INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Orange Beach, Alabama

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Orange Beach, Alabama, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City of Orange Beach, Alabama's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Orange Beach, Alabama, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Orange Beach, Alabama and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Orange Beach, Alabama's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Orange Beach, Alabama's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Orange Beach, Alabama's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of employer contributions, and schedule of changes in the net pension liability on 3 through 10 and 47 through 51 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Orange Beach, Alabama's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 17, 2024, on our consideration of the City of Orange Beach, Alabama's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Orange Beach, Alabama's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Orange Beach, Alabama's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Management's Discussion and Analysis

Overview of the Financial Statements

The City's basic financial statements are comprised of three components:

- 1) Government-wide Financial Statements
- 2) Fund Financial Statements
- 3) Notes to the Financial Statements

This Financial Report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The Government-wide financial statements provide a broad overview of the City of Orange Beach's finances. The presentation is in a manner similar to a private sector business.

The Statement of Net Position provides information on all the City's assets and liabilities. The difference between the two is reported as net position. Over time, changes (increases or decreases) in net position may provide a useful indicator of the City's overall financial condition.

The Statement of Activities provides information on how the City's net position changed during the fiscal year.

Fund Financial Statements

A fund is a group of related accounts used to maintain control over resources that have been segregated for specific objectives or activities. The City of Orange Beach, Alabama uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund Financial Statements report the City's operations in more detail than the Government-wide Financial Statements. All of the funds of the City are governmental or proprietary.

Governmental Funds

Governmental funds provide information which may be useful in evaluating and determining a government's near-term financing requirements. The financial statements focus on near-term inflows and outflows of spendable resources. Readers of the financial statements may better understand the long-term impact of the government's near-term financial decisions.

Proprietary Funds

The City of Orange Beach maintains five enterprise funds: Refuse Fund, Sewer Fund, Event Center Fund, Arts Center Fund, and the Baldwin County Bridge Company Fund. Enterprise funds report the same functions presented in business-type activities in the Government-wide financial statements.

Discretely Presented Component Units

The Orange Beach Board of Education is a discretely presented component unit of the primary government of the City of Orange Beach, Alabama.

Notes to the Basic Financial Statements

The notes provide additional information and are essential to the full understanding of the data in the Government-wide and Fund Financial Statements.

Government-wide Financial Analysis

As previously noted, over time net position may serve as a useful indicator of a government's financial condition. At the close of Fiscal Year 2022 on December 31, 2022, the City of Orange Beach's assets exceeded its liabilities by \$158,254,198 whereas at the close of Fiscal Year 2021 on December 31, 2021, the City of Orange Beach's assets exceeded its liabilities by \$186,955,635. The largest portion of the City's net position reflects its investment in capital assets (property, plant, and equipment), less debt outstanding that was used for acquisition. These assets are used to provide services to the citizens and are not available for future spending. Since the capital assets cannot be used to liquidate the outstanding debt, resources needed to repay the debt must be provided from other sources.

Overall Analysis

Table 1 below presents the City's Condensed Statement of Net Position as of December 31, 2022 and December 31, 2021 and is derived from the Government-wide Statement of Net Position. Table 2 below presents the City's Condensed Statement of Activities as of December 31, 2022 and December 31, 2021 and is derived from the Statement of Activities.

Financial Analysis of the Government's Funds

The City of Orange Beach uses fund accounting to ensure and demonstrate compliance with finance related requirements. Funds that experienced significant changes in Fund Balance during the year are as follows:

Governmental Funds

At the close of the current year, the City's Governmental Funds showed a combined ending fund balance of \$130,399,661 as compared to \$112,280,597 at the end of the previous fiscal year with \$86,657,681 unassigned compared to \$71,146,310 reported as unassigned fund balance in the prior year. The remaining reserved amount of \$43,741,980 for fiscal year end 2022 is \$280,465 nonspendable, \$40,488,943 restricted, \$2,670,014 committed, and \$302,558 assigned as compared to the fiscal year ended 2021 reserved amount of \$41,134,287, \$232,508 nonspendable, \$37,936,121 restricted, \$2,660,828 committed, and \$304,830 assigned.

Proprietary Funds

As of the close of the current fiscal year the City's Proprietary Funds reported total net position of \$13,397,159 compared to \$15,083,370 at the end of fiscal year 2021.

Budget Variances in the General Fund

The City Council did not revise the original adopted General Fund budget. The actual expenditures of the General Fund were \$22,759,999 over the budgeted amounts. This mainly resulted from unforeseen expenses related to appropriations to the Orange Beach Board of Education. Actual revenues were \$14,775,574 over the budgeted amounts. Local taxes exceeded budget by \$17,886,809 as the Council continued to budget conservatively, yet tourist numbers continued to exceed expectations. Refer to the budgetary comparison schedule for the General Fund in the other RSI section of the Financial Report.

Capital Asset Activity

At December 31, 2022, the City of Orange Beach reported net capital assets of \$125,742,746 and \$23,830,664 from Governmental Activities and Business-Type Activities, respectively. At December 31, 2021, the City of Orange Beach reported net capital assets of \$115,021,119 and \$24,800,444 from Governmental Activities and Business-Type Activities, respectively.

GASB No. 34 requires the City to report and depreciate new infrastructure assets effective with the beginning of the fiscal year ending September 30, 2003. Infrastructure assets include roads, bridges, underground pipes (other than utilities), traffic signals, etc. The City's capitalization threshold for infrastructure is \$500,000. The City of Orange Beach does not have infrastructure that exceeds the capitalization threshold.

Refer to **Note 10** to the financial statements for additional information on capital assets.

Long-Term Debt Activity

At December 31, 2021, the City of Orange Beach reported long-term debt of \$55,749,020 and \$17,277,430 from Governmental Activities and Business-Type Activities, respectively.

Refer to **Note 5** to the financial statements for additional information on long-term debt activity.

Future Events Impacting the City's Financial Condition

The City of Orange Beach faces several factors that will impact the City's financial and fiscal condition next year and beyond:

- 1) The City has a 30-year option to purchase the Foley Beach Express Bridge. The City made annual \$1.2 million payments to the bridge company from 2003-2013. The 2013 payment ended the 10-year outlay. In exchange, the City receives a per car royalty for 30 years. If the City does not exercise the option to purchase in year 30, the per car royalty payment extends for a second 30-year period. In 2022, negotiations broke down between the Alabama Department of Transportation (ALDOT) and the owners of the Foley Beach Express Bridge, aka the Baldwin County Bridge Company, owned by DIF Capital Partners. Several years of planning by ALDOT to construct a new bridge just west of the Foley Beach Express Toll Bridge came to fruition with the letting of the project in late 2022. The Baldwin County Bridge Company filed suit shortly thereafter and construction was halted in mid-2023, pending the outcome of the lawsuit. The City of Orange Beach is working to maintain its financial position via the existing contract and protection of the value of the contract and future revenues, working to secure controlled tolls for residents of local municipalities and within Baldwin County to assist with local movement and workforce attraction, and guaranteeing improved flow and volume capacity on an expanded toll bridge and toll facility.
- 2) In 2004, the City entered into a 15-year agreement with AIG Baker for the development of "The Wharf," a mixed-use commercial development on Canal Road. The City has committed one-half of the sales and lodging taxes collected from the project for public improvements associated with the project. The tax reimbursement portion of the agreement began in 2011; however, the City renegotiated a \$1 million escrow account to build up before any tax payments are shared. Along with this renegotiation the City acquired a one-acre tract of land on a prime corner lot. In 2012, The Wharf came into new ownership and aggressively attracted new investment. A Springhill Suites by Marriott opened in 2016 with 132 rooms along with a restaurant adjacent to the city-owned Orange Beach Event Center. In 2019, the City swapped land with the Wharf obtaining land next to the Art Center and the Public Library for a corner piece of land at the Wharf. The City also extended original term of the Wharf Warrant for 10 years to December 31, 2035.
- 3) In 2005, the City purchased 80 acres of land north of the Intracoastal Waterway on the Beach Express for the development of the Orange Beach Commerce Park. The City sold 20 acres to Baldwin Electric Membership Cooperative, 20.42 acres to Columbia Southern University, and an approximate 3 acres to VDL Holdings, LLC. Approximately 17 acres consists of undevelopable wetlands. The City has listed the remaining 19+ acres for sale or lease.
- 4) In May 2009, the Governor of Alabama signed legislation that allowed the construction of the Gulf State Park's Hotel and Conference Center in Gulf Shores. Construction of the 350-room "The Lodge at Gulf State Park, a Hilton Hotel," began in spring of 2016 and opened in fall of 2018. This addition to the Gulf State Park has generated revenue for the entire Alabama State Park System and resulted in a positive economic impact across the Alabama Gulf Coast including Orange Beach. Gulf State Park has also made significant improvements over its 6,150 acres, including the expansion of its trails system to more than 30 miles and the addition of two pedestrian overpasses crossing the busy beach highway; upgrades to its fishing pier, beach pavilion and campground; the opening of the new Interpretive Center, which was certified as a Living Building of which there are less than 20 in the world; the cottages on Lake Shelby, which were part of the now-retired National Geographic's Unique Lodges of the World program; and a new learning campus, which opened in the summer of 2019. Construction on the Gulf Coast Center for Ecotourism & Sustainability began in 2022 and is expected to open in the fall of 2024.
- 5) The City continues to explore the feasibility of the Wolf Bay Bridge Project. In 2011, the City paid off a loan for \$3.45 million and now holds title to several acres of property, which will eventually serve as the southern landing for a future bridge at the intersection of State Highways 161 and 180. In 2018, the City Council authorized task orders to begin the design and permitting process for the new span over Wolf Bay, which continued in 2019. The future bridge will aid in evacuations during tropical events, the improvement of public safety and introduce positive economic development opportunities for long-term financial stability beyond the City's vulnerable coastline opening up thousands of undeveloped acres for new economic impact. As of year-end 2022, the city's consultant was still awaiting the U.S. Army Corps of Engineers permit for the Wolf Bay Bridge project. At present, the city has no immediate plans to construct the bridge but the permits will be good for up to 10 years.
- 6) In 2017, the City Council approved a 2% lodging tax increase, effective May 1, 2018, with revenue specifically funding infrastructure projects, including the completion of the widening of Canal Road to five lanes, which has provided a significant improvement with traffic flow on and off the island.

- 7) In March 2022, the Orange Beach City Council made the bold leap to begin the process of forming the city's own school system, breaking away from the Baldwin County School System. Thanks to the drive and determination of city officials and the community, the State of Alabama's newest independent city school system was established on July 1, 2022. Going from one of many cities in a 32,000-student county system to a locally operated city system with about 1,100 students, the opportunity to create excellence became a reality. With a local school board appointed by the city, the control, mission, vision and daily operation now best fits the personality of the community. Residents will receive top quality education and extracurricular activities for minimum tax investment due to a strong tourism economy driving much of the funding via lodging and sales tax. The split from the county system came on the heels of the completion of the \$26 million Orange Beach Middle/High School, which opened in August 2020 and is housed on 40 acres of prime real estate the City donated. The City also committed to fund a Performing Arts Center, which opened in the fall of 2021 with 710 seats holding numerous performances and meetings. The facility now serves as a hallmark venue for performing arts on the Gulf Coast. As part of the formation of the city system, the city had to purchase all school buildings in the city from the county system. As anticipated, the opening of the City's first-ever middle/high school and then the formation of a City School System resulted in an influx of new families and a rise in property values.
- 8) In April 2022, the City Council approved a 3% lodging tax increase with 2% effective on May 1, 2023 and 1% effective on Sept. 1, 2023. The increase is expected to bring in \$12 million in additional annual revenue. Part of the revenue will go toward funding the new Orange Beach City School System and the remainder is designated for capital improvements in the city.
- 9) The City maintains a permanent reserve fund for the general fund and the sewer utility fund. The City continues to add to the balance annually with a goal of maintaining close to one year general fund operations. The reserve fund was utilized and depleted down related to expenses of Hurricane Sally cleanup and operations. With FEMA reimbursement the funds are being replenished as such reimbursement is received. The city continues to work to get maximum reimbursement of approved cleanup costs.
- 10) In May 2021, the South Baldwin Regional Medical Center freestanding emergency department opened in Gulf Shores on Hwy. 59. The \$15 million freestanding ER is located on 11 acres owned by the City of Gulf Shores. The City of Orange Beach worked in partnership with the City of Gulf Shores on this regional freestanding ER along with goals of regional healthcare improvements through the Gulf Coast Healthcare Authority, as well as locally through the Orange Beach Healthcare Authority. In its first years of operation the 14,000-square-foot emergency medical facility provided substantial relief to the SBRMC emergency room in Foley and saw strong usage in its 7 day per week operation with patients and cases.
- 11) In 2022, the City Council moved ahead with a plan to upgrade and lease the City of Orange Beach Medical Arts Building to Southern Rapid Care to further improve medical services in the city.
- 12) The Council continues to be conservative in its budgeting, spending, and debt management. These conservative philosophies resulted in Moody's upgrading the bond rating for the City of Orange Beach to Aa1 in Spring of 2018. In September of 2020, S&P Global Ratings reaffirmed the City of Orange Beach's AA+ bond rating, which remains.
- 13) In February 2021, a 2021 warrant issue of \$50 million was approved by the City Council to go toward capital projects throughout the City. In March of 2022, the City approved an additional \$50 million warrant for expenses related to the new school system. A 2022 warrant of \$25 million was approved to be used on an as-needed basis for capital projects in the City. The City has the ability to borrow upwards of \$300 million and still be in excellent standing.
- 14) On April 20, 2010, the BP/Deepwater Horizon oil derrick explosion occurred in the Gulf of Mexico. The well continued to uncontrollably leak oil for approximately 90 days. National media coverage of the unprecedented man-made disaster and its potential to harm the Gulf Coast environment, negatively impacted tourism for the summer of 2010. A final settlement for lost revenues was reached with BP in 2016, resulting in a net payment to the City of \$10 million. In June of 2012, the U.S. Congress passed the RESTORE Act that directs fines and penalties directly attributed to the quantity of oil spilled into the Gulf of Mexico. The RESTORE Act specifically directs 80% of these fines to go to the five Gulf States. Alabama and its two coastal counties were estimated to receive, at minimum, \$1 billion to be reinvested in environmental and economic restoration projects such as infrastructure. In 2016, the Alabama Legislature under the guidance of then Governor Robert Bentley "reallocated" the majority of restoration funds to statewide general fund shortfalls instead of investing as planned in future infrastructure in Mobile and Baldwin Counties. Orange Beach is currently included in remaining funds allocated to Baldwin County highway projects that will increase traffic capacity in the city.

Projects funded by BP-related penalties include upgrading the City's northern sewer main, widening and improving capacity on Canal Road East, filtration and water quality improvements to various canals and channels near Cotton Bayou, the construction of a Gulf Coast Engineering Research Station (in partnership with Auburn University), expansion of the Orange Beach Wildlife Rehabilitation Center and essential repairs to the Alabama Point seawall. The funding for the majority of the City's RESTORE projects has been approved and allocated at the time of each grant initiation.

- 15) A 2005 warrant issue used for the last comprehensive beach renourishment project, and a 2007A issue used to establish the City's permanent reserve fund were scheduled to be paid off in 2016; however, the council structured the new issues to pay off in 2020 and to pay interest only until 2015. During 2005, an additional 1 cent sales tax was instituted to essentially provide for the 2005 issue's debt service payments. It was also to pay for needed drainage projects and to provide for reserve funds. The 1 cent tax was scheduled to end in 2015; however, the Council extended the 1 cent sales tax for 10 years until March 31, 2025.
- 16) Wharf built and opened a 28,000-square-foot conference center in 2008. In April 2011, the City purchased the Wharf Conference Center for \$1.6 million, gaining immediate equity in the asset. Renamed the Orange Beach Event Center at The Wharf, the City is aggressively recruiting trade shows, conferences, meetings, concerts and more to bring attendees to town to fill room nights in the City. Since its opening in 2016, the 132-room Marriott Springhill Suites hotel on The Wharf site has increased usage at the Event Center, which is adjacent to the hotel. Rentals continue to be strong in the facility.
- 17) In April 2012, the Baldwin County Commission purchased approximately 2,400 acres, known as the South Alabama Mega Site, close to Interstate 65 to market to potential industrial prospects. In 2022, Novelis Inc., an Atlanta-based aluminum producer, announced plans for a \$2.5 billion aluminum recycling and rolling plant on the Mega Site in Bay Minette. The factory will be able to produce 600 kilotons of aluminum per year. More than half is destined for beverage cans, and most of the rest for the automotive market. The Novelis plant "will be the first fully integrated aluminum mill built in the U.S. in 40 years," the company said. This project is an economic boon for Baldwin County as a whole, including Orange Beach. Novelis expects to be operational by mid-2025.
- 18) The Alabama Gulf Coast Reef and Restoration Foundation successfully sank a 271-foot retired coastal freighter "The LuLu" 17 nautical miles off the coast of Orange Beach in May 2013 and additional underwater structures and near-shore reefs have been created for scuba-diving enthusiasts since that time. In June 2018, a 250-foot vessel named "The New Venture" was sunk about 20 nautical miles south of Orange Beach. These underwater attractions are a boon for the Alabama Gulf Coast tourism industry and tap into the lucrative scuba-diving destination market. Understanding the potential, the City helped sponsor a community-driven project that added structures to a near-shore reef and continues to support the creation of new reefs in Alabama waters. The "Southern Heritage" a 50-foot shrimp boat was sunk in May 2020 as an Eagle Scout project led by Garrett Ard with the city funding \$10,000 of the total \$25,000 project costs continuing in reef development and investment.
- 19) The City recently saw the opening of several properties including Phoenix Orange Beach and Phoenix Orange Beach 2, which added near 300 units. Phoenix Gulf Towers I and II will be Orange Beach's newest resort development with the first tower opening in 2023. Each tower offers 112 units. Overall, commercial and residential construction permits continue to rise substantially. Assessed property value in the City of Orange Beach now exceeds \$1.4 billion leading the Baldwin County Tax Assessor data.
- 20) Diversification of the tourism market continues as more sporting events such as youth baseball/softball tournaments, marathons, soccer and volleyball come to the area. These athletic-oriented events documented over 133,000 room nights on the entire Gulf Coast in 2022 with an estimated economic impact of \$93 million. These events are building on off-season months in attracting visitors. The City continues to invest in its sports facilities to attract and retain events, such as upgraded baseball/softball fields for USSSA tournaments, new sand volleyball courts, and vastly upgraded baseball and softball fields for Orange Beach High School to seat hundreds of spectators each. The City also hosts the NAIA Women's National Soccer Championship in December annually providing a strong off-season economic impact.
- 21) The City of Foley issued a \$25 million bond to construct 16 soccer fields along with a 90,000-square-foot indoor competition facility, which opened in late 2017 and is anchored by a hotel and a major entertainment/amusement park complex located on the Beach Express known as OWA. This entire complex is attracting visitors year round and hosting new sporting events that cannot currently be held in south Baldwin County due to the lack of flat fields such as lacrosse, 7-on-7 football and large soccer tournaments, etc. This activity is expected to continue to generate new room nights for visitors who will choose to stay in Orange Beach just 9 miles south.

