiency of which being hereby acknowledged, County and City do hereby agree as follows:

1. **Recitals:** The recitals set out above are incorporated into this Agreement, as though the same were set out in full in this paragraph.

2. **Purpose:** The parties acknowledge and agree that the purpose of this Agreement is to provide for the routine blading of Navy Road (1.00 mile) inside the corporate limits of the City.

3. **City Remains Owner of Right-of-Way:** The City, at all times, including during the effective term of this Agreement and beyond, shall retain exclusive responsibility for and control over Navy Road specifically identified and depicted on *Exhibit A* hereto. The County shall obtain no rights, responsibilities or control over Navy Road as a result of this agreement or the duties and/or obligations contained anywhere herein either during or following the effective term of this Agreement. Nothing contained herein shall be construed to require or result in the County assuming responsibility for any public streets inside the City limits.

4. **No Joint Ownership of Property:** The parties acknowledge and agree that they will not jointly acquire, own or otherwise come into joint or common possession of any property as a result of or in relation to this Agreement.

5. **Inapplicability to Roads Not Expressly Identified:** The parties acknowledge and agree that this Agreement does not address or affect, and that the parties do not intend by this Agreement to address or affect, the responsibility for or control of any road or road portion not expressly identified and depicted herein.

6. **Financing and Budgeting:** Each party shall be responsible for financing the obligations undertaken by that party hereunder, and shall not be responsible for financing, or in any other manner contributing to, the costs or expenses of the obligations undertaken by the other party unless expressly identified herein.

7. **Approval and Effective Date:** This Agreement shall become effective upon the date of full execution by both parties ("Effective Date").

8. **Term:** The term of this Agreement shall be for twenty-four (24) months from its Effective Date. This document may be amended only upon written approval by the Parties hereto, and any such amendment shall be approved by the same method by which this original Agreement has been approved by the Parties.

9. **Services to be Performed by County:**

   A. Perform routine blading of Navy Road (1.00 mile) when the County performs routine blading of other County maintained roads in the area.
   B. Remit quarterly invoices to the City for actual costs incurred.
   Note: County cannot sell bid item materials to the City.

10. **Services to be Performed by City:**

    A. Comply with all necessary local, State and Federal rules, regulations and laws applicable to the Project and this Agreement.
    B. Furnish and/or acquire all necessary property rights, including without limitation any necessary access and ownership rights, for access to the right-of-way without cost or liability to the County.

C. Adjust and/or relocate all utilities for the project without cost to the County, if applicable.
D. Promptly remit payment within 30 days of the receipt of invoice for all actual labor costs incurred by the County.
E. Provide any materials necessary for the work.

11. **Termination and Notice:** Notwithstanding the foregoing, either party may terminate this Agreement, with or without cause, upon written notice to the other party. A party's said notice shall be deemed effective, and the Agreement deemed terminated, thirty (30) days after the date such notice is mailed by certified mail to the other party. In the event of termination by either party, the City shall be responsible for all costs incurred by the County through the date of receipt of the requisite termination notice. All notices provided for herein shall be sent as follows:

To City:	City of Orange Beach 4099 Orange Beach Boulevard Orange Beach, Alabama 36561
To County:	Baldwin County Commission 312 Courthouse Square, Suite 12 Bay Minette, Alabama 36507

12. **Indemnity:** City accepts the improvement, work, property, product and services of the County as a result of the Project in its "WHERE IS", "AS IS", condition and acknowledges that the County has made no representation or warranty to City as to, and has no obligation for the condition of the improvements, work, property, product and services of the County. City assumes the risk of any latent or patent defects or problems that are or may be contained in the improvements, work, property, product and services of the County or City. City agrees that the County shall not be liable for any injury, loss or damage on account of any defects or problems. City for itself and City Representatives waive and release the County from any claims for injury to persons or damage to the personal property by reason of the condition of the improvements, work, property, product and services of the County or otherwise.