- 22) The Poarch Band of Creek Indians has constructed the OWA development and started with an initial investment of \$260 million. OWA, stands for “Big Water” in the Creek Indians language. It is located along the Foley Beach Express at County Road 20. While the Alabama Gulf Coast already hosts 8 million visitors each year, OWA is expected to bring in an additional 1 million visitors annually once the project is built out. Phase 1 of OWA, includes a 150-room hotel, retail and dining spaces, amusement park and lake, which opened in late summer 2017 and is now called Tropical Falls. In 2019, Phase II began as a \$100 million investment of an indoor waterpark and outdoor wave pool, which opened in late 2022, a 200-room hotel, a condominium complex, and a resort level RV park, which is under construction. When complete, total investment in the development is projected to top \$500 million. The 520-acre OWA development is adjacent to the City of Foley’s \$40 million sports tourism complex. Overall, the OWA development is expected to generate close to 3,500 jobs.
- 23) The City continues to make key property acquisitions related to future expansion of city services and public safety improvements. Acquiring necessary parcels of land with buildable, dry acreage is key in securing such land for future public facilities and growth.
- 24) Impactful economic event – Pandemic: On March 19, 2020 Alabama Governor Kay Ivey closed all public and private beaches in the State of Alabama due to the coronavirus pandemic concerns. This closure continued through the month of April basically stopping tourism for the one and a half months. The local economy rebounded once beaches reopened with restrictions and mandates in place such as social distancing and Orange Beach saw a banner summer season.
- 25) Impactful economic event – Hurricane Sally: On September 16, 2020, Hurricane Sally made a direct impact on Orange Beach, Alabama at almost Category 3 strength. The storm grew in intensity in its final hours of approach which had caused no mandatory evacuation. Moving at only 1mph, Sally deposited 30 inches of rainfall along with sustained winds near 110mph for hours. The damage and devastation was broad with severe impacts on marine-related structures such as docks and marinas, vessels and the charter fishing and tour boat industry based in Orange Beach. Flooding was severe throughout the city. The city set very aggressive goals of cleanup and restoration which by end of the calendar year 2020 was met and by spring break of the following tourist season around 90% operation was back in force.
- 26) Recent Quality of Life investments:
- a. Opening of the Coastal Arts Center of Orange Beach - \$2.5 million includes a 10,000-square-foot, two-story art gallery, children’s studio, Hot Shop, Clay Studio and campus improvements that upgraded parking and driveways.
 - b. Orange Beach Seawall Park at Alabama Point – Over \$500,000 invested to reopen a popular fishing spot for residents and visitors located on state property adjacent to Perdido Pass bridge.
 - c. Sidewalk investments – Over \$1 million invested in recent years to improve neighborhood connectivity, recreational opportunities and connection through Gulf State Park to the City of Gulf Shores. Funds used in matching of trail and sidewalk grants where available.
 - d. The City of Orange Beach purchased near 4 acres of beachfront property with approximately 400 linear feet along the Gulf of Mexico with usage of 800 linear feet total by the adjacent development of CoastAL restaurant for a public citizen beach. The City investment of \$13 million provides the first-ever, city-owned citizen beach access with parking in the city’s history. The first phase of the restaurant, as well as city beach parking, opened in December 2022.

NOTES TO THE FINANCIAL STATEMENTS

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. GENERAL STATEMENT

The City of Orange Beach, Alabama, (the "City"), was incorporated on August 1, 1984, under the applicable laws of the State of Alabama. The City operates under a Mayor-Council form of government and provides the following services to its citizens: Police, Fire and Paramedic services, Street maintenance, Culture-Recreation, Public Improvements, Planning and Zoning, Building Inspection and other general administrative services.

The accounting and reporting policies of the City relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally Accepted Accounting Principles (GAAP) for local governments includes those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board (when applicable). As allowed in Section P80 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, the City has elected not to apply Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedure issued after November 30, 1989. The more significant accounting policies of the City are described below.

B. FINANCIAL REPORTING ENTITY

The City's basic financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the City
- there is fiscal dependency by the organization on the City

Based on these criteria, this report includes financial statements of the funds required to account for those financial activities for which the City has the ability to influence and control through its legislative processes.

Component Units

The Orange Beach Board of Education is a separate legal entity that is included as a component unit in the financial reporting entity. It is included as a result of being financially accountable and fiscally dependent. The entity does not provide services entirely or almost entirely to the City, nor does it exclusively benefit the City, therefore they do not meet the criterion for blending, and must be discretely presented in the basic financial statements of the primary government. The Orange Beach Board of Education does not have substantially the same governing body as the City. The component unit has elected to report on a September 30th year end, whereas the City reports on a December 31st year end. Generally accepted accounting principles allow the presentation of these component units as part of the reporting entity if the component unit's year end falls within the year end of the primary government. Significant interfund transfers and borrowing between the City and the component units that occur from October 1 to December 31 each year will be disclosed in a note, if applicable. Separately issued audited financial statements of the Orange Beach Board of Education can be obtained from the Board.

Excluded from the financial statements of the City are the following boards or agencies for which a lack of influence, dependency and control exist: The Business and Industrial Development Board of the City of Orange Beach, Alabama, the Orange Beach Water, Sewer and Fire Protection Authority and the Orange Beach Volunteer Fire Department. These boards and agencies are governed by their own Boards of Directors, prepare and adopt an annual operating budget which is not influenced by the City, have the authority to issue debt which is not an obligation of the City and are not secured by City revenues, have responsibility for any operating deficits which they may incur and must fund any deficits through prior years' surplus or other financing sources.

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. BASIS OF PRESENTATION

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the City. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

FUND FINANCIAL STATEMENTS:

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The City has presented the following major governmental funds:

General Fund -

The General Fund is the main operating fund of the City. It is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

Proprietary Funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position and cash flow. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included on the Statement of Net Position. The City has presented the following major proprietary funds:

Sewer Utility System -

Sewer Utility System Fund is used to account for the provision of sewer services to the residents of the City. Activities of the fund include administration, operations and maintenance of the sewer system and billing and collection activities. The fund also accounts for the accumulation of resources for, and the payment of, long-term debt principal and interest for sewer debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary to ensure integrity of the fund.

Refuse Collection -

Refuse Collection Fund is used to account for operations of solid waste collection and disposal services. All costs are financed through charges to refuse customers.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. BASIS OF PRESENTATION (continued)

FUND FINANCIAL STATEMENTS (continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The following discretely presented component unit is presented as a major fund:

Orange Beach Board of Education -

This fund accounts for all operating revenues and expenditures of the Orange Beach Board School System. This governmental fund does not provide services entirely to the primary government, nor does it primarily benefit the primary government. The governing board is not the same as the City.

Additionally, the City's non-major funds are:

Governmental Funds:

Special Revenue Funds -

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Library Fund -

The Library fund is used to record the daily operating functions of the library. The library fund is a component unit of the city presented with the other governmental funds since its revenue primarily consists of appropriations from the city's general fund.

Debt Service Fund -

The Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal, interest and related costs on general long-term debt paid primarily from taxes levied by the City. The fund balance of the Debt Service Fund is reserved to signify the amounts that are restricted exclusively for debt service expenditures.

Proprietary Funds:

Events Center Fund -

Events Center Fund is used to account for the operations of the events center operation. All costs are financed through charges to customers.

Arts Center Fund -

Arts Center Fund is used to account for the operations of the coastal arts center. All costs are financed through charges to customers.

Baldwin County Bridge Company (BCBC) Fund -

BCBC Fund is used to account for the transactions between the City and American Roads as described in Note 12.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, liabilities (whether current or non-current), deferred inflows of resources, and deferred outflows of resources are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned, including unbilled sewer services which are accrued. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

The revenues susceptible to accrual are property taxes, franchise fees, charges for services, interest income and intergovernmental revenues. Taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. All other governmental fund revenues are recognized when received.

E. BUDGETARY CONTROL

As set forth in the City Charter, the City of Orange Beach, Alabama, adopts an annual budget for the General Fund, Special Revenue Fund, Refuse Fund (an Enterprise Fund), and the Sewer System Utility Fund (an Enterprise Fund). The annual budget for the funds is prepared on the cash and expenditure/encumbrances basis. Revenues and expenditures are budgeted in the year receipt and payment is expected. The Debt Service Fund budget is prepared to provide funding for general obligation debt service when liabilities are due for payment. The budget to actual comparison in the general purpose financial statements is presented on this basis. The City may transfer budgeted amounts between line items with the approval of the City Council. The City Council can amend the budget during the year as needed to reflect any changes in its programs or services arising during the budget period. The Enterprise funds do not require a budget comparison. All annual appropriations lapse at year-end except for on- going projects which are budgeted for the following fiscal year.

The City follows these procedures in establishing the budgetary data presented in the financial statements:

1. During the months of October and November, the Mayor and City Administrator meet with the Department heads to discuss a proposed budget for that department for the coming year commencing January 1st.
2. The Mayor then drafts a budget for all funds, which include proposed expenditures and the proposed means for financing them.
3. On or about December 1st, the Mayor presents to the Council the proposed budget. Prior to January 1st, the budget is legally enacted through passage of a resolution.
4. The City Council may amend the budget through resolutions as needed, provided adequate funds are available at the time of amendment. The City reviews its budget at mid-year and at other times as needs and circumstances dictate.

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. BUDGETARY CONTROL (continued)

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General Fund presents a comparison of budgetary data to actual results. The General Fund utilizes the same basis of accounting for both budgetary purposes and actual results.

F. CASH AND INVESTMENTS

For the purpose of the Statement of Net Position, "cash and cash equivalents" includes all demand deposits, savings accounts, and short-term investments with original or remaining maturities of three months or less when purchased. For purposes of the proprietary fund statement of cash flows, "cash and cash equivalents" include all demand and savings accounts, and short-term investments with an original maturity of three months or less.

The City has \$48,509,584 invested in the JP Morgan 100% U.S. Treasury Securities Money Market Fund #677 as of December 31, 2022. The fund invests solely in debt securities of the U.S. Treasury, including Treasury bills, bonds and notes. These investments carry different interest rates, maturities and issue dates.

G. RECEIVABLES

In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Major receivables balances for the governmental activities include property taxes, local taxes and franchise taxes. Major proprietary receivables include amounts due on the Baldwin County Bridge agreement and sewer fees.

In the fund financial statements, material receivables in governmental funds include revenue accruals such as franchise tax, grants and other similar intergovernmental revenue that are usually both measurable and available. Nonexchange transactions collectible but not available are not deferred in the fund financial statements in accordance with modified accrual but are deferred in the government-wide statements in accordance with accrual basis. The interest earned is recorded when earned, only if paid within 60 days since they would be considered both measurable and available.

H. PREPAID ITEMS

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and the reserve for prepaid items has been recorded to signify that a portion of fund balance is not available for other subsequent expenditures.

I. INVENTORY

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory consists of gasoline and diesel fuel and merchandise held in the general fund.

J. INTERFUND RECEIVABLES AND PAYABLES

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

K. TRANSACTIONS BETWEEN FUNDS

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

L. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. CAPITAL ASSETS

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized.

GASB No 34 requires the City to report and depreciate new infrastructure assets effective with the beginning of the fiscal year ending September 30, 2003. Infrastructure assets include roads, bridges, underground pipes (other than utilities), traffic signals, etc. The City's capitalization threshold for infrastructure is \$500,000. During 2007, the City assessed the condition of the roads, sidewalk, and other infrastructure. The City of Orange Beach, Alabama does not have infrastructure that exceeds the capitalization threshold.

Assets capitalized, not including infrastructure assets, have varying capitalization thresholds depending on the asset type. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives and capitalization thresholds are as follows:

	Useful Life	Capitalization Threshold Before 2/5/19	Capitalization Threshold After 2/5/19
Buildings	35-50 years	\$ 100,000	\$ 100,000
Building improvements	20-30 years	100,000	100,000
Machinery, vehicles and equipment	5-15 years	7,500	15,000
Furniture and fixtures	3-15 years	7,500	15,000

Sewer Utility System Fund

During 2007, The City began constructing a new wastewater treatment plant. The new plant was completed and put on-line on April 8, 2011. The final cost of the project was \$28,071,590. The costs of the various items of land, buildings, plant, collection system and other equipment and vehicles were allocated based on actual costs of the various components of the system. Additions to the system during the year are recorded at cost or, if contributed property, at the estimated fair value at the time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of property and equipment is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to operations.

Refuse Collection Fund, Arts Center Fund, Events Center Fund

Additions to the fund during the year are recorded at cost or, if contributed property, at the estimated fair value at the time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of property and equipment is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to operations.

N. ACCUMULATED COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate earned but unused vacation which will be paid to City workers when they terminate employment or will be used in future years by the employees. In governmental funds and enterprise funds, the cost of this leave time is recognized based on the Administration's estimate of the total value which will be taken in the coming fiscal period and is recorded as a liability in the General Fund.

P. NATURE AND PURPOSE OF RESERVATIONS AND DESIGNATIONS OF FUND BALANCE

Government Wide Level Financial Statements

Equity is classified as net position and displayed in three components:

- Invested in capital assets, net of related debt consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net position consists of all other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Level Financial Statements

In accordance with Government Accounts Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Bureau classifies governmental fund balance as follows:

- a) Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- b) Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- c) Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority and does not lapse at year-end.
- d) Assigned - includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The policy established by the City pursuant to which the authorization to assign fund balance to a specific purpose is given for the Finance Committee to approve, followed by Council action to accept and the Mayor's signature to authorize.
- e) Unassigned - includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The City commits fund balance through council action, the government highest level of decision-making authority. Formal Council action in a form of a resolution is required to establish, modify, or rescind a fund balance commitment is needed.

The City does not have an established policy regarding use of unrestricted fund balance when both restricted and unrestricted fund balance are available. However, the City does consider committed amount would be reduced first, followed by any assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the City's unrestricted fund balance classifications are used.

NOTE 3 – CREDIT RISK

The City's deposits at year end were held by facial institutions that participate in the State of Alabama's Security of Alabama Funds Enhancement (SAFE) Program. The SAFE program was established by the Alabama legislature and is governed by the provisions contained in the Code of Alabama 1975, Sections 41-14A-1 through 41-14A-14. Under the SAFE Program all public funds are protected through the collateral pool administered by the Alabama State Treasurer's Office under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Depository Insurance Corporation (FDIC). If the securities pledged failed to produce adequate funds, every institution participating in the pool would share the liability for the remaining balance.

At December 31, 2022 the carrying amount of the City's deposits, including Certificates of Deposit, was \$128,045,656 and the bank balance was \$130,967,502. These deposits are held in accounts insured by the Federal Deposit Insurance Corporation, FDIC. Amounts in excess of FDIC coverage are further secured by a pledge of securities from various institutions to the Alabama State Treasurer Office in accordance with the Security for Alabama Funds Enhancement, SAFE, Act.

NOTE 4 – RETIREMENT PLAN

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Employees' Retirement System of Alabama (the Plan or ERS) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with the requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Annual Comprehensive Financial Report.

B. GENERAL INFORMATION ABOUT THE PENSION PLAN

Plan description. The ERS, an agent multiple-employer public employee retirement plan, was established as of October 1, 1945, pursuant to the *Code of Alabama 1975, Title 36, Chapter 27* (Act 515 of the Legislature of 1945). The purpose of the ERS is to provide retirement allowances and other specified benefits for state employees, State Police, and, on an elective basis, to all cities, counties, towns, and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control which consists of 15 trustees. Act 390 of the Legislature of 2021 created two additional representatives to the ERS Board of Control Effective October 1, 2021. The Plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975, Title 36, Chapter 27* grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at www.rsa-al.gov.

NOTE 4 – RETIREMENT PLAN (continued)

B. GENERAL INFORMATION ABOUT THE PENSION PLAN (continued)

The ERS Board of Control consists of 15 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio.
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.
- 6) Eight members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
 - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a city, county, or a public agency each of whom is an active beneficiary of ERS.
 - b. Two vested active state employees.
 - c. One vested active employee of a participating municipality or city in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
 - d. One vested active employee of a participating county in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
 - e. One vested active employee or retiree of a participating employer in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.
 - f. One vested active employee of a participating employer other than a municipality, city or county in ERS pursuant to the *Code of Alabama 1975, Section 36-27-6*.

Benefits provided. State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years or more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a formula method. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service up to 80% of their average final compensation. State Police are allowed 2.375% for each year of State Police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending September 30 are paid to the beneficiary.

Act 132 of the Legislature of 2019 allowed employers who participate in the ERS pursuant to *Code of Alabama 1975, Section 36-27-6* to provide Tier 1 retirement benefits to their Tier 2 members. Tier 2 members of employers adopting Act 2019-132 will contribute 7.5% of earnable compensation for regular employees and 8.5% for firefighters and law enforcement officers. A total of 608 employers adopted Act 2019-132 as of September 30, 2022.

Act 316 of the Legislature of 2019 allows employees at the time of retirement to receive a partial lump sum (PLOP) distribution as a single payment not to exceed the sum of 24 months of the maximum monthly retirement allowance the member could receive. This option may be selected in addition to the election of another retirement allowance option at a reduced amount based upon the amount of partial lump sum distribution selected.

NOTE 4 – RETIREMENT PLAN (continued)

B. GENERAL INFORMATION ABOUT THE PENSION PLAN (continued)

The ERS serves approximately 886 local participating employers. The ERS membership includes approximately 108,890 participants. As of September 30, 2022, the City's membership consisted of:

Retired members or their beneficiaries currently receiving benefits	75
Vested inactive members	11
Non-vested inactive members	78
Active members	430
Post-DROP retired members still in active service	-
Total	<u>594</u>

Contributions: Covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.50% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation.

Employers participating in the ERS pursuant to *Code of Alabama 1975, Section 36-27-6* were not required by statute to increase covered member contribution rates but were provided the opportunity to do so through Act 2011-676. By adopting Act 2011-676, Tier 1 regular members' contribution rates increased from 5% to 7.5% of earnable compensation and Tier 1 certified law enforcement, correctional officers', and firefighters' member contribution rates increased from 6% to 8.5% of earnable compensation.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contributions rates are the same for Tier 2 covered members of ERS local participating employers.

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year with additional amounts to finance any unfunded accrued liability, the preretirement death benefit, and administrative expenses of the Plan. For the year ended December 31, 2022, the City's active employee contribution rate was 5.15% of covered employee payroll, and the City's average contribution rate to fund the normal and accrued liability costs was 4.85% of covered employee payroll.

The City's contractually required contribution rate for the year ended September 30, 2022 was 6.23% of pensionable pay for Tier 1 employees, and 3.27% of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation dated September 30, 2019, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the City were \$1,156,216 for the year ended December 31, 2022.

C. NET PENSION LIABILITY

The City's net pension liability was measured as of September 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2020 rolled forward to September 30, 2021 using standard roll-forward techniques as shown in the following table:

Actuarial assumptions: The total pension liability as of September 30, 2022 was determined based on the annual actuarial funding valuation report prepared as of September 30, 2021. The key actuarial assumptions are summarized below:

Inflation	2.50%
Salary increases	3.25%-6.00%
Investment rate of return*	7.45%, including inflation

* Net of pension plan investment expense

Mortality rates were based on the Pub-2010 Below-Median Tables, projected generationally using the MP-2020 scale, which is adjusted by 66-2/3% beginning with year 2019:

Group	Membership Table	Set Forward (+)/ Setback (-)	Adjustment to Rates
Non-FLC Service Retirees	General Healthy Below Median	Male: +2, Female: +2	Male: 90% ages < 65, 96% ages >= 65 Female: 96% all ages
FLC/State Police Service Retirees	Public Safety Healthy Below Median	Male: +1, Female: none	None
Beneficiaries	Contingent Survivor Below Median	Male: +2, Female: +2	None
Non-FLC Disabled Retirees	General Disability	Male: +7, Female: +3	None
FLC/State Police Disabled Retirees	Public Safety Disability	Male: +7, Female: none	None

The actuarial assumptions used in the September 30, 2021 valuation were based on the results of an actuarial experience study for the period October 1, 2015 – September 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

Discount rate: The discount rate used to measure the total pension liability was the long-term rate of return, 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current pan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 6 – DEFEASANCE OF DEBT

On February 1, 2013, \$9,780,000 million in general obligation bonds with an average interest rate of 2.11% were issued to advance refund \$9,105,000 of outstanding bonds with an average interest rate of 4.22%. The net proceeds of \$10,032,143 (after payment of \$142,030 in underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds and loans. As a result, the bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements. This refunding decreases total debt service payments over the next 11 years by almost \$611,228 resulting in an economic gain (difference between the present values of the debt services payments on the old and new debt and cash exchanged) of \$500,454.

On October 27, 2020, \$15,660,000 million in Sewer Fund general obligation bonds with an average interest rate of 1.20% were issued to advance refund \$14,430,000 of outstanding bonds with an average interest rate of 3.87%. The net proceeds of \$15,451,767 (after payment of \$208,233 in underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds and loans. As a result, the bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements. This refunding decreases total debt service payments over the next 10 years by \$1,049,838 resulting in an economic gain (difference between the present values of the debt services payments on the old and new debt and cash exchanged) of 996,504.

NOTE 11 – THE BALDWIN COUNTY BRIDGE COMPANY PROJECT

On April 15, 2004, the City of Orange Beach (City) entered into the "Bridge Option, Easement and Annexation Agreement" with The Baldwin County Bridge Company, LLC (BCBC). BCBC owns and operates a toll bridge, toll facility and related roadways which span the Intracoastal Waterway within and near the current corporate limits of the City. BCBC has agreed to grant the City an option to purchase the Bridge, to grant the City an easement for the usage of the Bridge for certain limited purposes, to petition for annexation of the BCBC property into the City, to make a per vehicle payment to the City, to grant the City an option to purchase various parcels of real estate located adjacent to the Bridge, and to expand the Bridge under certain circumstances. The City has agreed to annex the BCBC property into the City, to execute certain access restrictions on the City Property, to become bound by an Access Management Plan, and to make ten annual installment advances to the BCBC in the amount of \$1,200,000 for a total of \$12,000,000. The first advance of \$1,200,000 was made on April 21, 2004 and the final advance was made in 2013.