Furthermore, City shall defend, indemnify and hold County harmless from and against all demands, actions and claims of any description whatsoever, for property damage, personal injury (including death), actions in trespass and all other claimed loss, injury or damage, including, but not limited to, attorneys' fees and costs, arising out of, relating to, or resulting from, any and all acts or omissions in relation to the obligations hereunder.

All guarantees, duties, representations, assurances, without limitation, contained within this Agreement shall survive and exist beyond the date of termination or expiration of this Agreement, and time, or the lapse thereof, shall not be used for or argued as a defense for the City against the same.

Nothing contained herein shall be construed to limit or modify the laws of Alabama as the same may apply to the County or City or in any way diminish any immunity, absolute or qualified, to which the County and City are otherwise entitled by law.

13. **Entire Agreement:** This Agreement represents the entire and integrated agreement between County and City and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by the parties.

14. **Both Parties Contributed Equally to the Agreement:** This Agreement shall not be construed more strictly against one party than against the other merely by virtue of the fact that it may have been prepared by counsel for one of the parties, it being recognized that both County and City have contributed substantially and materially to the preparation of this Agreement.

15. **Failure to Strictly Enforce Performance:** The failure of either party to insist upon the strict performance of any of the terms, covenants, agreements and conditions of this Agreement shall not constitute a default or be construed as a waiver or relinquishment of the right of a party to thereafter enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

16. **Assignment:** Neither this Agreement nor any interest herein shall be assigned, transferred or otherwise encumbered without a prior written agreement providing for such assignment, transfer or other encumbrance signed by the parties.

17. **Choice of Law:** The parties acknowledge and agree that this Agreement shall in all respects be governed by the laws of the state of Alabama, including, without limitation, all issues relating to capacity, formation, interpretation and available remedies, without regard to Alabama conflict of law principles.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date of full execution below.

I, Renee Eberly, City Clerk of the City of Orange Beach, Alabama, do hereby certify that the foregoing is a true and correct copy of Resolution No. 26-xxx, which was duly and legally adopted at a regular meeting of the City Council on March 17, 2026.

RIGHT OF ENTRY PERMIT & LICENSE AGREEMENT

THIS RIGHT OF ENTRY PERMIT & LICENSE AGREEMENT (this "Agreement") is made and entered into as of March ____, 2026 (the "Effective Date") by and between **THE CITY OF ORANGE BEACH**, an Alabama municipal corporation (the "City") and **THE NATURE CONSERVANCY**, a District of Columbia non-profit corporation ("TNC"). The City and TNC are sometimes collectively referred to herein as the "Parties" and individually as a "Party."

Preliminary Statement

TNC and the City desire to carry out certain restoration work on the Orange Beach Waterfront Park, which is owned by the City of Orange Beach. The subject restoration work includes sand placement and shaping, rock breakwater installation, and vegetative plating (collectively, the "Work"). The Work is more particularly described in Permit No. SAM-2025-00613-LHL issued by the Department of the Army, as modified from time to time, and jointly issued by the State of Alabama, Department of Natural Resources, State Lands Division, and issued for construction plans prepared by Moffatt & Nichol under Project No. 10995-03 (collectively, "Permits/Plans"). TNC has obtained a federal grant from the National Oceanic and Atmospheric Administration ("NOAA") to fund the costs of the Work and the City has appointed, and hereby appoints, TNC as its agent to permit, construct (through a third-party contractor), oversee the construction and perform post-construction monitoring of the Work.

The Parties desire to enter into this Agreement to authorize TNC's performance of the Work as more particularly set forth herein.

NOW, THEREFORE, in consideration of the covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and TNC hereby agree as follows:

1. Grant of Permit & License. In consideration of TNC's obtaining the funding and implementing the Work, the City grants and confirms unto TNC: (1) the right to enter upon the property constituting the Orange Beach Waterfront Park including, without limitation, Wolf Bay and the Wind and Water Learning Center and all adjacent submerged lands owned by the City and those for which the City has been given any rights to access and use as part of performing the Work (collectively, the "Property"), (2) the right to perform the Work (including, without limitation, altering the Property as necessary to implement the Work), and (3) the right to monitor the Work and the Property post-construction as necessary or desirable, including, without limitation, as may be requested by NOAA (collectively, the "Monitoring"). Subject to the terms and conditions of this Agreement, the City grants to TNC, its contractors, subcontractors and agents, and TNC accepts from the City, a permit and license (the "License") to enter onto the Property to perform the Work, the Monitoring and any other activity or use contemplated by the Permits or reasonably inferred as part of completing the Work and the Monitoring, and to exercise the rights set forth above. Nothing herein shall be deemed to create a lease of the Property.

2. Term of License. The License will commence on the Effective Date hereof and shall terminate at 11:59 p.m. Central Time on December 30, 2036, unless sooner terminated pursuant to the terms hereof. The Parties may mutually modify, amend, extend or terminate this Agreement

through a written amendment executed by the Parties. Either Party may terminate this Agreement upon thirty (30) days written notice to the other Party, provided however, if construction of the Work has commenced but has not been completed, no termination shall occur in the absence of a material default under this Agreement (and if a material default occurs, the non-defaulting Party shall provide reasonable notice and an opportunity to cure to the defaulting Party prior to electing to terminate).

3. Permitted Use. TNC may use the Property solely for the purposes contemplated under this Agreement and may not use the Property in violation of any laws or regulations applicable to the Property. TNC assumes no authority over the Property for purposes of controlling trespass, for controlling invasive plants or animals, for identifying or removing pre-existing hazards including waste materials, for granting rights of way, or for any other incidents of ownership.

4. Alterations. Except as provided for under this Agreement, TNC shall make no alterations or additions to the Property without City's prior consent in each instance, which such consent shall not be unreasonably withheld.

5. Warranty. All Work shall be performed in accordance with the Permits, and in a good and professional manner according to industry standard practices. All warranties provided by the contractors and subcontractors engaged by TNC to perform the Work shall be transferred and assigned to the City upon completion of the Work. TNC does not warrant the Work and shall have no liability to the City for the Work.

6. Coordination & Project Contacts. The Parties shall coordinate with each other on a regular basis during the construction of the Work, and thereafter during the Monitoring as necessary and appropriate. Project coordination may be by email, phone, in person meetings, and such other venue and vehicles as the Parties may agree upon. Project coordination information shall include notice to the City when the Work will commence and regular updates on the progress thereof, in addition to providing such additional information on the construction schedule as the City shall reasonably request. Unless and until updated information is provided by written notice in accordance with paragraph 11 of this Agreement, the "Project Contact" for each of the Parties is:

City: Phillip West, Director - Coastal Resources
pwest@orangebeachal.gov
Phone (251)981-6788

7. Liability. TNC agrees to be responsible for, and to hold the City harmless from and against any and all claims, liabilities, costs and expenses (including, without limitation, attorneys' fees and litigation costs) resulting from injury to or death of persons or damage to property arising out of or resulting from the performance of the Work and use of the Property by TNC, its employees, contractors and agents under this Agreement, unless the injury, death or property damage was sustained as a result of any gross negligence, willful misconduct or malicious acts of the City, its employees, contractors and agents. This paragraph shall survive the expiration or termination of the term of the Agreement for the applicable statute of limitations period.

8. Costs of Enforcement. If the City or TNC commences an action against the other to enforce this Agreement or because of the breach by either the City or TNC of this Agreement, the prevailing party reserves the right to seek attorneys' fees and other out-of-pocket costs and expenses incurred in connection with the prosecution or defense of such action.

9. Intellectual Property, TNC Name and Logo. TNC shall own all of the monitoring data that is collected as a result of the pre- and post-restoration monitoring activities at the Property under this Agreement but shall provide copies of all such information to the City. Unless expressly authorized in a separate written agreement, the parties may not use the name, logo, or other intellectual property of the other in any manner, whether in conjunction with the Work, the License, this Agreement or otherwise.