The BCBC will repay the above amount monthly based on a Variable Traffic Fee formula as described in the following table:

Annual Car Count	Rate per Vehicle
0 - 2,000,000	\$ 0.10
2,000,001 - 3,000,000	0.21
3,000,001 - 4,000,000	0.36

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 11 – THE BALDWIN COUNTY BRIDGE COMPANY PROJECT (continued)

Based on the above payments from the City and the above repayment schedule from BCBC, the BCBC shall never be obligated to pay Variable Traffic Fees in a cumulative amount to exceed \$12,000,000. If at any time during the term of the agreement, BCBC shall have paid Traffic Fees equal to the \$12,000,000, or if, prior to January 1, 2015, BCBC shall pay to the City an amount equal to the difference between the Traffic Fees paid to the City and \$12,000,000, then the payment obligations of the BCBC under the above mentioned agreement shall immediately terminate (the "Termination Event").

Upon the first to occur of (i) the Termination Event, or (ii) January 1, 2015 and continuing through December 31, 2033, the BCBC shall pay to the City Fixed Traffic Fees in the amount of \$0.30 per Vehicle Usage.

Real Estate Option:

The City shall be entitled to exercise an option to purchase land adjacent to the Bridge any time between January 1, 2015 and March 31, 2015 for \$1,000 provided, however, the Real Estate Option shall automatically terminate if the above mentioned Termination Event occurs prior to the commencement of the option period. This provision has been amended in the subsequent period by The Wharf Agreement.

On April 4, 2010, the City amended the Wharf Development Agreement. The new agreement stated that once the \$25,000,000 warrants have been issued to AIG Baker ("the Developer"), AIG Baker is required to set up an escrow in the amount of \$1,000,000. The escrow account will be funded by ½ of all tax revenues (defined as sales tax or lodging tax). In the event the City has not received Traffic fees of at least \$12,000,000 on or before December 31, 2013, the Escrow agent shall pay to the City from the Escrow Funds, an amount equal to the Bridge Security Amount. The Bridge Security amount means an amount equal to the lesser of the required escrow amount or the Traffic Fee Shortfall. If the Escrow Funds are sufficient to satisfy in full the Bridge Security Amount, any escrow remaining in the Escrow Account shall be disbursed to the Developer, and the escrow shall be terminated. If the escrow Funds are not sufficient to satisfy the Bridge Security amount in full, the Developer shall be liable for and shall pay any such deficiency amount upon the City's written demand, and the City shall additionally be entitled to withhold payments and setoff against future payments under the warrants such amounts necessary to eliminate such deficiency, such that the City is paid the entire Bridge Security Amount.

Bridge Option:

The City shall be entitled to exercise the option to purchase the Bridge at any time between January 1, 2033 and December 31, 2033 for the sum equal to ten (10) multiplied by the revenue produced by toll-charges paid for usage of the Bridge for the highest of the previous three (3) full calendar years preceding the date of the commencement of the option term. There are allowances for Force Majeure events. If the City declines the Bridge Option, the \$.30 fixed traffic fees will automatically be extended for an additional thirty years.

During 2007, The Baldwin County Bridge Company, LLC was sold to American Roads. For the year ended December 31, 2022, the City received payments from American Roads totaling \$1,673,376 for the twelve months the agreement was in effect, based on fixed fee of \$.30 per vehicle.

NOTE 12 – COMMITMENTS AND CONTINGENCIES

On July 12, 2004, the City of Orange Beach entered into a Development Agreement known as "The Wharf" with AIG Baker Development, LLC. The purpose of the agreement is to develop seven tracts of real property that Baker has under contract for long-term leasehold interests. The property will be developed conceptually in two distinct manners, the Commercial Development and the Public Land. During 2012, "The Wharf" was purchased by Wharf Retail Properties LLC.

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 12 – COMMITMENTS AND CONTINGENCIES (continued)

The City will issue non-recourse limited-obligation warrant to AIG Baker in the amount of \$25,000,000 bearing an interest rate of 3.5%, or the rate at which AIG Baker is able to obtain for its construction financing, for the purchase of the Public Land. This amount will be amortized over 15 years and will be paid monthly. The funds to pay the warrant will be provided exclusively by ½ of all tax revenues (defined as sales tax or lodging tax) levied by the City on the businesses. AIG Baker will remit sales and lodging tax to the City. The developer will also make payments-in-lieu of taxes for the amounts that would have been assessed on the property. The commencement date of this transaction shall be the date upon which the Deed and the Assignment of Leasehold Interest are executed and delivered. The agreement was amended on April 10, 2010 requiring that AIG Baker to set up an escrow account to satisfy the Bridge Security Agreement. See note 11 for more information.

The City is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The City obtains coverage from municipal insurance companies and effectively manages risk through various employee education and prevention programs. The policy premiums are based on estimated annual payroll. The premiums are adjusted retrospectively based on actual annual payroll.

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements by the grantor agency for expenditures disallowed under the terms of the grant. The City is currently not under audit by any grantor agencies.

The City is party to various legal proceedings, which normally occur in the course of governmental operations. The financial statements do not include accrual or provisions for loss contingencies that may result from these proceedings.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
City of Orange Beach, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Orange Beach, Alabama, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City of Orange Beach, Alabama's basic financial statements and have issued our report thereon dated April 17, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Orange Beach, Alabama's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Orange Beach, Alabama's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Orange Beach, Alabama's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Orange Beach, Alabama's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City of Orange Beach, Alabama's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Orange Beach, Alabama's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Orange Beach, Alabama's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Orange Beach, Alabama's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Orange Beach, Alabama's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Orange Beach, Alabama's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE CITY OF ORANGE BEACH, ALABAMA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
DECEMBER 31, 2022

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying schedule of Federal Awards is presented based on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related liability is incurred. In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of such revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to the purpose of expenditure and substantially irrevocable; i.e., revocable only for failure to comply with prescribed compliance requirements, such as with equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criteria.

For purposes of the SEFA, federal awards include all grants, contracts, and similar agreements entered into directly with the federal government and other pass-through entities. The City has obtained Catalog of Federal Domestic Assistance (CFDA) numbers to ensure that all programs have been identified in the SEFA. CFDA numbers have been appropriately listed by applicable programs.

NOTE 2 – EXPENDITURES INCLUDED ON SEFA INCURRED IN PRIOR PERIOD

In accordance with the guidance included in the 2022 Compliance Supplement for CFDA 97.036 Disaster Grants – Public Assistance (Presidentially Declared Disasters), grant expenditures are recorded on the SEFA when 1) FEMA has approved the entity's Project Worksheet and 2) the eligible expenditures have been incurred. See reconciliation below of grant expenditures recorded on financial statements to the amount recorded on the SEFA.

Expended 2020-2021	\$ 7,331,512
Expended in 2022	<u>303,495</u>
Total Reported on SEFA	<u><u>\$ 7,635,007</u></u>

Without limiting the foregoing, Released Claims include any Claims that have been asserted against a Released Entity by the State of Alabama or any Subdivision in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of, or relating to, in whole or in part, the Covered Conduct, or any such Claims that could be or could have been asserted now or in the future in those actions or in any comparable action or proceeding brought by the State of Alabama, any Subdivision, or any Releasor (whether or not the State of Alabama, any Subdivision, or any Releasor has brought such action or proceeding). Released Claims also include all Claims asserted in any proceeding to be dismissed pursuant to this Agreement, whether or not such claims relate to Covered Conduct. In addition to being a Releasor as provided herein, each Participating Subdivision shall also provide to the State of Alabama a Subdivision Settlement Participation Form pursuant to Sections III.A-B.

CC. “*Subdivision Settlement Participation Form.*” The form attached as Exhibit E that Participating Subdivisions must execute and return to the Settling Distributors, and which shall include: (1) the Subdivision’s acceptance of the terms and conditions of this Agreement, including its express agreement to be bound by the irrevocable releases set forth in Section VI; (2) the Subdivision’s agreement to implement an immediate cessation of any and all litigation activities relating to such Subdivision’s Claims as to all Released Entities; and (3) the Subdivision’s agreement to file, prior to the Effective Date, a notice or stipulation of voluntary dismissal with prejudice of any and all Claims asserted by the Subdivision against the Released Entities, with each party to bear its own costs.

DD. “*Threshold Motion.*” A motion to dismiss or equivalent dispositive motion made at the outset of litigation under applicable procedure. A Threshold Motion must include as potential grounds for dismissal the relevant release by the State of Alabama or Participating Subdivision provided under this Agreement and, where appropriate under applicable law, any applicable limitations defense.

II. Conditions to Effectiveness

A. *Condition Precedent for Settlement.* It is a condition of this Agreement that all Subdivisions listed in Exhibit C become Participating Subdivisions within 60 days of the execution of this Agreement. This date may be extended by mutual agreement of the Parties.

B. *Filing of Consent Judgment.* Provided that the condition in Section II.A has been satisfied, the State of Alabama shall file the Alabama Consent Judgment attached hereto as Exhibit I with the Court not later than thirty (30) calendar days after the condition in Section II.A is satisfied. In the event that the Court declines to enter the Alabama Consent Judgment, each Settling Distributor shall be entitled to terminate the Agreement as to itself and shall be excused from all obligations under the Agreement, and if a Settling Distributor terminates the Agreement as to itself, all releases and other commitments or obligations contained herein with respect to

that Settling Distributor will be null and void. The date of the entry of the Alabama Consent Judgment shall be the effective date of this Agreement (“*Effective Date*”).

III. Participation by Subdivisions

A. *Requirements for Becoming a Participating Subdivision—Litigating Subdivisions/Later Litigating Subdivisions.* A Litigating Subdivision or Later Litigating Subdivision may become a Participating Subdivision by either executing a Subdivision Settlement Participation Form and upon prompt dismissal of its legal action or by having its claims extinguished by operation of law or released by the State of Alabama.

B. *Requirements for Becoming a Participating Subdivision—Non-Litigating Subdivisions.* A Non-Litigating Subdivision may become a Participating Subdivision by either executing a Subdivision Settlement Participation Form specifying (1) that the Subdivision agrees to the terms of this Agreement pertaining to Subdivisions, (2) that the Subdivision releases all Released Claims against all Released Entities, and (3) that the Subdivision submits to the jurisdiction of the court where the Alabama Consent Judgment is filed for purposes limited to that court’s role under the Agreement or by having their claims extinguished by operation of law or release by the State of Alabama.

IV. Settlement Payments

A. *Annual Payments.* The Settling Distributors shall make ten (10) annual payments as follows and as set forth in Exhibit F:

1. Within fourteen (14) business days of the Effective Date, the Settling Distributors shall pay to the State of Alabama the Year 1 payment of \$22 million.

2. Within fourteen (14) business days of the Effective Date, the Settling Distributors shall pay to the State of Alabama the fees and costs amount of \$25 million identified in Section VII.A.

3. Subsequent annual payments of \$22 million shall be made consistent with the schedule set forth in Exhibit F on July 15 of each subsequent year (*e.g.*, the Year 2 payment shall be made on July 15 of the year following the Year 1 payment).

B. *Procedure for Annual Payment.* The Settling Distributors shall pay each annual Settlement Payment as directed by the Attorney General of the State of Alabama; *provided, however*, that the Settling Distributors shall not be required to direct payments to more than two payees for any given annual Settlement Payment. The Attorney General of the State of Alabama shall provide payment instructions to the Settling Distributors no later than fourteen (14) business days before each payment is due. The State of Alabama shall be solely responsible for distributing any payments owed to Participating Subdivisions as may be agreed upon among them.

C. *Jury Verdict Form.* The State of Alabama agrees that none of the Released Entities will be included on the jury verdict form in any trial related to Covered Conduct in any future opioid-related action.

V. Allocation and Use of Settlement Payments

A. *Allocation of Payments Among Settling Distributors.* Payments due from the Settling Distributors under this Agreement will be allocated among the Settling Distributors as follows: Cardinal – 49.92%; Cencora – 50.08%. A Settling Distributor’s sole responsibility for payments under this Agreement shall be to make its share of each payment. The obligations of the Settling Distributors in this Agreement are several and not joint. No Settling Distributor shall be responsible for any portion of another Settling Distributor’s share.

B. *Allocation of Payments Received.* The Settlement Payment may be further apportioned among the State of Alabama and the Participating Subdivisions on Exhibit C at the sole discretion of the State of Alabama and such Participating Subdivisions as may be agreed upon among them, and the Settling Distributors shall have no duty, liability, or influence of any kind with respect to that further apportionment. The State of Alabama specifically represents, however, that any such apportionment and use shall be made in accordance with all applicable laws and consistent with Section V.C.

C. *Use of Settlement Payments.* The Compensatory Restitution Amount shall be used solely for Opioid Remediation. The remainder of the Settlement Payment may, pursuant to Sections VII.A and VII.B, be used for payment of reasonable attorney’s fees and costs.

D. *Nature of Payment.* Each of the Parties and each of the Participating Subdivisions acknowledges and agrees that notwithstanding anything to the contrary in this Agreement, including, but not limited to, the scope of the Released Claims, and any agreement between the State of Alabama and one or more Subdivisions:

1. It has entered into this Agreement to avoid the delay, expense, inconvenience, and uncertainty of further litigation;
2. (a) the State of Alabama and the Participating Subdivisions sought compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) as damages for the Alleged Harms allegedly suffered by the State of Alabama and the Participating Subdivisions; and (b) the Compensatory Restitution Amount is no greater than the amount, in the aggregate, of the Alleged Harms allegedly suffered by the State of Alabama and the Participating Subdivisions;
3. The payment of the Compensatory Restitution Amount by the Settling Distributors constitutes, and is paid for, compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) for alleged damage or harm (as compensation for alleged damage or harm arising out of alleged bodily injury) allegedly caused by the Settling Distributors;
4. The Compensatory Restitution Amount is being paid as compensatory restitution (within the meaning of 26 U.S.C. § 162(f)(2)(A)) in order to restore, in whole or in part, the State of Alabama and the Subdivisions to the same position or condition that they would be in had the State of Alabama and the Subdivisions not suffered the Alleged Harms; and

5. For the avoidance of doubt: (a) no portion of the Compensatory Restitution Amount represents reimbursement to the State of Alabama, the Subdivisions, or other person or entity for the costs of any investigation or litigation, (b) the entire Compensatory Restitution Amount is properly characterized as described in Section V.D., and (c) no portion of the Compensatory Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, or other punitive assessments.

VI. Release of Claims

A. *Scope.* As of the Effective Date, Releasors shall be deemed to have fully, finally, and forever released all Released Entities from all Released Claims. Releasors hereby absolutely, unconditionally, and irrevocably covenant not to bring, file, or claim, or to cause, assist, or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims of any type in any forum whatsoever against any Released Entity in any forum whatsoever. For the avoidance of doubt, Releasors agree that this Agreement and the releases contained herein shall fully and completely resolve any past, present, or future liability that any Released Entity may have arising from, relating to, or based on the Covered Conduct. The releases provided for in this Agreement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any and all Released Claims and extend to the full extent of the power of the State of Alabama and its Attorney General to release claims. This Agreement is, will constitute, and may be pleaded as a complete bar to any Released Claim asserted against Released Entities.

B. *Claim-Over and Non-Party Settlement.* In the event the State of Alabama and/or its Subdivisions file suit against any non-party to this Agreement and that non-party seeks through contribution, indemnification, or other means, a claim against the Settling Distributors, the State of Alabama shall use best efforts to seek to have such claim or cause of action by any other defendant arising out of, related to, or involving the conduct made the basis of the Alabama AG Action dismissed with prejudice.

1. It is the intent of the Parties that:

a. Released Entities should not seek contribution or indemnification (other than pursuant to an insurance contract), from other parties for their payment obligations under this Agreement;

b. The payments made under this Agreement shall be the sole payments made by the Released Entities to the Releasors involving, arising out of, or related to Covered Conduct (or conduct that would be Covered Conduct if engaged in by a Released Entity);

c. Claims by Releasors against non-Parties should not result in additional payments by any Released Entity, whether through contribution, indemnification, or any other means; and

d. The Agreement meets the requirements of the Uniform Contribution Among Joint Tortfeasors Act and any similar state law or doctrine that reduces or discharges a released party's liability to any other parties.

The provisions of this Section VI.B are intended to be implemented consistent with these principles. This Agreement and the releases and dismissals provided for herein are made in good faith.

2. No Released Entity shall seek to recover for amounts paid under this Agreement based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, or health care practitioner; *provided* that a Released Entity shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Entity from recovering amounts owed pursuant to insurance contracts.

3. To the extent that, on or after the Effective Date, any Releasor enters into a non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasor will include (or in the case of a non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the non-Party Settlement a prohibition on contribution or indemnity of any kind substantially equivalent to that required from the Settling Distributors in Section VI.B.2, or a release from such non-Released Entity in favor of the Released Entities (in a form equivalent to the releases contained in this Agreement) of any Claim-Over. The obligation to obtain the prohibition and/or release required by this subsection is a material term of this Agreement.

4. In the event that any Releasor obtains a judgment with respect to non-Party Covered Conduct against a non-Released Entity that does not contain a prohibition like that described in Section VI.B.3, or any Releasor files a non-Party Covered Conduct Claim against a non-Released Entity in bankruptcy or a Releasor is prevented for any reason from obtaining a prohibition/release in a non-Party Settlement as provided in Section VI.B.3, and such non-Released Entity asserts a Claim-Over against a Released Entity, the Released Entity shall be relieved of the prohibition in Section VI.B.2 with respect to that non-Released Entity and that Releasor and the Settling Distributors shall take the following actions to ensure that the Released Entities do not pay more with respect to Covered Conduct to Releasors or to Non-Released Entities than the amounts owed under this Settlement Agreement by the Settling Distributors:

a. Settling Distributors shall notify that Releasor of the Claim-Over within sixty (60) calendar days of the assertion of the Claim-Over or sixty (60) calendar days of the Effective Date of this Settlement Agreement, whichever is later;

b. Settling Distributors and that Releasor shall meet and confer concerning the means to hold Released Entities harmless and ensure that they are

not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement;

c. That Releasor and Settling Distributors shall take steps sufficient and permissible under the law of the State of Alabama to hold Released Entities harmless from the Claim-Over and ensure Released Entities are not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement. Such steps may include, where permissible:

(i) Filing of motions to dismiss or such other appropriate motion by Settling Distributors or Released Entities, and supported by Releasors, in response to any claim filed in litigation or arbitration;

(ii) Reduction of that Releasors' Claim and any judgment it has obtained or may obtain against such non-Released Entity by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasor has obtained, may obtain, or has authority to control from such non-Released Entity;

(iii) Placement into escrow of funds paid by the non-Released Entities such that those funds are available to satisfy the Claim-Over;

(iv) Such other actions as the State of Alabama and Settling Distributors may devise to hold Settling Distributors harmless from the Claim-Over.

d. The actions of the State of Alabama and Settling Distributors taken pursuant to paragraph (c) must, in combination, ensure Settling Distributors are not required to pay more with respect to Covered Conduct than the amounts owed by Settling Distributors under this Agreement.

5. To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section VI.B.4 shall extend solely to a non-Party Covered Conduct Claim against a pharmacy, clinic, hospital or other purchaser or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. Each Settling Distributor shall notify the State of Alabama, to the extent permitted by applicable law, in the event that any of these types of non-Released Entity asserts a Claim-Over arising out of contractual indemnity against it.

C. *General Release.* In connection with the releases provided for in this Agreement, the State of Alabama and each Subdivision (for itself and its Releasors) expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any State or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and

that if known by him or her, would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which he, she, or it knows or believes to be true with respect to the Released Claims, but the State of Alabama, on behalf of itself and all other Releasors, hereby expressly waives and fully, finally, and forever settles, releases, and discharges, upon the Effective Date of the Release, any and all Released Claims against the Released Entities which may exist as of this date but which they do not know or suspect to exist, whether through ignorance, oversight, error, or negligence, and which, if known, would materially affect their decision to enter into this Agreement.

D. *Assigned Interest Waiver.* To the extent that the State of Alabama or any Subdivision has any direct or indirect interest in any rights of a third party that is a debtor under the Bankruptcy Code as a result of a claim arising out of Covered Conduct by way of assignment or otherwise, including as a result of being the beneficiary of a trust or other distribution entity, to assert claims against a Settling Distributor (whether derivatively or otherwise), under any legal or equitable theory, including for indemnification, contribution, or subrogation, such Settling State waives the right to assert any such claim, or to receive a distribution or any benefit on account of such claim and such claim, distribution, or benefit shall be deemed assigned to such Settling Distributor.

E. *Res Judicata.* Nothing in this Agreement shall be deemed to reduce the scope of the res judicata or claim preclusive effect that the settlement memorialized in this Agreement, and/or any Consent Judgment or other judgment entered on this Agreement, gives rise to under applicable law.

F. *Representation and Warranty.* The signatories hereto on behalf of the State of Alabama expressly represent and warrant that they have (or have obtained or will obtain no later than the Execution Date) the authority to settle and release, to the maximum extent of the State of Alabama's power, all Released Claims of (1) the State of Alabama, (2) all past and present executive departments, state agencies, divisions, boards, commissions, and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts, and (3) any of the State of Alabama's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license; and (4) any Subdivision.

G. *Effectiveness.* The releases set forth in this Agreement shall not be impacted in any way by any dispute that exists, has existed, or may later exist between or among the Releasors. Nor shall such releases be impacted in any way by any current or future law, regulation, ordinance, or court or agency order limiting, seizing, or controlling the distribution or use of the Settlement Payment or any portion thereof, or by the enactment of future laws, or by any seizure of the Settlement Payment or any portion thereof.

H. *Cooperation.* Releasors (1) will not encourage any person or entity to bring or maintain any Released Claim against any Released Entity and (2) will reasonably cooperate with

and not oppose any effort by Settling Distributors to secure the prompt dismissal of any and all Released Claims.

1. For the avoidance of doubt, notwithstanding Section VI.H above, this is a pro tanto release of the Released Entities. It is not intended to be a release for defendants other than the Released Entities. Releasors reserve the right to proceed against other defendants, liable parties, and/or joint tortfeasors. It is the intention of the Parties to effect a good-faith pro tanto settlement.

2. Notwithstanding the foregoing Section VI.H.1, it is the intention of the Parties in executing this Agreement to release the Released Entities from any and all potential Claims, to the extent permitted by law.

I. *Non-Released Claims.* Notwithstanding the foregoing or anything in the definition of Released Claims, this Agreement does not waive, release or limit any criminal liability, Claims for liability under tax law, Claims under securities law by a State Releasor as investor, Claims against parties who are not Released Entities, Claims by private individuals, and any claims arising under this Agreement for enforcement of this Agreement.

VII. Attorneys' Fees and Costs

A. *State Fees and Costs.* If the conditions set forth in Section II.A are met and this Agreement comes into effect, the Settling Distributors shall pay, consistent with the schedule set forth in Exhibit F, \$25,000,000, in full satisfaction of all attorneys' fees and costs incurred by the State of Alabama.

B. *Subdivision Fees and Costs.* If the conditions set forth in Section II.A are met and this Agreement comes into effect, up to \$25,000,000 of the Settlement Payment may be apportioned by the court-appointed Special Master, subject to the consent of the State of Alabama, for local governments and litigating public health care authorities towards attorneys' fees for counsel for litigating political subdivisions and litigating public health care authorities. The Special Master shall make the apportionment pursuant to this paragraph within thirty (30) calendar days of the Effective Date of this Agreement and the State shall promptly report the total amount of such apportionment to Cardinal Health and Cencora, along with the amount of each Annual Payment to be used for this apportionment. The Released Entity shall further notify the State of Alabama immediately upon notice of a Later Litigating Subdivision bringing a lawsuit for a Released Claim, and shall not oppose the State's submission in support of the Threshold Motion.

2. The State of Alabama represents and warrants that it will use best efforts to ensure that no additional Other Alabama Opioid Actions are filed against any Released Entities or, if such an Other Alabama Opioid Action is filed, to seek prompt dismissal of such Action, including by cooperating with the defendant Released Entity in its defense of the Action. Such cooperation may include the filing of amicus briefs, statements of support, and/or affidavits as requested by the defendant Released Entity and/or by the relevant Court; *provided, however*, that the State of Alabama will not be required under this paragraph to intervene as a party in an Other Alabama Opioid Action.

IX. Enforcement

B. *Jurisdiction.* The Settling Distributors consent to the jurisdiction of the Court for the limited purpose of enforcing this Agreement and the Alabama Consent Judgment.

C. *Dispute Resolution.* If either the State of Alabama or a Settling Distributor ("Noticing Party") believes any other Party is not in compliance with any term of this Agreement, then the Noticing Party shall (i) provide written notice to the Party it believes not to be in compliance specifying the reason(s) for that belief; and (ii) allow the allegedly non-compliant Party at least thirty (30) calendar days to attempt to cure the alleged non-compliance. If after that time the Noticing Party believes that the other Party remains non-compliant, the matter will be submitted to binding arbitration.

1. The arbitration shall be conducted by James Pratt. In the event James Pratt cannot serve as arbitrator, the parties will appoint a mutually agreed upon arbitrator.

In the event the parties cannot agree upon an arbitrator, Judge J.R. Gaines, or his successor, shall appoint an arbitrator.

3. The arbitrator shall conduct all proceedings in a reasonably streamlined process consistent with an opportunity for the Parties to be heard. Issues shall be resolved without the need for live witnesses where feasible, and with a presumption in favor of remote participation to minimize the burdens on the Parties.

5. Each arbitrating Party shall bear its own costs in any arbitration or court proceeding arising under this Section IX.C. The costs for the arbitrator shall be divided and paid fifty percent (50%) by the Noticing Party or Noticing Parties and fifty percent (50%) by the allegedly non-compliant Party or Parties.

11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.
12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increased availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.

The governmental entity identified above (“*Governmental Entity*”), in order to obtain and in consideration for the benefits provided to the Governmental Entity pursuant to the Settlement Agreement dated [●] (“*Agreement*”), and acting through the undersigned authorized official, hereby elects to participate in the Agreement, release all Released Claims against all Released Entities, and agrees as follows.

1. The Governmental Entity is aware of and has reviewed the Agreement, understands that all terms in this Participation Form have the meanings defined therein, and agrees that by signing this Participation Form, the Governmental Entity elects to participate in the Agreement and become a Participating Subdivision as provided therein.
2. The Governmental Entity shall, within 14 days of the Execution Date and prior to the filing of the Consent Judgment, secure the dismissal with prejudice of any Released Claims that it has filed.
3. The Governmental Entity agrees to the terms of the Agreement pertaining to Subdivisions as defined therein.
4. By agreeing to the terms of the Agreement and becoming a Releasor, the Governmental Entity is entitled to the benefits provided therein, including, if applicable, monetary payments beginning on or after the Effective Date.
5. The Governmental Entity agrees to use any monies it receives through the Agreement solely for the purposes provided therein.
6. The Governmental Entity submits to the jurisdiction of the Circuit Court for Montgomery, Alabama for purposes limited to that Court’s role as provided in, and for resolving disputes to the extent provided in, the Agreement. The Governmental Entity likewise agrees to arbitrate disputes to the extent provided in the Agreement.
7. The Governmental Entity has the right to enforce the Agreement as provided therein.

8. The Governmental Entity, as a Participating Subdivision, hereby becomes a Releasor for all purposes in the Agreement, including, but not limited to, all provisions of Section VI, and along with all departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, and any person in their official capacity elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, and any other entity identified in the definition of Releasor, provides for a release to the fullest extent of its authority. As a Releasor, the Governmental Entity hereby absolutely, unconditionally, and irrevocably covenants not to bring, file, or claim, or to cause, assist or permit to be brought, filed, or claimed, or to otherwise seek to establish liability for any Released Claims against any Released Entity in any forum whatsoever. The releases provided for in the Agreement are intended by the Parties to be broad and shall be interpreted so as to give the Released Entities the broadest possible bar against any liability relating in any way to Released Claims and extend to the full extent of the power of the Governmental Entity to release claims. The Agreement shall be a complete bar to any Released Claim.
9. The Governmental Entity hereby takes on all rights and obligations of a Participating Subdivision as set forth in the Agreement.
10. In connection with the releases provided for in the Agreement, each Governmental Entity expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release, and that if known by him or her would have materially affected his or her settlement with the debtor or released party.

A Releasor may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but each Governmental Entity hereby expressly waives and fully, finally, and forever settles, releases and discharges, upon the Effective Date, any and all Released Claims that may exist as of such date but which Releasors do not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would materially affect the Governmental Entities' decision to participate in the Agreement.

11. Nothing herein is intended to modify in any way the terms of the Agreement, to which Governmental Entity hereby agrees. To the extent this Participation Form is interpreted differently from the Agreement in any respect, the Agreement controls.

I have all necessary power and authorization to execute this Participation Form on behalf of the Governmental Entity.

EXHIBIT I

[CASE]	[COURT]
	C.A. NO.:

FINAL CONSENT JUDGMENT AND DISMISSAL WITH PREJUDICE

The State of Alabama (“*State*”) and Cardinal Health, Inc. and Cencora, Inc., together with the subsidiaries thereof (collectively, the “*Settling Distributors*,” and each a “*Settling Distributor*”) (together with the State, the “*Parties*,” and each a “*Party*”) have entered into a consensual resolution of the above-captioned litigation (the “*Action*”) pursuant to a settlement agreement entitled Cardinal and Cencora Alabama Settlement Agreement, dated as of February [●], 2024 (the “*Agreement*”), a copy of which is attached hereto as Exhibit A. The Agreement shall become effective by its terms upon the entry of this Final Consent Judgment (the “*Judgment*”) by the Court without trial or adjudication of any contested issue of fact or law, and without finding or admission of wrongdoing or liability of any kind.

RECITALS:

1. Each Party warrants and represents that it engaged in arm’s-length negotiations in good faith. In hereby executing the Agreement, the Parties intend to effect a good-faith settlement.
2. The State has determined that the Agreement is in the public interest.
3. The Settling Distributors deny the allegations against them and that they have any liability whatsoever to the State, its Subdivisions, and/or (a) any of the State’s or Subdivisions’

departments, agencies, divisions, boards, commissions, districts, instrumentalities of any kind and attorneys, including its Attorney General, and any person in his or her official capacity whether elected or appointed to serve any of the foregoing and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, and other Special Districts, and (c) any person or entity acting in a *parens patriae*, sovereign, quasi-sovereign, private attorney general, *qui tam*, taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public.

4. The Parties recognize that the outcome of the Action is uncertain and a final resolution through the adversarial process likely will require protracted litigation.

5. The Parties agree to the entry of the injunctive relief terms pursuant to Exhibit P of the Global Agreement.

6. Therefore, without any admission of liability or wrongdoing by the Settling Distributors or any other Released Entities (as defined in the Agreement), the Parties now mutually consent to the entry of this Judgment and agree to dismissal of the claims with prejudice pursuant to the terms of the Agreement to avoid the delay, expense, inconvenience, and uncertainty of protracted litigation.

NOW THEREFORE, IT IS HEREBY ORDERED, ADJUDGED AND DECREED THAT:

In consideration of the mutual promises, terms, and conditions set forth in the Agreement, the adequacy of which is hereby acknowledged by all Parties, it is agreed by and between the Settling Distributors and the State, and adjudicated by the Court, as follows:

1. The foregoing Recitals are incorporated herein and constitute an express term of this Judgment.

2. The Parties have entered into a full and final settlement of all Released Claims of Releasors against the Settling Distributors (including but not limited to the State) and the Released Entities pursuant to the terms and conditions set forth in the Agreement.

3. The “Definitions” set forth in Section I of the Agreement are incorporated by reference into this Judgment. Unless otherwise defined herein, capitalized terms in this Judgment shall have the same meaning given to them in the Agreement.

4. The Parties agree that the Court has jurisdiction over the subject matter of the Action and over the Parties with respect to the Action and this Judgment. This Judgment shall not be construed or used as a waiver of any jurisdictional defense the Settling Distributors or any other Released Entity may raise in any other proceeding.

5. The Court finds that the Agreement was entered into in good faith.

6. The Court finds that entry of this Judgment is in the public interest and reflects a negotiated settlement agreed to by the Parties. The Action is dismissed with prejudice, subject to a retention of jurisdiction by the Court as provided herein and in the Agreement.

7. By this Judgment, the Agreement is hereby approved by the Court, and the Court hereby adopts the Agreement’s terms as its own determination of this matter and the Parties’ respective rights and obligations.

8. The Court shall have authority to resolve disputes identified in Section IX.B of the Agreement, governed by the rules and procedures of the Court.

9. The Parties have satisfied the Condition to Effectiveness of Agreement set forth in Section II.A of the Agreement and the Release set forth in Sections VI of the Agreement, as follows:

- a. The Attorney General of the State of Alabama exercised the fullest extent of his powers to release the Settling Distributors and all other Released

Entities from all Released Claims pursuant to Section VI.A of the Agreement.

- b. The Participation Form for each Participating Subdivision in the State has been delivered to the Settling Distributors. As stated in the Participation Form, and for the avoidance of doubt, nothing in the Participation Form executed by the Participating Subdivisions is intended to modify in any way the terms of the Agreement to which the Participating Subdivisions agree. As stated in the Participation Form, to the extent the executed version of the Participation Form differs from the Agreement in any respect, the Agreement controls.
- c. Pursuant to Section III.A of the Agreement, each Participating Subdivision in the State is dismissing with prejudice any Released Claims that it has filed against the Settling Distributors and the Released Entities.

10. Release. The Parties acknowledge that the Release set forth in Section VI of the Agreement, which is incorporated by reference herein, is an integral part of this Judgment. Pursuant to the Agreement and without limitation and to the maximum extent of the power of the State's Attorney General, the Settling Distributors and the other Released Entities are, as of the Effective Date, hereby released from any and all Released Claims of (a) the State and its Participating Subdivisions and any of their departments, agencies, divisions, boards, commissions, Subdivisions, districts, instrumentalities of any kind and attorneys, including the State's Attorney General, and any person in his or her official capacity whether elected or appointed to serve any of the foregoing, and any agency, person, or other entity claiming by or through any of the foregoing, (b) any public entities, public instrumentalities, public educational institutions, unincorporated districts, fire districts, irrigation districts, and other Special Districts in the State, and (c) any person or entity acting in a *parens patriae*, sovereign, quasi-sovereign, private attorney general, *qui tam*, taxpayer, or other capacity seeking relief on behalf of or generally applicable to the general public with respect to the State or any Subdivision in the State, whether or not any of them participate in the Agreement. Pursuant to the Agreement and to the maximum extent of the State's power, the Settling Distributors and the other Released

Entities are, as of the Effective Date, hereby released from any and all Released Claims of (1) the State, (2) all past and present executive departments, state agencies, divisions, boards, commissions and instrumentalities with the regulatory authority to enforce state and federal controlled substances acts, and (3) any of the State's past and present executive departments, agencies, divisions, boards, commissions and instrumentalities that have the authority to bring Claims related to Covered Conduct seeking money (including abatement and/or remediation) or revocation of a pharmaceutical distribution license. For the purposes of clause (3) above, executive departments, agencies, divisions, boards, commissions, and instrumentalities are those that are under the executive authority or direct control of the State's Governor. Further, the provisions set forth in Section VI of the Agreement are incorporated by reference into this Judgment as if fully set forth herein. The Parties acknowledge, and the Court finds, that those provisions are an integral part of the Agreement and this Judgment, and shall govern the rights and obligations of all participants in the settlement. Any modification of those rights and obligations may be made based only on a writing signed by all affected parties and approved by the Court.

11. Release of Unknown Claims. The State expressly waives, releases, and forever discharges any and all provisions, rights, and benefits conferred by any law of any state or territory of the United States or other jurisdiction, or principle of common law, which is similar, comparable, or equivalent to § 1542 of the California Civil Code, which reads:

General Release; extent. A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

12. The State may hereafter discover facts other than or different from those which it knows, believes, or assumes to be true with respect to the Released Claims, but the State

expressly waived and fully, finally, and forever settled, released and discharged, through the Agreement, any and all Released Claims that may exist as of the Effective Date but which the State does not know or suspect to exist, whether through ignorance, oversight, error, negligence or through no fault whatsoever, and which, if known, would have materially affected the State's decision to enter into the Agreement.

13. Costs and Fees. The Parties will bear their own costs and attorneys' fees except as otherwise provided in the Agreement.

14. No Admission of Liability. The Settling Distributors are consenting to this Judgment solely for the purpose of effectuating the Agreement, and nothing contained herein may be taken as or construed to be an admission or concession of any violation of law, rule, or regulation, or of any other matter of fact or law, or of any liability or wrongdoing, all of which the Settling Distributors expressly deny. None of the Settling Distributors or any other Released Entity admits that it caused or contributed to any public nuisance, and none of the Settling Distributors or any other Released Entity admits any wrongdoing that was or could have been alleged by the State, its Participating Subdivisions, or any other person or entity. No part of this Judgment shall constitute evidence of any liability, fault, or wrongdoing by the Settling Distributors or any other Released Entity. The Parties acknowledge that payments made under the Agreement are not a fine, penalty, or payment in lieu thereof and are properly characterized as described in Section V.D of the Agreement.

15. No Waiver. This Judgment is entered based on the Agreement without trial or adjudication of any contested issue of fact or law or finding of liability of any kind. This Judgment shall not be construed or used as a waiver of any Settling Distributor's right, or any other Released Entity's right, to defend itself from, or make any arguments in, any other

regulatory, governmental, private individual, or class claims or suits relating to the subject matter or terms of this Judgment. Notwithstanding the foregoing, the State may enforce the terms of this Judgment as expressly provided in the Agreement.

16. No Private Right of Action. This Judgment is not intended for use by any third party for any purpose, including submission to any court for any purpose, except pursuant to Section IX.A of the Agreement. Except as expressly provided in the Agreement, no portion of the Agreement or this Judgment shall provide any rights to, or be enforceable by, any person or entity that is not the State or Released Entity. The State shall allow Participating Subdivisions in the State to notify it of any perceived violations of the Agreement or this Judgment. The State, may not assign or otherwise convey any right to enforce any provision of the Agreement.

17. Admissibility. It is the intent of the Parties that this Judgment not be admissible in other cases against the Settling Distributors or binding on the Settling Distributors in any respect other than in connection with the enforcement of this Judgment or the Agreement. For the avoidance of doubt, nothing herein shall prohibit a Settling Distributor from entering this Judgment or the Agreement into evidence in any litigation or arbitration concerning (1) a Settling Distributor's right to coverage under an insurance contract or (2) the enforcement of the releases provided for by the Agreement and this Judgment.

18. Preservation of Privilege. Nothing contained in the Agreement or this Judgment, and no act required to be performed pursuant to the Agreement or this Judgment, is intended to constitute, cause, or effect any waiver (in whole or in part) of any attorney-client privilege, work product protection, or common interest/joint defense privilege, and each Party agrees that it shall not make or cause to be made in any forum any assertion to the contrary.

19. Mutual Interpretation. The Parties agree and stipulate that the Agreement was negotiated on an arm's-length basis between parties of equal bargaining power and was drafted jointly by counsel for each Party. Accordingly, the Agreement is incorporated herein by reference and shall be mutually interpreted and not construed in favor of or against any Party, except as expressly provided for in the Agreement.

20. Retention of Jurisdiction. The Court shall retain jurisdiction of the Parties for the limited purpose of the resolution of disputes identified in Section IX.B of the Agreement. The Court shall have jurisdiction over Participating Subdivisions in the State for the limited purposes identified in the Agreement.

21. Successors and Assigns. This Judgment is binding on each of the Settling Distributor's successors and assigns.

22. Modification. This Judgment shall not be modified (by the Court, by any other court, or by any other means) without the consent of the State and the Settling Distributors, or as provided for in Section X.K of the Agreement.

B. For any Injunctive Relief Distributor personnel who are compensated at least in part based on Customer sales, the Injunctive Relief Distributor shall ensure the compensation of such personnel is not decreased by a CSMP-related suspension or termination of a Customer or as a direct result of the reduction of sales of Controlled Substances to a Customer pursuant to the CSMP.

The Chief Diversion Control Officer shall be a member of the CSMP Committee. B. Each Injunctive Relief Distributor’s CSMP Committee shall have regular meetings during which the Chief Diversion Control Officer shall present to the CSMP Committee with respect to, and the CSMP Committee shall evaluate, among other things: (1) any material modifications and potential enhancements to the CSMP including, but not limited to, those relating to Customer due diligence and Suspicious Order monitoring and reporting; (2) any significant new national and regional diversion trends involving Controlled Substances; (3) the Injunctive Relief Distributor’s adherence to the CSMP policies and procedures, the Injunctive Relief Terms, and applicable laws and regulations governing the distribution of Controlled Substances; and (4) any technology, staffing, or other resource needs for the CSMP. D. To the extent not already established, the Board of Directors of each Injunctive Relief Distributor shall establish its own compliance committee (the “*Board Compliance Committee*”) to evaluate, at a minimum, and on a quarterly basis: (1) the CSMP Committee’s written reports; (2) the Injunctive Relief Distributor’s substantial adherence to the CSMP policies and procedures, the Injunctive Relief Terms, and applicable laws and regulations governing the distribution of Controlled Substances; (3) the Injunctive Relief Distributor’s code of conduct and any whistleblower reporting policies, including those prescribed by Section V.E; and (4) any significant regulatory and/or government enforcement matters within the review period relating to the distribution of Controlled Substances. An Injunctive Relief Distributor meets this requirement if it established, prior to the Effective Date, multiple committees of its Board of Directors that together have responsibilities outlined in this paragraph.