10. No Third-Party Beneficiary Rights. The Parties do not intend to create in any other individual or entity the status of third-party beneficiary, and this Agreement shall not be construed so as to create such status. The rights, duties and obligations contained in this Agreement shall operate only between the Parties to this Agreement and shall inure solely to the benefit of the Parties to this Agreement. The provisions of this Agreement are intended only to assist the Parties in determining and performing their obligations under this Agreement. The Parties to this Agreement intend and expressly agree that only Parties signatory to this Agreement shall have any legal or equitable right to seek to enforce the Agreement, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Agreement, or to bring an action for the breach of this Agreement.

11. Notices. Any and all notices, requests or other communications relating to this Agreement, or the performance of the Parties hereto, will be deemed to have been duly given if in writing and if transmitted by (a) hand delivery, delivered immediately upon delivery as indicated in the receipt therefor, (b) nationally recognized overnight delivery service, delivered when evidenced by the tracking records of the delivery service, or (c) registered mail, return receipt requested, delivered upon receipt or refusal as evidenced by the postal service's records, in each case to the Party entitled or required to receive such notice. Such written notice will be addressed as follows:

12. Governing Law. This Agreement shall be governed by, construed, and interpreted in accordance with the laws of the State of Alabama, exclusive of its conflicts or choice of law principles. Venue for any action arising under this Agreement shall be in Baldwin County, Alabama.

13. Assignment. This Agreement is not assignable by either Party without the express written consent of the other Party.

14. Severability. Should any portion of this Agreement be judicially determined to be illegal or unenforceable, the remainder of the Agreement shall continue in full force and effect, and either Party may renegotiate the terms affected by the severance.

15. Miscellaneous. This Agreement constitutes the complete agreement of the Parties with respect to the use of the Property and may not be modified or amended except by a writing signed by the party against whom enforcement is sought. The Parties acknowledge that this Agreement was the subject of fair negotiation between the Parties, and agree that neither Party shall be considered the "drafter" of the Agreement for the purpose of construing any of its terms and conditions. This Agreement may be executed in one or more counterparts, each of which so executed and delivered shall be deemed an original, but all of which taken together shall constitute but one and the same instrument. This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.

Re: Wetland Delineation Quote
4 parcels Canal Road, City of Orange Beach
WSI Reference #2026-156

Dear Chris,

As discussed yesterday, attached is a proposed *Agreement for Professional Services* [*AGREEMENT*] to perform a field wetland assessment within four parcels totaling approximately 14 acres located on Canal Road in Baldwin County, Alabama. The Baldwin County Revenue Commission identifies the properties by Parcel Identification Numbers (PIN): 46136,6257,6262, and 18738. The following are proposed terms of the *AGREEMENT* to be provided by Wetland Sciences, Inc. (WSI) and The City of Orange Beach (CLIENT):

I. SCOPE OF WORK

Task 1 – Field Delineation of Wetland Resources

A jurisdictional determination of all wetlands regulated under Section 404 of the Clean Water Act and Section 10 of the Rivers and Harbors Act. This effort will involve members of our staff to first conduct a non-binding jurisdictional determination in which WSI staff will identify all wetland resources and provide a written narrative describing our findings. In addition, Wetland Sciences, Inc. will locate the jurisdictional lines using a Differentially Corrected Global Positioning System (DGPS), which is typically 1-3 meter accurate. This data can be overlain onto aerial photographs, imported electronically into an AutoCAD drawing of the property survey, and used to generate an AutoCAD drawing depicting the jurisdictional location within the parcel's boundaries.

II. DELIVERABLES

Wetland Sciences, Inc. will provide a map depicting the extent of wetlands within the assessment area along with a written report, and appropriate data sheets detailing our findings.

III. SCHEDULE

WSI shall begin work upon execution of this AGREEMENT. Field work is expected to take 10-14 days to complete. Inclement weather, access to the site, and other factors may affect the Schedule. WSI will attempt to communicate with CLIENT for expected completion of deliverables.

FEES AND EXPENSES (not to exceed)

Task 1 Field Delineation of Wetland Resources.....$2750.00

IV. PAYMENT AND SERVICES