E. The Board Compliance Committee shall have the authority to: (1) require management of the Injunctive Relief Distributor to conduct audits on any CSMP or legal and regulatory concern pertaining to Controlled Substances distribution, and to update its full Board of Directors on those audits; (2) to commission studies, reviews, reports, or surveys to evaluate the Injunctive Relief Distributor’s CSMP performance; (3) request meetings with the Injunctive Relief Distributor’s management and CSMP staff; and (4) review the appointment, compensation, performance, and replacement of the Injunctive Relief Distributor’s Chief Diversion Control Officer.

B. Each Injunctive Relief Distributor shall provide annual trainings to CSMP personnel on its CSMP, its obligations under the Injunctive Relief Terms, and its duties to maintain effective controls against potential diversion of Controlled Substances and report Suspicious Orders pursuant to state and federal laws and regulations.

On an annual basis, each Injunctive Relief Distributor shall test its CSMP personnel on their knowledge regarding its CSMP, its obligations under the Injunctive Relief Terms, and its duties to maintain effective controls against potential diversion of Controlled Substances and to report Suspicious Orders pursuant to state and federal laws and regulations.

D. Each Injunctive Relief Distributor shall train all third-party compliance consultants (defined as non-employees who are expected to devote fifty percent (50%) or more of their time to performing work related to the Injunctive Relief Distributor’s CSMP, excluding information technology consultants not engaged in substantive functions related to an Injunctive

Relief Distributor's CSMP) performing compliance functions for the Injunctive Relief Distributor in the same manner as the Injunctive Relief Distributor's CSMP personnel.

E. At least every three (3) years in the case of existing employees, and within the first six months of hiring new employees, each Injunctive Relief Distributor shall require operations, sales, and senior executive employees to attend trainings on its CSMP, its obligations under the Injunctive Relief Terms, the hotline established in Section V.E, and its duties to maintain effective controls against potential diversion of Controlled Substances and report Suspicious Orders pursuant to state and federal laws and regulations.

VIII. Red Flags

A. Within one hundred and twenty days (120) of the Effective Date, each Injunctive Relief Distributor shall, at a minimum, apply specific metrics to identify the potential Red Flags described in Section VIII.D with respect to Independent Retail Pharmacy Customers. For Chain Customers, the metrics used to identify the Red Flags described in Section VIII.D may be adjusted based on the specific business model and supplier relationships of the Chain Customer.

B. Each Injunctive Relief Distributor shall evaluate and, if necessary, enhance or otherwise adjust the specific metrics it uses to identify Red Flags set forth in Section VIII.D.

C. Each Injunctive Relief Distributor shall provide annually to the Monitor the specific metrics it uses to identify Red Flags as set forth in Section VIII.D. The Monitor shall review the metrics used to identify Red Flags as set forth in Section VIII.D to assess whether the metrics are reasonable. The Monitor may, at its discretion, suggest revisions to the metrics in the annual Audit Report as part of the Red Flags Review set forth in Section XVIII.F.3.f. Each Injunctive Relief Distributor may rely on its specific metrics to comply with the requirements of Section VIII unless and until the Monitor proposes a revised metric in connection with Section XVIII.H.

D. For purposes of the Injunctive Relief Terms, "*Red Flags*" are defined as follows:

1. **Ordering ratio of Highly Diverted Controlled Substances to non-Controlled Substances:** Analyze the ratio of the order volume of all Highly Diverted Controlled Substances to the order volume of all non-Controlled Substances to identify Customers with significant rates of ordering Highly Diverted Controlled Substances.

2. **Ordering ratio of Highly Diverted Controlled Substance base codes or drug families to non-Controlled Substances:** Analyze the ratio of the order volume of each Highly Diverted Controlled Substance base code or drug family to the total order volume of all non-Controlled Substances to identify Customers with significant rates of ordering each Highly Diverted Controlled Substance base code or drug family.

3. **Excessive ordering growth of Controlled Substances:** Analyze significant increases in the ordering volume of Controlled Substances using criteria to identify customers that exhibit percentage growth of Controlled Substances substantially in excess of the percentage growth of non-Controlled Substances.

4. **Unusual formulation ordering:** Analyze ordering of Highly Diverted Controlled Substances to identify customers with significant ordering of high-risk formulations. High-risk formulations include, but are not limited to, 10mg hydrocodone, 8mg hydromorphone, 2mg alprazolam, single-ingredient buprenorphine (*i.e.*, buprenorphine without naloxone), and highly-abused formulations of oxycodone. On an annual basis (or as otherwise necessary), high-risk formulations of Highly Diverted Controlled Substances may be added, removed, or revised based on the Injunctive Relief Distributors' assessment and regulatory guidance.

5. **Out-of-area patients:** Analyze Pharmacy Customer Data or Dispensing Data to assess volume of prescriptions for Highly Diverted Controlled Substances for out-of-area patients (based on number of miles traveled between a patient's zip code and the pharmacy location, depending on the geographic area of interest) taking into consideration the percentage of out-of-area patients for non-Controlled Substances.

6. **Cash prescriptions:** Analyze Pharmacy Customer Data or Dispensing Data to assess percentage of cash payments for purchases of Controlled Substances taking into consideration the percentage of cash payments for purchases of non-Controlled Substances.

7. **Prescriber activity of Customers:** Analyze Pharmacy Customer Data or Dispensing Data to identify Customers that are dispensing Highly Diverted Controlled Substance prescriptions for Top Prescribers as follows:

a. Top Prescribers representing a significant volume of dispensing where the prescriber's practice location is in excess of 50 miles from the pharmacy ("out-of-area"), relative to the percentage of out-of-area prescriptions for non-Controlled Substances.

b. Top Prescribers representing prescriptions for the same Highly Diverted Controlled Substances in the same quantities and dosage forms indicative of pattern prescribing (e.g., a prescriber providing many patients with the same high-dose, high-quantity supply of 30mg oxycodone HCL prescription without attention to the varying medical needs of the prescriber's patient population).

c. Top Prescribers where the top five (5) or fewer prescribers represent more than fifty percent (50%) of total prescriptions for Highly Diverted Controlled Substances during a specified period.

8. **Public regulatory actions against Customers:** Review information retrieved from companies that provide licensing and disciplinary history records (e.g., LexisNexis), and/or other public sources, including governmental entities, showing that the Customer, pharmacists working for that Customer, or the Customer's Top Prescribers have been subject, in the last five (5) years, to professional disciplinary sanctions regarding the dispensing or handling of Controlled Substances or law enforcement action related to Controlled Substances diversion. Continued licensing by a relevant state

agency may be considered, but shall not be dispositive, in resolving the Red Flag. For Chain Customer locations, representations from each Chain Customer that it reviews its pharmacists' licensing statuses annually and for the regulatory actions described in this paragraph has either (i) taken appropriate employment action, or (ii) disclosed the regulatory action to the Injunctive Relief Distributor, may be considered in resolving the Red Flag.

9. **Customer termination data:** Review information from the Injunctive Relief Distributor's due diligence files and, when operable, from the Clearinghouse, subject to Section VIII.F, regarding Customers that have been terminated from ordering Controlled Substances by another distributor due to concerns regarding Controlled Substances.

E. For any Red Flag evaluation in Section VIII.D that may be performed using Pharmacy Customer Data or Dispensing Data, an Injunctive Relief Distributor will analyze the Red Flag using Pharmacy Customer Data, to the extent feasible based on the functionality of a Customer's pharmacy management system, until Dispensing Data is collected and analyzed by the Clearinghouse as described in Section XVII. Until Dispensing Data is collected and analyzed by the Clearinghouse, an Injunctive Relief Distributor may satisfy the Red Flag evaluations in Sections VIII.D.5 through VIII.D.7 by engaging in considerations of out-of-area patients, cash payments for prescriptions and Top Prescribers without satisfying the specific requirements of Sections VIII.D.5 through VIII.D.7. In the event that the Clearinghouse is not collecting and analyzing Dispensing Data within two years of the Effective Date, the Injunctive Relief Distributors and the State Compliance Review Committee shall meet and confer to consider alternatives for the performance of the analysis required by Sections VIII.D.5 through VIII.D.7 using Pharmacy Customer Data.

F. As provided for in Section XVII.C.4, the foregoing Red Flag evaluations may be performed by the Clearinghouse and reported to the relevant Injunctive Relief Distributors.

G. The Injunctive Relief Distributors and the State Compliance Review Committee shall work in good faith to identify additional potential Red Flags that can be derived from the data analytics to be performed by the Clearinghouse.

IX. Onboarding

A. For each Injunctive Relief Distributor, prior to initiating the sale of Controlled Substances to a potential Customer, a member of the Injunctive Relief Distributor's CSMP department (or a qualified third-party compliance consultant trained on the Injunctive Relief Distributor's CSMP) shall perform the following due diligence:

1. Interview the pharmacist-in-charge, either over the telephone, via videoconference, or in person. The interview shall include questions regarding the manner in which the potential Customer maintains effective controls against the potential diversion of Controlled Substances.

2. Obtain a "Pharmacy Questionnaire" completed by the owner and/or pharmacist-in-charge of the potential Customer. The Pharmacy Questionnaire shall

require going-concern potential Customers to list their top ten (10) prescribers for Highly Diverted Controlled Substances combined, along with the prescriber's specialty, unless the Injunctive Relief Distributor is able to obtain this data otherwise. The Pharmacy Questionnaire shall also require disclosure of the identity of all other distributors that serve the potential Customer, and whether the potential Customer has been terminated or suspended from ordering Controlled Substances by another distributor and the reason for any termination or suspension. The Pharmacy Questionnaire shall request information that would allow the Injunctive Relief Distributor to identify Red Flags, including questions regarding the manner in which the potential Customer maintains effective controls against the potential diversion of Controlled Substances. A potential Customer's responses to the Pharmacy Questionnaire shall be verified, to the extent applicable and practicable, against external sources (for example, the Clearinghouse, once operational, and Automation of Reports and Consolidated Orders System ("ARCOS") data made available to the Injunctive Relief Distributor by the DEA). The Pharmacy Questionnaire shall be maintained by the Injunctive Relief Distributor in a database accessible to its CSMP personnel.

3. Complete a written onboarding report to be maintained in a database accessible to the Injunctive Relief Distributor's CSMP personnel reflecting the findings of the interview and any site visit, the findings regarding the identification of and, if applicable, conclusion concerning any Red Flag associated with the pharmacy, as well as an analysis of the Pharmacy Questionnaire referenced in the preceding paragraph.

4. For going-concern potential Customers, review Pharmacy Customer Data to assist with the identification of any Red Flags.

5. Document whether the potential Customer or the pharmacist-in-charge has been subject to any professional disciplinary sanctions or law enforcement activity related to Controlled Substances dispensing, and, if so, the basis for that action. For Chain Customers, this provision shall apply to the potential specific pharmacies in question.

B. For Chain Customers, each Injunctive Relief Distributor may obtain the information in Section IX.A from a corporate representative of the Chain Customer.

C. In the event that an Injunctive Relief Distributor identifies one or more unresolved Red Flags or other information indicative of potential diversion of Controlled Substances through the onboarding process or otherwise, the Injunctive Relief Distributor shall refrain from selling Controlled Substances to the potential Customer pending additional due diligence. If following additional due diligence, the Injunctive Relief Distributor is unable to resolve the Red Flags or other information indicative of diversion, the Injunctive Relief Distributor shall not initiate the sale of Controlled Substances to the potential Customer and shall report the potential Customer consistent with Section XIV. If the Injunctive Relief Distributor determines that the potential Customer may be onboarded for the sale of Controlled Substances, the Injunctive Relief Distributor shall document the decision and the bases for its decision. Such a good faith determination, if documented, shall not serve, without more, as the basis of a future claim of

non-compliance with the Injunctive Relief Terms. For Chain Customers, these provisions shall apply to the potential specific pharmacies in question.

X. Ongoing Due Diligence

A. Each Injunctive Relief Distributor shall periodically review its procedures and systems for detecting patterns or trends in Customer order data or other information used to evaluate whether a Customer is maintaining effective controls against diversion.

B. Each Injunctive Relief Distributor shall conduct periodic proactive compliance reviews of its Customers' performance in satisfying their corresponding responsibilities to maintain effective controls against the diversion of Controlled Substances.

C. Each Injunctive Relief Distributor shall review ARCOS data made available to it by the DEA and, once operational, by the Clearinghouse, to assist with Customer specific due diligence. For Chain Customers, this provision shall apply to the potential specific pharmacies in question.

D. Each Injunctive Relief Distributor shall conduct due diligence as set forth in its CSMP policies and procedures in response to concerns of potential diversion of Controlled Substances at its Customers. For Chain Customers, these provisions shall apply to the specific pharmacies in question. The due diligence required by an Injunctive Relief Distributor's CSMP policies and procedures may depend on the information or events at issue. The information or events raising concerns of potential diversion of Controlled Substances at a Customer include but are not limited to:

1. The discovery of one or more unresolved Red Flags;
2. The receipt of information directly from law enforcement or regulators concerning potential diversion of Controlled Substances at or by a Customer;
3. The receipt of information concerning the suspension or revocation of pharmacist's DEA registration or state license related to potential diversion of Controlled Substances;
4. The receipt of reliable information through the hotline established in Section V.E concerning suspected diversion of Controlled Substances at the Customer;
5. The receipt of reliable information from another distributor concerning suspected diversion of Controlled Substances at the Customer; or
6. Receipt of other reliable information that the Customer is engaged in conduct indicative of diversion or is failing to adhere to its corresponding responsibility to prevent the diversion of Highly Diverted Controlled Substances.

E. On an annual basis, each Injunctive Relief Distributor shall obtain updated pharmacy questionnaires from five hundred (500) Customers to include the following:

1. The top 250 Customers by combined volume of Highly Diverted Controlled Substances purchased from the Injunctive Relief Distributor measured as of the end of the relevant calendar year; and

2. Additional Customers selected as a representative sample of various geographic regions, customer types (Independent Retail Pharmacy Customers and Chain Customers), and distribution centers. Each Injunctive Relief Distributor's Chief Diversion Control Officer shall develop risk-based criteria for the sample selection.

F. Scope of Review

1. For reviews triggered by Section X.D, an Injunctive Relief Distributor shall conduct due diligence and obtain updated Pharmacy Customer Data or equivalent, or more comprehensive data from the Clearinghouse if needed, as set forth in its CSMP policies and procedures.

2. For questionnaires collected pursuant to Section X.E, Injunctive Relief Distributors shall conduct a due diligence review consistent with the Injunctive Relief Distributors' CSMP policies and procedures. These annual diligence reviews shall be performed in addition to any of the diligence reviews performed under Section X.D, but may reasonably rely on reviews performed under Section X.D.

3. If the Injunctive Relief Distributor decides to terminate the Customer due to concerns regarding potential diversion of Controlled Substances, the Injunctive Relief Distributor shall promptly cease the sale of Controlled Substances to the Customer and report the Customer consistent with Section XIV. If the Injunctive Relief Distributor decides not to terminate the Customer, the Injunctive Relief Distributor shall document that determination and the basis therefor. Such a good faith determination, if documented, shall not, without more, serve as the basis of a future claim of non-compliance with the Injunctive Relief Terms.

XI. Site Visits

A. Each Injunctive Relief Distributor shall conduct site visits, including unannounced site visits, where appropriate, of Customers, as necessary, as part of Customer due diligence.

B. During site visits, an Injunctive Relief Distributor's CSMP personnel or qualified third-party compliance consultants shall interview the pharmacist-in-charge or other relevant Customer employees, if appropriate, about any potential Red Flags and the Customer's maintenance of effective controls against the potential diversion of Controlled Substances.

C. An Injunctive Relief Distributor's CSMP personnel or qualified third-party compliance consultants who conduct site visits shall document the findings of any site visit.

D. Site visit and all other compliance reports shall be maintained by each Injunctive Relief Distributor in a database accessible to all CSMP personnel.

XII. Thresholds

A. Each Injunctive Relief Distributor shall use Thresholds to identify potentially Suspicious Orders of Controlled Substances from Customers.

B. Each Injunctive Relief Distributor's CSMP department shall be responsible for the oversight of the process for establishing and modifying Thresholds. The sales departments of the Injunctive Relief Distributors shall not have the authority to establish or adjust Thresholds for any Customer or participate in any decisions regarding establishment or adjustment of Thresholds.

C. Injunctive Relief Distributors shall not provide Customers specific information about their Thresholds or how their Thresholds are calculated.

1. Threshold Setting

a. Injunctive Relief Distributors shall primarily use model-based thresholds. For certain circumstances, Injunctive Relief Distributors may apply a non-model threshold based on documented customer diligence and analysis.

b. Each Injunctive Relief Distributor shall include in its Annual Threshold Analysis and Assessment Report (as required by Section XVIII.F.3.c) to the Monitor summary statistics regarding the use of non-model thresholds and such information shall be considered by the Monitor as part of its Threshold Setting Process Review in the annual Audit Report.

c. For the purposes of establishing and maintaining Thresholds, each Injunctive Relief Distributor shall take into account the Controlled Substances diversion risk of each drug base code. The diversion risk of each base code should be defined and reassessed annually by the Injunctive Relief Distributor's CSMP Committee and reviewed by the Monitor.

d. Each Injunctive Relief Distributor shall establish Thresholds for new Customers prior to supplying those Customers with Controlled Substances and shall continue to have Thresholds in place at all times for each Customer to which it supplies Controlled Substances.

e. When ordering volume from other distributors becomes readily available from the Clearinghouse, an Injunctive Relief Distributor shall consider including such information as soon as reasonably practicable in establishing and maintaining Thresholds.

f. Each Injunctive Relief Distributor shall incorporate the following guiding principles in establishing and maintaining Customer Thresholds, except when inapplicable to non-model Thresholds:

(i) Thresholds shall take into account the number of non-Controlled Substance dosage units distributed to, dispensed and/or number

of prescriptions dispensed by the Customer to assist with the determination of Customer size. As a general matter, smaller customers should have lower Thresholds than larger customers.

(ii) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall use statistical models that are appropriate to the underlying data.

(iii) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall take into account a Customer's ordering and/or dispensing history for a specified period of time.

(iv) For the purposes of establishing and maintaining Thresholds, Injunctive Relief Distributors shall take into account the ordering history of Customers within similar geographic regions, or, where appropriate for Chain Customers, ordering history within the chain.

(v) If appropriate, Thresholds may take into account the characteristics of Customers with similar business models.

(a) A Customer's statement that it employs a particular business model must be verified, to the extent practicable, before that business model is taken into account in establishing and maintaining a Customer's Threshold.

2. Threshold Auditing

a. The Injunctive Relief Distributors shall review their respective Customer Thresholds at least on an annual basis and modify them where appropriate.

b. Each Injunctive Relief Distributor's CSMP department shall annually evaluate its Threshold setting methodology and processes and its CSMP personnel's performance in adhering to those policies.

3. Threshold Changes

a. An Injunctive Relief Distributor may increase or decrease a Customer Threshold as set forth in its CSMP policies and procedures, subject to Sections XII.C.3.b through XII.C.3.e.

b. Prior to approving any Threshold change request by a Customer, each Injunctive Relief Distributor shall conduct due diligence to determine whether an increase to the Threshold is warranted. This due diligence shall include obtaining from the Customer the basis for the Threshold change request, obtaining and reviewing Dispensing Data and/or Pharmacy Customer Data for the previous three (3) months for due diligence purposes, and, as needed, conducting

an on-site visit to the Customer. This Threshold change request diligence shall be conducted by the Injunctive Relief Distributor's CSMP personnel.

c. No Injunctive Relief Distributor shall proactively contact a Customer to suggest that the Customer request an increase to any of its Thresholds, to inform the Customer that its Orders-to-date are approaching its Thresholds or to recommend to the Customer the amount of a requested Threshold increase. It shall not be a violation of this paragraph to provide Chain Customer headquarters reporting on one or more individual Chain Customer pharmacy location(s) to support the anti-diversion efforts of the Chain Customer's headquarters staff, and it shall not be a violation of this paragraph for the Injunctive Relief Distributor's CSMP personnel to contact Customers to seek to understand a Customer's ordering patterns.

d. An Injunctive Relief Distributor's Chief Diversion Control Officer may approve criteria for potential adjustments to Customer Thresholds to account for circumstances where the Thresholds produced by the ordinary operation of the statistical models require modification. Such circumstances include adjustments to account for seasonal ordering of certain Controlled Substances that are based on documented diligence and analysis, adjustments made to permit ordering of certain Controlled Substances during a declared national or state emergency (e.g., COVID-19 pandemic), IT errors, and data anomalies causing results that are inconsistent with the design of the statistical models. Each Injunctive Relief Distributor shall include in its Annual Threshold Analysis and Assessment Report (as required by Section XVIII.F.3.c) to the Monitor information regarding the use of this paragraph and such information shall be considered by the Monitor as part of its Threshold Setting Process Review in the annual Audit Report.

e. Any decision to raise a Customer's Threshold in response to a request by a Customer to adjust its Threshold must be documented in a writing and state the reason(s) for the change. The decision must be consistent with the Injunctive Relief Distributor's CSMP and documented appropriately.

XIII. Suspicious Order Reporting and Non-Shipment

A. Each Injunctive Relief Distributor shall report Suspicious Orders to the Settling States ("*Suspicious Order Reports*" or "*SORs*"), including those Settling States that do not currently require such SORs, at the election of the Settling State.

B. For the SORs required by the Injunctive Relief Terms, each Injunctive Relief Distributor shall report Orders that exceed a Threshold for Controlled Substances set pursuant to the processes in Section XII that are blocked and not shipped.

C. No Injunctive Relief Distributor shall ship any Order that it (i) reports pursuant to Sections XIII.A or XIII.B, or (ii) would have been required to report pursuant to Sections XIII.A or XIII.B had the Settling State elected to receive SORs.

D. In reporting Suspicious Orders to the Settling States, the Injunctive Relief Distributors shall file SORs in a standardized electronic format that is uniform among the Settling States and contains the following information fields:

1. Customer name;
2. Customer address;
3. DEA registration number;
4. State pharmacy license number;
5. Date of order;
6. NDC number;
7. Quantity;
8. Explanation for why the order is suspicious (up to 250 characters): Details that are order-specific regarding why an order was flagged as a Suspicious Order, including specific criteria used by an Injunctive Relief Distributor's Threshold system (except phrases such as "order is of unusual size" without any additional detail are not acceptable); and
9. Name and contact information for a knowledgeable designee within the Injunctive Relief Distributor's CSMP department to be a point of contact for the SORs.

E. On a quarterly basis, each Injunctive Relief Distributor shall provide a summary report to the Settling States that elect to receive it that provides the following information for the relevant quarter with respect to the top ten (10) Customers by volume for each Highly Diverted Controlled Substance base code that have placed a Suspicious Order for that base code, in that quarter (for Chain Customers, only individual pharmacies in the chain will be considered for evaluation as a top ten (10) Customer):

1. The number of SORs submitted for that Customer by base code;
2. The Customer's order volume by base code for the quarter for all Highly Diverted Controlled Substances;
3. The Customer's order frequency by base code for the quarter for all Highly Diverted Controlled Substances;
4. For each Highly Diverted Controlled Substance base code, the ratio of the Customer's order volume for that base code to the volume of all pharmaceutical orders for the quarter; and
5. The ratio of the Customer's order volume of all Controlled Substances to the volume of all pharmaceutical orders for the quarter.

F. The Injunctive Relief Distributors shall only be required to file a single, uniform, electronic form of SOR with any Settling State that receives SORs pursuant to these Injunctive Relief Terms. A Settling State retains the authority pursuant to applicable state law or relevant state agency authority to request additional information about a particular SOR.

G. It is the objective of the Settling States and the Injunctive Relief Distributors for the Injunctive Relief Distributors to provide SORs to Settling States that identify the same Suspicious Orders as reported to the DEA pursuant to the definition and requirements of the federal Controlled Substances Act and its regulations, although the fields of the SORs submitted to the Settling States as required by Section XIII may differ from the content required by the DEA. To the extent federal definitions and requirements materially change during the term of the Injunctive Relief Terms, the Injunctive Relief Distributors may be required to adjust the format and content of the SORs to meet these federal requirements. The Injunctive Relief Distributors and the State Compliance Review Committee will engage in good faith discussions regarding such adjustments.

H. It shall not be a violation of the Injunctive Relief Terms if an Injunctive Relief Distributor ships a Suspicious Order or fails to submit or transmit a SOR if:

1. The shipment of the Suspicious Order or failed SOR transmission was due to a computer error (data entry mistakes, coding errors, computer logic issues, software malfunctions, and other computer errors or IT failures); and
2. The Injunctive Relief Distributor reports the error, including a description of measures that will be taken to prevent recurrence of the error, to any affected Settling State, the State Compliance Review Committee, and the Monitor within five (5) business days of its discovery.

XIV. Terminated Customers

A. Each Injunctive Relief Distributor shall report to the Clearinghouse, once operational, within five (5) business days (or as otherwise required by state statute or regulation), Customers it has terminated from eligibility to receive Controlled Substances or refused to onboard for the sale of Controlled Substances due to concerns regarding the Customer's ability to provide effective controls against the potential diversion of Controlled Substances following the Effective Date.

B. The Injunctive Relief Distributors shall report to the relevant Settling State(s), within five (5) business days (or as otherwise required by state statute or regulation) Customers located in such Settling States that it has terminated from eligibility to receive Controlled Substances or refused to onboard for the sale of Controlled Substances due to concerns regarding the Customer's ability to provide effective controls against the potential diversion of Controlled Substances following the Effective Date. Such reports will be made in a uniform format. The Injunctive Relief Distributors and the State Compliance Review Committee shall use best efforts to agree on such uniform format for inclusion prior to the requirement taking effect.

C. In determining whether a Customer should be terminated from eligibility to receive Controlled Substances, Injunctive Relief Distributors shall apply factors set out in their CSMP policies and procedures, which shall include the following conduct by a Customer:

1. Has generated an excessive number of Suspicious Orders, which cannot otherwise be explained;
2. Has routinely demonstrated unresolved Red Flag activity;
3. Has continued to fill prescriptions for Highly Diverted Controlled Substances that raise Red Flags following an Injunctive Relief Distributor's warning or communication about such practices;
4. Has failed to provide Pharmacy Customer Data or Dispensing Data in response to a request from an Injunctive Relief Distributor or otherwise refuses to cooperate with the Injunctive Relief Distributor's CSMP after providing the Customer with a reasonable amount of time to respond to the Injunctive Relief Distributor's requests;
5. Has been found to have made material omissions or false statements on a Pharmacy Questionnaire (the requirements for the contents of a Pharmacy Questionnaire are described in Section IX); or
6. Has been the subject of discipline by a State Board of Pharmacy within the past three (3) years or has had its owner(s) or pharmacist-in-charge subject to license probation or termination within the past five (5) years by a State Board of Pharmacy for matters related to Controlled Substances dispensing or a federal or state felony conviction.

D. Once the Clearinghouse has made Customer termination data available to each Injunctive Relief Distributor, each Injunctive Relief Distributor shall consider terminating Customers that have been terminated from eligibility to receive Controlled Substances by another distributor as a result of suspected diversion of Controlled Substances if the Customer is ordering only Controlled Substances from the Injunctive Relief Distributor. If the Injunctive Relief Distributor determines not to terminate Customers to which this paragraph applies, the Injunctive Relief Distributor shall document its decision-making. A good-faith decision to continue shipping Controlled Substances to Customers to which this paragraph applies, shall not serve, without more, as the basis of a future claim of non-compliance with the Injunctive Relief Terms.

E. For Chain Customers, the provisions in Section XIV.A-D shall apply to the specific pharmacies in question.

XV. Emergencies

A. In the circumstances of declared national or state emergencies in which the healthcare community relies on the Injunctive Relief Distributors for critical medicines, medical supplies, products, and services, the Injunctive Relief Distributors may be required to

temporarily modify their respective CSMP processes to meet the critical needs of the supply chain. These modifications may conflict with the requirements of the Injunctive Relief Terms.

B. In the case of a declared national or state emergency, the Injunctive Relief Distributors shall be required to give notice to the State Compliance Review Committee of any temporary material changes to their CSMP processes which may conflict with the requirements of the Injunctive Relief Terms and specify the sections of the Injunctive Relief Terms which will be affected by the temporary change.

C. The Injunctive Relief Distributors shall document all temporary changes to their CSMP processes and appropriately document all customer-specific actions taken as a result of the declared national or state emergency.

D. The Injunctive Relief Distributors shall provide notice to the State Compliance Review Committee at the conclusion of the declared national or state emergency, or sooner, stating that the temporary CSMP processes put into place have been suspended.

E. Provided the Injunctive Relief Distributors comply with the provisions of Sections XV.A through XV.D, the Injunctive Relief Distributors will not face liability for any deviations from the requirements of the Injunctive Relief Terms taken in good faith to meet the critical needs of the supply chain in response to the declared national or state emergency. Nothing herein shall limit Settling States from pursuing claims against the Injunctive Relief Distributors based on deviations from the requirements of the Injunctive Relief Terms not taken in good faith to meet the critical needs of the supply chain in response to a declared national or state emergency.

XVI. Compliance With Laws and Recordkeeping

A. The Injunctive Relief Distributors acknowledge and agree that they must comply with applicable state and federal laws governing the distribution of Controlled Substances.

B. Good faith compliance with the Injunctive Relief Terms creates a presumption that the Injunctive Relief Distributors are acting reasonably and in the public interest with respect to Settling States' existing laws requiring effective controls against diversion of Controlled Substances and with respect to the identification, reporting, and blocking of Suspicious Orders of Controlled Substances.

C. The requirements of the Injunctive Relief Terms are in addition to, and not in lieu of, any other requirements of state or federal law applicable to Controlled Substances distribution. Except as provided in Section XVI.D, nothing in the Injunctive Relief Terms shall be construed as relieving Injunctive Relief Distributors of the obligation to comply with such laws, regulations, or rules. No provision of the Injunctive Relief Terms shall be deemed as permission for Injunctive Relief Distributors to engage in any acts or practices prohibited by such laws, regulations, or rules.

D. In the event of a conflict between the requirements of the Injunctive Relief Terms and any other law, regulation, or requirement such that an Injunctive Relief Distributor cannot comply with the law without violating the Injunctive Relief Terms or being subject to adverse action, including fines and penalties, the Injunctive Relief Distributor shall document such

conflicts and notify the State Compliance Review Committee and any affected Settling State the extent to which it will comply with the Injunctive Relief Terms in order to eliminate the conflict within thirty (30) days of the Injunctive Relief Distributor's discovery of the conflict. The Injunctive Relief Distributor shall comply with the Injunctive Relief Terms to the fullest extent possible without violating the law.

E. In the event of a change or modification of federal or state law governing the distribution of Controlled Substances that creates an actual or potential conflict with the Injunctive Relief Terms, any Injunctive Relief Distributor, any affected Settling State, or the State Compliance Review Committee may request that the Injunctive Relief Distributors, State Compliance Review Committee, and any affected Settling State meet and confer regarding the law change. During the meet and confer, the Injunctive Relief Distributors, the State Compliance Review Committee, and any affected Settling State will address whether the change or modification in federal or state law requires an amendment to the Injunctive Relief Terms. In the event the Injunctive Relief Distributors, the State Compliance Review Committee, and any affected Settling State cannot agree on a resolution, and the dispute relates to whether the generally applicable Injunctive Relief Terms herein should be changed, an Injunctive Relief Distributor, the State Compliance Review Committee, or any affected Settling State may submit the question to the National Arbitration Panel. If the dispute relates to whether a change in an individual State's law requires a modification of the Injunctive Relief Terms only with respect to that State, an Injunctive Relief Distributor, the State Compliance Review Committee, or any affected Settling State may seek resolution of the dispute pursuant to Section XIX. Maintenance of competition in the industry and the potential burden of inconsistent obligations by Injunctive Relief Distributors shall be a relevant consideration in such resolution.

F. Recordkeeping: Each Injunctive Relief Distributor shall retain records it is required to create pursuant to its obligations hereunder in an electronic or otherwise readily accessible format. The Settling States shall have the right to review records provided to the Monitor pursuant to Section XVIII. Nothing in the Injunctive Relief Terms prohibits a Settling State from issuing a lawful subpoena for records pursuant to an applicable law.

XVII. Clearinghouse

A. Creation of the Clearinghouse

1. The Clearinghouse functions shall be undertaken by a third-party vendor or vendors.
2. The vendor(s) will be chosen through a process developed and jointly agreed upon by the Injunctive Relief Distributors and the State Compliance Review Committee.
3. Consistent with the process developed by the Injunctive Relief Distributors and the State Compliance Review Committee, within two (2) months of the Effective Date, the Injunctive Relief Distributors shall issue a Request for Proposal to develop the systems and capabilities for a Clearinghouse to perform the services of a data aggregator.

4. Within five (5) months of the Effective Date, the Clearinghouse Advisory Panel shall select one or more entities to develop the systems for the Clearinghouse and perform data aggregator services. The Clearinghouse Advisory Panel shall select a vendor or vendors that employ or retain personnel who have adequate expertise and experience related to the pharmaceutical industry, the distribution of Controlled Substances, and the applicable requirements of the Controlled Substances Act and the DEA's implementing regulations.

5. Within sixty (60) days of the selection of a vendor(s) to serve as the Clearinghouse, the Injunctive Relief Distributors shall negotiate and finalize a contract with the vendor(s). The date that the contract is signed by the Injunctive Relief Distributors and the vendor(s) shall be referred to as the "*Clearinghouse Retention Date*."

6. The development of the Clearinghouse shall proceed on a phased approach as discussed in Sections XVII.C and XVII.D.

B. Governance and Staffing of the Clearinghouse

1. *Capabilities.* The selected vendor or vendors shall staff the Clearinghouse in a manner that ensures the development of robust data collection, analytics and reporting capabilities for the Settling States and Injunctive Relief Distributors. To the extent additional expertise is required for the engagement, the vendor(s) may retain the services of third-party consultants.

2. *Independence.* While performing services for the Clearinghouse, all vendors and consultants, and their staff working on the Clearinghouse, shall be independent (*i.e.*, not perform services of any kind, including as a consultant or an employee on behalf of any Injunctive Relief Distributor outside of the ordinary business operations of the Clearinghouse). Independence may be achieved by implementing appropriate ethical walls with employees who are currently performing or who have previously performed work for an Injunctive Relief Distributor within two years of the Clearinghouse Retention Date.

3. *Liability.* The Injunctive Relief Distributors are entitled to rely upon information or data received from the Clearinghouse, whether in oral, written, or other form. No Injunctive Relief Distributor, and no individual serving on the Clearinghouse Advisory Panel, shall have any liability (whether direct or indirect, in contract or tort or otherwise) to any Party for or in connection with any action taken or not taken by the Clearinghouse. In addition, no Injunctive Relief Distributor, and no individual serving on the Clearinghouse Advisory Panel, shall have any liability (whether direct or indirect, in contract or tort or otherwise) to any Party for or in connection with any action taken or not taken by an Injunctive Relief Distributor based on incorrect, inaccurate, incomplete or otherwise erroneous information or data provided by the Clearinghouse, unless the information or data was incorrect, inaccurate, incomplete or otherwise erroneous because the Injunctive Relief Distributor itself provided incorrect, inaccurate, incomplete or otherwise erroneous data or information to the Clearinghouse. For any legal requirements

that are assumed by the Clearinghouse during Phase 2-B pursuant to Section XVII.D.3, liability shall be addressed pursuant to Section XVII.D.3.c.

4. *Clearinghouse Advisory Panel.* The State Compliance Review Committee and Injunctive Relief Distributors shall create a Clearinghouse Advisory Panel no later than sixty (60) days after the Effective Date to oversee the Clearinghouse.

a. The Clearinghouse Advisory Panel shall have an equal number of members chosen by the State Compliance Review Committee on the one hand, and the Injunctive Relief Distributors on the other. The size of the Clearinghouse Advisory Panel will be decided by the State Compliance Review Committee and the Injunctive Relief Distributors, and the State Compliance Review Committee and the Injunctive Relief Distributors may select as members third-party experts, but no more than one half of each side's representatives may be such third-party experts. At least one member chosen by the State Compliance Review Committee will be based on consultation with the National Association of State Controlled Substances Authorities.

b. During the first two years of the operation of the Clearinghouse, the Clearinghouse Advisory Panel shall meet (in-person or remotely) at least once per month. After the first two years of operation, the Clearinghouse Advisory Panel shall meet at least quarterly. The Monitor may attend Clearinghouse Advisory Panel meetings and may provide recommendations to the Clearinghouse Advisory Panel.

c. The Clearinghouse Advisory Panel shall establish a subcommittee to advise on issues related to privacy, the Health Insurance Portability and Accountability Act of 1996 ("*HIPAA*"), and data security and a subcommittee to advise on issues related to Dispensing Data. It may establish additional subcommittees. Subcommittees may include individuals who are not members of the Clearinghouse Advisory Panel. The Clearinghouse Advisory Panel may invite one or more prescribers, dispensers, and representatives from state Prescription Drug Monitoring Programs ("*PDMP*") to serve on the Dispensing Data subcommittee. Each Injunctive Relief Distributor shall have a representative on each subcommittee created by the Clearinghouse Advisory Panel.

d. The Clearinghouse Advisory Panel may delegate tasks assigned to it by the Injunctive Relief Terms to the Executive Director.

e. *Executive Director.* One employee of the vendor, or one representative from the vendor group in the event that there are multiple vendors, shall be an Executive Director who shall manage day-to-day operations and report periodically to the Clearinghouse Advisory Panel.

C. Phase 1 of the Clearinghouse: Data Collection, Initial Analytics and Reporting

1. System Development

a. Within one (1) year of the Clearinghouse Retention Date, the Clearinghouse shall develop systems to receive and analyze data obtained from the Injunctive Relief Distributors pursuant to electronic transmission formats to be agreed upon by the Clearinghouse Advisory Panel.

b. In developing such systems, the Clearinghouse shall ensure that:

(i) The systems provide robust reporting and analytic capabilities.

(ii) Data obtained from Injunctive Relief Distributors shall be automatically pulled from the existing order management data platforms (e.g., SAP).

(iii) The systems shall be designed to receive data from sources other than the Injunctive Relief Distributors, including pharmacies, non-Injunctive Relief Distributors, the DEA, State Boards of Pharmacy, and other relevant sources, pursuant to standardized electronic transmission formats.

(iv) The systems shall be designed to protect personally identifiable information (“*PII*”) and protected health information (“*PHI*”) from disclosure and shall comply with HIPAA and any federal and state laws relating to the protection of PII and PHI.

(v) The Clearinghouse will establish a HIPAA-compliant database that can be accessed by state authorities, the Injunctive Relief Distributors, and any entities that subsequently participate in the Clearinghouse. The database that will be made available to the Injunctive Relief Distributors and any non-governmental entities that subsequently participate in the Clearinghouse will also blind commercially sensitive information.

(vi) State authorities shall have access to the HIPAA-compliant database via web-based tools and no additional or specialized equipment or software shall be required. This access shall allow state authorities to query the HIPAA-compliant database without limitation.

(vii) The Injunctive Relief Distributors shall be permitted to use data obtained from the Clearinghouse for anti-diversion purposes, including the uses expressly contemplated by the Injunctive Relief Terms. The Injunctive Relief Distributors shall not sell (or obtain license fees for) data obtained from Clearinghouse to any third-parties. Nothing in the Injunctive Relief Terms shall prohibit an Injunctive Relief Distributor from using its own data, including data provided to the Injunctive Relief Distributor by third-parties other than the Clearinghouse, for any commercial purposes, including selling or licensing its data to third-parties.

2. Aggregation of Data

a. It is the goal of the Settling States and the Injunctive Relief Distributors for the Clearinghouse to obtain comprehensive data from all distributors, pharmacies, and other relevant data sources to provide maximum permissible transparency into the distribution and dispensing of Controlled Substances. During Phase 1, the Clearinghouse Advisory Panel shall develop recommendations for ways to achieve this goal.

b. In Phase 1, the Injunctive Relief Distributors shall provide and/or facilitate the collection of, and the Clearinghouse shall collect and maintain, the following:

(i) Injunctive Relief Distributor transaction data for Controlled Substances and non-Controlled Substances, specified at the NDC, date, quantity, and customer level.

(ii) Injunctive Relief Distributor information on Customers that have been terminated and/or declined onboarding due to concerns regarding Controlled Substance dispensing following the Effective Date.

c. The Clearinghouse shall make available to the Injunctive Relief Distributors, in a format to be determined by the Clearinghouse Advisory Panel, blinded data for their CSMP due diligence functions. The data will include all Controlled Substances and non-Controlled Substances and be refreshed on a regular basis. The Clearinghouse will also seek to provide non-identifying information regarding whether a single distributor is associated with multiple warehouses with unique DEA registrations (e.g., multiple distribution centers operated by a single distributor), in the data it makes available.

d. During Phase 1, the Clearinghouse Advisory Panel (with input from its Dispensing Data subcommittee) will develop an operational plan to obtain Dispensing Data directly from pharmacies, unless the Clearinghouse Advisory Panel determines it is inadvisable to do so. The operational plan developed by the Clearinghouse Advisory Panel shall address compliance with HIPAA and shall include recommendations to facilitate the collection of Dispensing Data in compliance with HIPAA and relevant state privacy laws. To the extent possible, the Clearinghouse will begin collecting Dispensing Data during Phase 1.

e. Nothing in the Injunctive Relief Terms shall require the Injunctive Relief Distributors to indemnify or otherwise be responsible to pharmacy customers for any claims resulting from the provision of Dispensing Data to the Clearinghouse, including, but not limited to, claims related to any data breaches occurring with the data transmitted to or maintained by the Clearinghouse.

3. State and Federal Reporting Requirements

a. The Injunctive Relief Distributors shall comply with state and federal transactional and Suspicious Order reporting requirements related to Controlled Substances as follows:

(i) Until such time as the Clearinghouse is able to provide transactional and Suspicious Order regulatory reporting to the states on behalf of the Injunctive Relief Distributors, the Injunctive Relief Distributors shall continue to file all required reports under state law and those reports required by these Injunctive Relief Terms.

(ii) Once the Clearinghouse is able to process and submit such reports, the Clearinghouse may process and submit those reports on behalf of each Injunctive Relief Distributor to the states. At all times during Phase 1, each Injunctive Relief Distributor shall remain responsible for the identification of Suspicious Orders and will remain liable for a failure to submit transactional data or Suspicious Order reports required under state law or these Injunctive Relief Terms.

(iii) An Injunctive Relief Distributor may elect to fulfill its reporting obligations directly, rather than have the Clearinghouse assume the responsibility for the transmission of the various reports.

4. Additional Reports and Analytics

a. In consultation with the Clearinghouse Advisory Panel, the Clearinghouse shall work to develop additional reports and analyses to assist the Settling States and the Injunctive Relief Distributors in addressing Controlled Substance diversion, including, but not limited to, identifying Red Flags consistent with Section VIII.

b. The Clearinghouse will generate analyses and reports to be used by the Settling States and the Injunctive Relief Distributors based on format and content recommended by the Clearinghouse Advisory Panel. In order to refine the format and reach final recommendations, the Clearinghouse shall prepare sample analytical reports for a sample geographic region to review with the Clearinghouse Advisory Panel. The sample reports will also be shared with the DEA in an effort to receive additional feedback.

c. After the content and format of the sample reports have been approved by the Clearinghouse Advisory Panel, the Clearinghouse will begin producing reports on a periodic basis.

d. The Clearinghouse will develop capabilities to provide Settling States customized reports upon reasonable request to assist in their efforts to combat the diversion of Controlled Substances and for other public health and regulatory purposes.

e. After the Clearinghouse has obtained sufficient Dispensing Data from Customers, the Clearinghouse shall commence providing standard reports to the Settling States and Injunctive Relief Distributors that will include summaries and analysis of Dispensing Data. The reports and analytics of Dispensing Data shall be developed in consultation with the Clearinghouse Advisory Panel (including its Dispensing Data subcommittee) and shall include, but not be limited to:

(i) Identification of Customers whose dispensing may indicate Red Flags consistent with Section VIII, as determined by the Clearinghouse from aggregate data; and

(ii) Identification of Customers whose aggregate dispensing volumes for Highly Diverted Controlled Substances are disproportionately high relative to the population of the relevant geographic area.

f. The Clearinghouse shall also prepare reports and analyses for the Settling States and Injunctive Relief Distributors identifying prescribers whose prescribing behavior suggests they may not be engaged in the legitimate practice of medicine. Such reports and analysis shall be developed in consultation with the Clearinghouse Advisory Panel (including its Dispensing Data subcommittee) and shall seek to identify and evaluate:

(i) Prescribers who routinely prescribe large volumes of Highly Diverted Controlled Substances relative to other prescribers with similar specialties, including health care professionals who prescribe a large number of prescriptions for high dosage amounts of Highly Diverted Controlled Substances;

(ii) Prescribers whose prescriptions for Highly Diverted Controlled Substances are routinely and disproportionately filled in a geographic area that is unusual based on the prescriber's location; and

(iii) Prescribers who routinely prescribe out-of-specialty or out-of-practice area without legitimate reason.

g. Reports or analysis generated by the Clearinghouse may not be based on complete data due to a lack of participation by non-Injunctive Relief Distributors and pharmacies. As such, Injunctive Relief Distributors shall not be held responsible for actions or inactions related to reports and analysis prepared by the Clearinghouse which may be based on incomplete data due to a lack of participation by non-Injunctive Relief Distributors and pharmacies.

D. Phase 2 of the Clearinghouse: Additional Data Collection and Analytics and Assumption of CSMP Functions

Within one (1) year of Phase 1 of the Clearinghouse being operational, the Clearinghouse and the Clearinghouse Advisory Panel shall develop a detailed

strategic and implementation plan for Phase 2 of the Clearinghouse (“*Phase 2 Planning Report*”). Phase 2 will consist of two parts. Phase 2-A will focus on increasing data collection from non-Injunctive Relief Distributors, pharmacies and other data sources and developing enhanced analytics based on the experiences gained from Phase 1. Phase 2-A will also include recommendations for the development of uniform federal and state reporting. Phase 2-B will involve the potential assumption of various CSMP activities, including Threshold setting and order management by the Clearinghouse. The Phase 2 Planning Report will address both Phase 2-A and Phase 2-B. After the completion of the Phase 2 Planning Report, individual Injunctive Relief Distributors, in their sole discretion, may elect not to proceed with Phase 2-B as provided by Section XVII.E. If one or more Injunctive Relief Distributors elect to proceed with Phase 2-B, the goal will be to have Phase 2-B fully operational within two (2) years of the Clearinghouse Retention Date and no later than three (3) years of the Clearinghouse Retention Date.

1. Phase 2-A: Additional Data Collection and Analytics

a. During Phase 2-A, the Clearinghouse will continue the functions defined in Phase 1 and work to expand the scope of its data collection and enhance its analytics and reporting capabilities including the following:

(i) Integration of data from additional sources, including:

(a) Transaction data from other distributors, including manufacturers that distribute directly to retail pharmacies and pharmacies that self-warehouse; and

(b) Where possible, state PDMP data and other data, including, but not limited to, State Board of Medicine and Board of Pharmacy sanctions, and agreed-upon industry data. If state PDMP data is effectively duplicative of Dispensing Data already obtained in Phase 1, it will not be necessary for the Clearinghouse to obtain state PDMP data.

(ii) Development of additional metrics analyzing the data available from the additional data sources (PDMP, other pharmacy data, sanction authorities, and third-party volume projections).

(iii) Development of real-time or near real-time access to distribution data, dispensing data and other data sources.

(iv) Refinement of methodologies for analyzing Dispensing Data to identify suspicious prescribers.

(v) Development of additional capabilities to provide Settling States, the Injunctive Relief Distributors and potentially the DEA customized reporting from the Clearinghouse upon reasonable request.

2. Phase 2-A: Uniform Required Reporting

a. The Clearinghouse and the Clearinghouse Advisory Panel shall develop uniform reporting recommendations for potential implementation by state regulators in order to allow the Injunctive Relief Distributors to satisfy their obligations under the Injunctive Relief Terms and state and federal laws in a uniform and consistent manner.

b. It is a goal of the Settling States and the Injunctive Relief Distributors to:

(i) Streamline and simplify required reporting which will benefit the Injunctive Relief Distributors and the Settling States, as well as the DEA;

(ii) Develop uniform transactional and Suspicious Order reporting requirements; and

(iii) Provide for the submission of uniform Suspicious Order reports.

3. Phase 2-B: Clearinghouse Assumption of CSMP Functions

a. With respect to Phase 2-B, the Phase 2 Planning Report shall address:

(i) Engagement with stakeholders, including the DEA, to develop the system of Threshold setting and Suspicious Order reporting to potentially be provided by the Clearinghouse;

(ii) Development of technology and rules, including any proposed changes to federal law or regulations;

(iii) Development of models for the identification of Suspicious Orders and setting universal Thresholds in a manner consistent with Section XII. These models shall include active order management and order fulfillment protocols to ensure that orders are compared to relevant Thresholds by the Clearinghouse before shipment instructions are provided by the Clearinghouse to the Injunctive Relief Distributors. The models shall also include the identification of Suspicious Orders when they are placed by Customers, which will be held before shipment or blocked based on instructions provided by the Clearinghouse to the Injunctive Relief Distributors.

(iv) Development of criteria governing distribution to Customers that have placed one or more Orders that exceed a Threshold;

(v) Development of rules for allocating Orders placed by Customers that have more than one Distributor if one or more Orders exceed a Threshold;

(vi) Development of a pilot project for a sample geographic region to perform data analysis to test the models for Threshold setting and the identification of Suspicious Orders.

b. Following implementation of Phase 2-B, the Injunctive Relief Distributors participating in Phase 2-B and the State Compliance Review Committee shall meet and confer with respect to whether to expand the scope of the Clearinghouse to cover additional anti-diversion functions, such as the performance of due diligence.

c. CSMP functions that have been assumed by the Clearinghouse during Phase 2-B will no longer be performed by participating Injunctive Relief Distributors individually through their CSMPs. CSMP functions performed by the Clearinghouse will assist participating Injunctive Relief Distributors to satisfy the applicable legal obligations of those Injunctive Relief Distributors. The Clearinghouse's performance of CSMP functions will not relieve participating Injunctive Relief Distributors from their legal obligations unless (i) the Injunctive Relief Distributors and the State Compliance Review Committee jointly enter into a written agreement for the Clearinghouse to assume legal requirements during Phase 2-B; and (ii) all vendors and consultants working on the Clearinghouse agree in writing to assume such obligations. Nothing in this paragraph shall apply to any Injunctive Relief Distributor that does not participate in Phase 2-B pursuant to Section XVII.E.

E. Option to Opt Out of Phase 2-B

1. Each Injunctive Relief Distributor shall have the option, in its sole discretion, to elect not to participate in Phase 2-B at any point. In the event that an Injunctive Relief Distributor elects not to participate in Phase 2-B, that Injunctive Relief Distributor shall cease to have any obligation to fund future costs directly related to Phase 2-B of the Clearinghouse or to implement the Clearinghouse's determinations as to identification of Suspicious Orders and Suspicious Order reporting. If an Injunctive Relief Distributor elects not to participate in Phase 2-B, that Injunctive Relief Distributor shall remain responsible for the requirements specified for Phase 1 and Phase 2-A of the Clearinghouse and shall be responsible for contributing to the costs associated with Phase 1 and Phase 2-A.

2. In the event that an Injunctive Relief Distributor elects not to participate in Phase 2-B, the Clearinghouse Advisory Panel shall discuss and make recommendations for any necessary adjustments to the Phase 2-B capabilities described in Section XVII.D.3.

F. Funding

1. The establishment and ongoing operations of the Clearinghouse shall be funded by the Injunctive Relief Distributors for a period of ten (10) years commencing on the Clearinghouse Retention Date.

2. For each of the first two (2) years of the operation of the Clearinghouse, the Injunctive Relief Distributors will make total payments of \$7.5 million per year combined. For years three (3) through ten (10), the Injunctive Relief Distributors will make total payments of \$3 million per year combined. Additional costs associated with Phase 2-B shall be billed to the Injunctive Relief Distributors participating in Phase 2-B.

3. Payments by the Injunctive Relief Distributors for the Clearinghouse shall be allocated among the Injunctive Relief Distributors as set forth in Section IV.H of the Settlement Agreement, dated as of July 21, 2021, which incorporates these Injunctive Relief Terms as Exhibit P.

4. In the event that the cost of the Clearinghouse exceeds the amounts provided by the Injunctive Relief Distributors, the Injunctive Relief Distributors and State Compliance Review Committee shall meet-and-confer on alternatives, which may include:

a. Limiting the operations of the Clearinghouse consistent with a revised budget;

b. Seeking additional sources of funding for the Clearinghouse; and/or

c. Allocating, in a manner consistent with the allocation of payments between the Injunctive Relief Distributors as set forth in Section XVII.F.3, additional amounts that are the responsibility of the Injunctive Relief Distributors to be used for the operation of the Clearinghouse.

5. The Injunctive Relief Distributors and the State Compliance Review Committee agree to engage in good faith discussions regarding potential continued operation and funding of the Clearinghouse following the initial ten (10) year period of Clearinghouse operations.

6. The Injunctive Relief Distributors and the State Compliance Review Committee shall develop a means to obtain payments from other parties that may use or benefit from the Clearinghouse, including, but not limited to, other settling defendants, non-Injunctive Relief Distributors, or other parties and the Clearinghouse Advisory Panel shall consider other funding sources for the Clearinghouse. This may include consideration of a user fee or other model by which non-Injunctive Relief Distributors that use the Clearinghouse will contribute to funding the Clearinghouse.

7. In the event that ten (10) or more Settling States reach agreements with any national retail chain pharmacies to resolve claims related to the distribution of Controlled Substances, the Settling States' Attorneys' General agree to make participation in the Clearinghouse, including providing data to the Clearinghouse and

contribution to the cost of the operation of the Clearinghouse, a condition of any settlement. The Settling States' Attorneys' General agree to make best efforts to ensure that any other settling distributors and/or pharmacies participate in the Clearinghouse. To the extent that the Attorneys General are able to secure participation by additional distributors and/or pharmacies, it is anticipated that, to the extent practicable based on the financial and relative size of the settling distributor and/or pharmacy, those entities will contribute to the cost of the operation of the Clearinghouse. The Injunctive Relief Distributors' obligation to fund the Clearinghouse shall be partially reduced by contributions obtained from other distributors and/or pharmacies pursuant to a formula to be determined by the Clearinghouse Advisory Panel.

G. Confidentiality

1. All data provided to the Clearinghouse shall be confidential.
2. Information provided by distributors participating in the Clearinghouse may not be provided to any other entity or individual outside those expressly contemplated by the Injunctive Relief Terms.
3. The Clearinghouse may not provide to any distributor information specific to another distributor. Notwithstanding the prior sentence, the Clearinghouse may provide blinded data to a distributor reflecting total Orders (across all distributors) for a particular Customer, region, and/or state at the base code and NDC number level and all transactional data information. Such information may only be used by receiving distributors for purposes of identifying, minimizing, or otherwise addressing the risk of Controlled Substances diversion. No distributor or pharmacy, including the Injunctive Relief Distributors, shall attempt to obtain revenue from this information. Such information provided by the Clearinghouse shall be compliant with all applicable laws and regulations.
4. If the Clearinghouse receives a request for disclosure of any data, material or other information created or shared under the Injunctive Relief Terms, pursuant to a Third Party Request, the Clearinghouse shall notify the Injunctive Relief Distributors and the Clearinghouse Advisory Panel of the Third Party Request and any confidential information to be disclosed so that the Injunctive Relief Distributors may seek a protective order or otherwise challenge or object to the disclosure. The Clearinghouse shall provide the Injunctive Relief Distributors and the Clearinghouse Advisory Panel with at least ten (10) days' advance notice before complying with any Third Party Request for confidential information, except where state law requires a lesser period of advance notice.

H. Data Integrity

1. The Clearinghouse shall use best-in-class technology to preserve the integrity of the data.

2. The Clearinghouse shall report any data breaches under HIPAA and state law that occur as a result of any of its data collection and reporting activities to the Settling States and other authorities as required by law.

3. The Injunctive Relief Distributors and the Settling States shall not be liable for any breaches of any databases maintained by the Clearinghouse. This does not excuse the Clearinghouse or its vendor(s) from compliance with all state and federal laws and regulations governing (1) the protection of personal information and protected health information, or (2) notifications relating to Data Security Events.

I. Credit for Investment in the Clearinghouse

1. The Injunctive Relief Distributors and the State Compliance Review Committee shall negotiate in good faith regarding a potential credit against Injunctive Relief Distributors' overall settlement obligations if costs exceed the amounts specified in Section XVII.F.

XVIII. Monitor

A. Monitor Selection and Engagement

1. The Injunctive Relief Distributors shall engage a Monitor to perform the reviews described in Section XVIII.F. The Monitor shall employ or retain personnel who have appropriate qualifications related to the pharmaceutical industry and the laws governing the distribution of pharmaceuticals, the distribution of Controlled Substances, and the applicable requirements of federal and state law. The Monitor may also employ or retain personnel who have appropriate qualifications in the audit and review of sample documents in order to conduct the reviews described in Section XVIII.F. To the extent additional expertise is required for the engagement, the Monitor may retain the services of third-party consultants.

2. The Monitor must perform each review described in Section XVIII.F in a professionally independent and objective fashion, as defined in the most recent Government Auditing Standards issued by the United States Government Accountability Office. A Monitor shall not be engaged in active litigation involving one or more of the Injunctive Relief Distributors or Settling States or present a potential conflict of interest involving matters concerning an Injunctive Relief Distributor, except by agreement of the affected parties. If the Monitor is employed by an entity that performed work for any Injunctive Relief Distributor or any of the Settling States prior to the Effective Date, the Monitor will cause to be implemented appropriate ethical walls between the Monitor team and the employees of the firm who have previously performed work for an Injunctive Relief Distributor or any of the Settling States.

3. The process for selecting the Monitor shall be as follows:

a. Within sixty (60) calendar days of the Effective Date, the Injunctive Relief Distributors and the State Compliance Review Committee shall exchange pools of recommended candidates to serve as the Monitor. The pools

shall each contain the names of three (3) individuals, groups of individuals, or firms.

b. After receiving the pools of Monitor candidates, the Injunctive Relief Distributors and the State Compliance Review Committee shall have the right to meet with the candidates and conduct appropriate interviews of the personnel who are expected to work on the project. The Injunctive Relief Distributors (individually or in combination) and the State Compliance Review Committee may veto any of the candidates, and must do so in writing within thirty (30) days of receiving the pool of candidates. If all three (3) candidates within a pool are rejected by either the Injunctive Relief Distributors or the State Compliance Review Committee, the party who rejected the three (3) candidates may direct the other party to provide up to three (3) additional qualified candidates within thirty (30) calendar days of receipt of said notice.

c. If the Injunctive Relief Distributors or the State Compliance Review Committee do not object to a proposed candidate, the Injunctive Relief Distributors or the State Compliance Review Committee shall so notify the other in writing within thirty (30) days of receiving the pool of candidates. If more than one candidate remains, the State Compliance Review Committee shall select the Monitor from the remaining candidates. Within thirty (30) calendar days of the selection of the Monitor, the Injunctive Relief Distributors shall retain the Monitor, and finalize all terms of engagement, supplying a copy of an engagement letter to the State Compliance Review Committee. The terms of engagement shall include a process by which Injunctive Relief Distributors may challenge Monitor costs as excessive, duplicative or unnecessary, which process must be approved by the State Compliance Review Committee.

4. The Injunctive Relief Distributors shall be responsible for the Monitor's fees and costs directly related to its performance of the work specified by the Injunctive Relief Terms up to a limit of \$1,000,000 per year per Injunctive Relief Distributor (*i.e.*, a total of \$3,000,000 per year).

5. Prior to each year, the Monitor shall submit a combined annual budget to the Injunctive Relief Distributors and State Compliance Review Committee that shall not exceed a total of \$3,000,000. The Monitor shall submit quarterly reports to the Injunctive Relief Distributors and the State Compliance Review Committee tracking actual spend to the annual budget.

6. In the event that any of the Injunctive Relief Distributors or State Compliance Review Committee believe that the Monitor is not performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner, an Injunctive Relief Distributor or the State Compliance Review Committee shall recommend in writing changes to the Monitor's practices to reduce cost. The Monitor, Injunctive Relief Distributors, and the State Compliance Review Committee shall meet and confer in good faith in response to such a recommendation.

7. In the event that the Injunctive Relief Distributor and the State Compliance Review Committee cannot agree on whether the recommended cost reductions are warranted, either the State Compliance Review Committee or the Injunctive Relief Distributors may submit the question to the National Arbitration Panel, who shall determine whether the Monitor is performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner, and, if not, the necessary changes to the Monitor's practices to reduce cost.

8. If the National Arbitration Panel determines that the Monitor cannot complete the reviews described in Section XVIII.F within the combined annual budget of \$3,000,000, the National Arbitration Panel shall require the Monitor to provide the Injunctive Relief Distributors and the State Compliance Review Committee with a written report explaining why it is not possible to complete the reviews within budget and all steps the Monitor has taken to perform its duties and responsibilities under the Injunctive Relief Terms in a reasonably cost effective manner. After receiving the Monitor's report, the Injunctive Relief Distributors, and the State Compliance Review Committee shall meet and confer in good faith to determine whether an increase in the combined budget is appropriate. If the Injunctive Relief Distributors and the State Compliance Review Committee cannot reach an agreement on the amount of the reasonable costs in excess of \$3,000,000 for the relevant year, the issue will be submitted to the National Arbitration Panel for resolution. The National Arbitration Panel may award additional costs up to total cap of \$5,000,000 for the relevant year (\$3,000,000 plus an additional \$2,000,000).

9. Unless the Injunctive Relief Distributors and the State Compliance Review Committee agree otherwise as part of the meet and confer process in the prior paragraph (such as by agreeing to limit the Monitor's duties and responsibilities for the remainder of the year), the amount above \$3,000,000 and up to the total cap of \$5,000,000 in a given year necessary for the Monitor to complete the reviews described in Section XVIII.F shall be divided evenly among the Injunctive Relief Distributors without reducing any other amounts that are the responsibility of the Injunctive Relief Distributors.

B. Early Termination of the Monitor

1. In the event any of the Injunctive Relief Distributors or State Compliance Review Committee believe that the Monitor is not performing its duties and responsibilities under the Injunctive Relief Terms in a reasonably professional, competent and independent manner, an Injunctive Relief Distributor or the State Compliance Review Committee shall recommend replacement of the Monitor in writing. The Injunctive Relief Distributors and the State Compliance Review Committee shall meet and confer in good faith in response to a recommendation to replace the Monitor. If the State Compliance Review Committee and the Injunctive Relief Distributors agree that the Monitor should be replaced, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.

2. In the event the Injunctive Relief Distributor and the State Compliance Review Committee cannot agree on whether the Monitor should be replaced, either the State Compliance Review Committee or the Injunctive Relief Distributors may submit the question of the Monitor's dismissal to the National Arbitration Panel, and the Monitor shall only be dismissed if that panel finds that there is Good Cause for dismissal. Good Cause for dismissal shall mean (a) a material and substantial breach of the terms of the Monitor's obligations under the Injunctive Relief Terms; (b) any act of dishonesty, misappropriation, embezzlement, intentional fraud, or similar conduct by the Monitor; (c) any clear pattern of bias or prejudice in favor or against any party by the Monitor; (d) conduct by the Monitor that demonstrates unfitness to fulfill the functions of the Monitor reasonably and competently; or (e) conflicts of interest described in Section XVIII.A.2. If the panel finds that the Monitor should be dismissed, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.

3. In addition, if the Monitor resigns for any reason, a replacement Monitor will be selected in the manner set forth in Section XVIII.A.3.

C. Term and Reporting Periods

1. The term of the Monitor will be five (5) years from the date the Monitor is appointed, divided into one-year periods for purposes of the reviews and reporting described in Section XVIII ("*Reporting Periods*").

D. Monitor Access to Information

1. In connection with its reviews set forth in Section XVIII.F, the Monitor may request to interview employees with appropriate authority and responsibilities as necessary. In the event that an Injunctive Relief Distributor believes that the Monitor is requesting an unreasonable number of interviews or requesting interviews of employees who do not have relevant information to the reviews required by Section XVIII.F, the Injunctive Relief Distributor and State Compliance Review Committee shall meet and confer in good faith to resolve this issue.

2. The Chief Diversion Control Officer of each Injunctive Relief Distributor or a direct report of the Chief Diversion Control Officer shall serve as the primary point of contact for the Monitor to facilitate the Monitor's access to documents, materials, or staff necessary to conduct the reviews specified in Section XVIII.F. The Monitor shall communicate any request for documents, materials, or access to staff to the Chief Diversion Control Officers or their designees.

3. If at any time the Monitor believes there is undue delay, resistance, interference, limitation, or denial of access to any records or to any employee or former employee deemed necessary by the Monitor to conduct the reviews specified in Section XVIII.F, the Monitor shall notify the Chief Diversion Control Officer of the Injunctive Relief Distributor and they shall meet and confer to resolve such issue. If the Monitor believes that the matter was not resolved, the Monitor shall immediately report the issue to the State Compliance Review Committee.

4. To the extent any of the documents requested by the Monitor contain material protected from disclosure by any legal privilege, including the attorney-client privilege or attorney work product protections, an Injunctive Relief Distributor may redact such material before providing the documents to the Monitor, but must provide the Monitor with a privilege log describing the redacted information and identifying the basis for redaction.

5. Notwithstanding any other information referenced and produced pursuant to Section XVIII, the Monitor shall have access to, and each Injunctive Relief Distributor's Chief Diversion Control Officer shall produce to the Monitor, any settlement agreements with government entities entered into after the Effective Date specifically concerning the requirements contained in the Injunctive Relief Terms and an Injunctive Relief Distributor's distribution of Controlled Substances (as opposed to distribution of pharmaceutical products in general).

E. Settling States' Access to Monitor

1. Other than in connection with the initiation of a Notice of Potential Violation set forth in Section XIX.B.2, should the Monitor believe it needs to initiate communication with the State Compliance Review Committee regarding an Injunctive Relief Distributor's compliance with the Injunctive Relief Terms, the Monitor's communications should include the Chief Diversion Control Officer or counsel of the affected Injunctive Relief Distributor, regardless of the form of communication.

2. The State Compliance Review Committee shall have access to any settlement agreements produced to the Monitor pursuant to Section XVIII.D.5.

F. Reviews to be Conducted by the Monitor

1. There shall be two (2) types of reviews to be conducted by the Monitor:

- a. Customer-specific reviews, as set forth in Section XVIII.F.2; and
- b. System reviews, as set forth in Section XVIII.F.3.

2. Customer-Specific Reviews

a. The following Customer-specific reviews will be conducted by the Monitor for each Injunctive Relief Distributor for each of the Reporting Periods:

- (i) Threshold Change Request Review ("*TCR Review*");
- (ii) Onboarding New Customer Review ("*Onboarding Review*");
- (iii) Ongoing Due Diligence Review ("*Ongoing Diligence Review*");

(iv) Customer Termination Review (“*Termination Review*”);
and

(v) Orders that Exceed Thresholds but are Shipped Review (“*Exceeded Threshold Review*”).

2. The Monitor will not use materials or information received from one Injunctive Relief Distributor, or information or analysis developed using the Confidential Information of an Injunctive Relief Distributor, in its assessment of any other Injunctive Relief Distributor. Because each Injunctive Relief Distributor operates pursuant to its own unique policies and procedures intended to comply with legal and other requirements of the Injunctive Relief Terms, the Monitor shall apply the standards of each Injunctive Relief Distributor to its reviews without preference to the practices or standards applied by any other Injunctive Relief Distributor.

3. If any of the Settling States or the Monitor receive a request for disclosure of any material or information created or shared under the Injunctive Relief Terms, pursuant to a Third Party Request, the Settling State or the Monitor, respectively, shall notify the Injunctive Relief Distributors of the Third Party Request and the Confidential Information to be disclosed so that the Injunctive Relief Distributors may seek a protective order or otherwise challenge or object to the disclosure. The Settling State or the Monitor will provide the Injunctive Relief Distributors with at least ten (10) days' advance notice before complying with any Third Party Request for Confidential Information, except where state law requires a lesser period of advance notice.

4. Nothing herein will be deemed to prevent any party from claiming any applicable exemption to the public information act, freedom of information act, public records act, or similar law.

XIX. Enforcement of Injunctive Relief Terms

A. State Compliance Review Committee:

1. Any Settling State may initiate a review of a Potential Violation consistent with the process set forth in Section XIX.

2. The State Compliance Review Committee shall assign the Monitor the responsibilities set forth in Sections XIX.B.3 through XIX.B.7, regarding review of a Potential Violation and an opportunity to cure, except with respect to matters requiring interpretation of the Injunctive Relief Terms subject to Section XIX.C.2. The objective of the Monitor shall be to facilitate a resolution among the parties, providing an opportunity to cure, as applicable, for the party against whom a Potential Violation has been alleged.

3. No less than six (6) months before the Monitor's term expires pursuant to Section XVIII, the State Compliance Review Committee and Injunctive Relief Distributors shall meet and confer in good faith to determine the parameters and processes for continued enforcement, consistent to the maximum extent possible with the provisions set forth in Section XIX, for the period after the Monitor's term has ended. Absent agreement between the State Compliance Review Committee and Injunctive Relief Distributors, all provisions set forth in Section XIX involving the Monitor are excused after the Monitor's term has ended.

4. Should an Injunctive Relief Distributor allege in good faith that a Settling State or the Monitor has impaired the ability of the Injunctive Relief Distributor to meet the Injunctive Relief Terms, the Injunctive Relief Distributor may request the State Compliance Review Committee to mediate any dispute in an effort to avoid the time and expense of litigation regarding interpretation and enforcement of the Injunctive Relief Terms.

B. Process for Review of Potential Violations and Opportunity to Cure:

1. Definition of "Potential Violation": A Potential Violation occurs when an Injunctive Relief Distributor is alleged to not be in substantial compliance with (i) the Injunctive Relief Terms or (ii) a Corrective Action Plan adopted consistent with the process set forth in Section XIX.B.7.

2. Submission of Notice of Potential Violation. An allegation of a Potential Violation shall be submitted to the State Compliance Review Committee in writing by one or more Settling States ("*Notice of Potential Violation*" or "*Notice*") and shall include the following to the extent practicable:

- a. Specification of the particular Injunctive Relief Term(s) and/or Corrective Action Plan(s) implicated by the Potential Violation;
- b. Description of the Potential Violation with specificity;
- c. The reasoning for and, if available, any documentation supporting the allegation that a Potential Violation has occurred, including whether the Potential Violation is a matter identified by the Monitor in an Audit Report; and

d. Description of the time-sensitivity of the Potential Violation, if relevant.

3. Assignment to Monitor. The State Compliance Review Committee shall review every Notice. If the State Compliance Review Committee reasonably believes that further review is warranted, the State Compliance Review Committee shall forward the Notice to the Monitor. The Monitor shall ensure that the Injunctive Relief Distributor that is the subject of the Notice receives a copy of the Notice and a proposed schedule consistent with the process set forth in Sections XIX.B.4 and XIX.B.5.

4. Response to Notice of Potential Violation. Within thirty (30) days of receipt of the Notice of Potential Violation, the Injunctive Relief Distributor that is the subject of the Notice shall provide a written response to the referring Settling State(s), the Monitor, and the State Compliance Review Committee. The response (a) shall set forth the reasons the Injunctive Relief Distributor that is the subject of the Notice believes that it is in substantial compliance with the relevant Injunctive Relief Term(s) and/or Corrective Action Plan(s), and (b) as applicable, shall explain efforts undertaken to cure the Potential Violation and a schedule for completing the efforts to cure.

5. Conference for Parties re Notice of Potential Violation. The parties to the Notice shall meet or otherwise confer regarding the Potential Violation. The parties and the Monitor shall make themselves available for such a meeting (which may at any party's election be a virtual or technology-based meeting), provided, however, that the meeting is not required to take place sooner than fifteen (15) days after a written response to the Notice of Potential Violation.

6. Process for Previously-Submitted Notices of Potential Violation. At the request of the parties to a Notice, the Monitor shall determine whether the Notice implicates the same or similar issues as a previously submitted Notice or is a matter previously identified by the Monitor in an Audit Report involving the same party alleged to have engaged in a Potential Violation, and make an initial determination as to whether the issues need to be addressed anew. The Monitor shall inform the Settling State and Injunctive Relief Distributor involved in the previous Notice or the subject of a matter previously identified by the Monitor in an Audit Report of its determination within five (5) business days of receipt of the Notice. The Settling State and Injunctive Relief Distributor shall have five (5) business days to object to the determination. If an objection is made, the Monitor shall respond to the objection within five (5) business days. If no objection is made, the party involved in the prior Notice may rely on the response to the previously submitted Notice or matter previously identified by the Monitor in an Audit Report and no further action shall be required.

7. Monitor Resolution of Potential Violation and Opportunity to Cure. Within thirty (30) days of the meeting pursuant to Section XIX.B.5, the Monitor, taking into consideration the submissions of the parties involved in the Notice and other information available to the Monitor, shall resolve the Notice as follows:

a. If the Monitor reasonably believes that a Potential Violation is not ongoing or has been substantially resolved as of thirty (30) days from the meeting pursuant to Section XIX.B.5, the Monitor shall provide written notice to the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice.

b. If the Monitor reasonably believes that a Potential Violation is ongoing and has not been substantially resolved as of thirty (30) days from the meeting pursuant to Section XIX.B.5, the Monitor shall provide written notice to the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice and request that the Injunctive Relief Distributor prepare, within thirty (30) days of the receipt of such written notice, a Corrective Action Plan to remedy such Potential Violation, including a reasonable period for implementation of such plan. The Monitor may extend the period of time to submit a Corrective Action Plan up to ninety (90) days based on a reasonable request by the affected party.

c. A Corrective Action Plan may address multiple Potential Violations, and an existing Corrective Action Plan may be amended to address additional Potential Violations.

d. Within ten (10) business days of submission of a Corrective Action Plan regarding a Potential Violation, the Monitor shall confer with the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice regarding the proposed Corrective Action Plan. The Monitor may recommend revisions in its discretion. The conference required by this paragraph may at any party's election be a virtual or technology-based meeting.

e. Within thirty (30) days of the conference in Section XIX.B.7.d, the Monitor shall advise the State Compliance Review Committee and the Settling State(s) and Injunctive Relief Distributor involved in the Notice whether the Monitor has adopted the proposed Corrective Action Plan or whether the Monitor has adopted it after making modifications. The Monitor shall also set forth a reasonable period for implementation of any such plan that has been adopted. The Injunctive Relief Distributor that is subject to a Corrective Action Plan adopted by the Monitor must begin to comply with the Corrective Action Plan within five (5) business days of receiving notice of the Corrective Action Plan has been adopted, unless it seeks review by the State Compliance Review Committee pursuant to Section XIX.C.1.

C. Enforcement Responsibilities of State Compliance Review Committee:

1. The Settling State(s) or Injunctive Relief Distributor involved in a Notice may request the State Compliance Review Committee to review the resolution (including a resolution pursuant to Section XIX.B.7.a) and/or Corrective Action Plan adopted by the Monitor regarding that Notice. Any such request must be made within five (5) business

days of a resolution or adoption of a Corrective Action Plan by the Monitor. The State Compliance Review Committee, taking into consideration the resolution by the Monitor, submissions of the Settling State(s) or Injunctive Relief Distributor, and other information available to the Committee, shall within thirty (30) days of receipt of the request resolve the matter by written notice to the affected parties, which shall include the State Compliance Review Committee's reasoning in reaching its resolution. The State Compliance Review Committee may agree, disagree, or modify any resolution or Corrective Action Plan that it reviews. An Injunctive Relief Distributor that is subject to a Corrective Action Plan that is affirmed or affirmed as amended by the State Compliance Review Committee must within five (5) business days begin to comply with the Corrective Action Plan.

2. The State Compliance Review Committee shall review any issues raised by a Notice regarding the interpretation of the Injunctive Relief Terms at the request of the Settling State(s), Injunctive Relief Distributor involved in a Notice, or the Monitor. Such a request may be made at any time after the Notice's submission, and the request will not extend the timelines set forth in Sections XIX.B and XIX.C.1. The State Compliance Review Committee shall notify the Monitor, Settling State(s) and Injunctive Relief Distributor involved in the Notice of its determination. Settling States and Injunctive Relief Distributors do not waive their rights to challenge the interpretation of the Injunctive Relief Terms by the State Compliance Review Committee in any subsequent proceeding pursuant to Section XIX.E.2.

3. The State Compliance Review Committee may, independent of a Notice of Potential Violation, review requests by a Monitor, Settling State, or Injunctive Relief Distributor regarding the interpretation of the Injunctive Relief Terms. The State Compliance Review Committee shall notify the Monitor and requesting party of its interpretation, including the State Compliance Review Committee's reasoning in reaching its conclusion. Settling States and Injunctive Relief Distributors do not waive their rights to challenge the interpretation of the Injunctive Relief Terms by the State Compliance Review Committee in any subsequent proceeding pursuant to Section XIX.E.2.

4. The State Compliance Review Committee shall make available to all Settling States and Injunctive Relief Distributors any interpretation it issues pursuant to Sections XIX.C.2 and XIX.C.3.

D. Composition of State Compliance Review Committee:

1. A Settling State on the State Compliance Review Committee that is in active litigation with one or more of the Injunctive Relief Distributors, or in another potential conflict of interest involving compliance with Controlled Substances laws and regulations, may not serve on the State Compliance Review Committee for matters involving the affected Injunctive Relief Distributor, and the remaining Settling States on the State Compliance Review Committee shall within five (5) business days select an alternate Settling State as a replacement.

2. If the affected state on the State Compliance Review Committee disputes that it has a disqualifying active litigation or other conflict of interest, the determination of whether that state has a conflict disqualifying it from serving on the State Compliance Review Committee shall be made by the remaining states on the State Compliance Review Committee.

E. Enforcement Actions:

1. Any written notice or resolution by the State Compliance Review Committee regarding the matters set forth in Sections XIX.B and XIX.C shall provide the State Compliance Review Committee's assessment of the matter but will not be an official opinion of any individual Settling State.

2. Following the issuance of a written notice or resolution of the State Compliance Review Committee pursuant to Section XIX.C, a Settling State or Injunctive Relief Distributor may take whatever action it deems necessary related to the written notice or resolution issued by the State Compliance Review Committee, provided that the Settling State or Injunctive Relief Distributor is either (a) the Settling State that sought review by the State Compliance Review Committee, or (b) the Injunctive Relief Distributor that is the subject of the Potential Violation at issue. Such action may include but is not limited to bringing an action to enforce the settlement agreement, filing a new original action, or, the parties to a Notice attempting to negotiate a Corrective Action Plan directly with each other.

3. The Settling States agree that prior to taking any court or administrative action, other than an action that is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the Settling State, or that a public emergency requiring immediate action exists, it will follow the process outlined in Sections XIX.B and XIX.C.

4. A Settling State or Injunctive Relief Distributor must bring a court or administrative action within six (6) months of any resolution of the State Compliance Review Committee, unless the alleged violation is also an independent violation of state or federal law, or an action that a Settling State concludes is necessary to address an immediate threat to the health, safety, or welfare of the citizens of the State, or that a public emergency requiring immediate action exists, in which cases, the applicable statute of limitations (if any) for sovereign actions shall apply.

CARDINAL AND CENCORA ALLOCATION AGREEMENT

The State of Alabama, acting through its Attorney General, has reached an agreement with Cardinal Health and Cencora (formerly AmerisourceBergen) to resolve the State's claims against Cardinal Health, Cencora, and their related entities. That agreement is dependent on participation by litigating subdivisions, certain litigating county health departments and/or boards of health, certain litigating public hospitals, and certain non-litigating subdivisions. Accordingly, the State of Alabama and its Political Subdivisions, subject to Council, Commission, or Board resolution or other formal action as may be required, hereby enter into this Agreement relating to the execution of the settlement agreement between the State, Cardinal Health, and Cencora and the allocation and use of the proceeds to be paid pursuant to that settlement.

A. Definitions

As used in this Agreement:

1. "The State" shall mean the State of Alabama acting through its Attorney General.
2. "Political Subdivision(s)" shall mean any Alabama municipality, county, municipal agency, county agency, or any combination of two or more Alabama municipalities, counties, or municipal agencies, which are identified in Exhibit C to the settlement agreement, as it may be from time-to-time amended.
3. "Special District(s)" shall mean the litigating public hospitals and litigating county health departments and/or boards of health that are identified in Exhibit C to the settlement agreement, as it may be from time-to-time amended, or that are otherwise included in the definition of "Special District" within the settlement agreement.
4. "The Parties" shall mean the State of Alabama, the Political Subdivisions, and the Special Districts.
5. "Cardinal Health" shall mean Cardinal Health, Inc. and any other entity qualifying as a "released entity" under Section I, Paragraph Y of the settlement agreement, including those entities identified in Exhibit D to the agreement.
6. "Cencora" shall mean Cencora, Inc. and any other entity qualifying as a "released entity" under Section I, Paragraph Y of the settlement agreement, including those entities identified in Exhibit D to the agreement.
7. "Settlement Funds" shall mean funds obtained pursuant to the State of Alabama's February 2024 settlement agreement with Cardinal and Cencora.
8. The "Subdivision and Special District Share" shall mean the allocation percentage earmarked for the Political Subdivisions as set forth in Section B.1.

9. The “Receiver” shall mean the State of Alabama Qualified Settlement Fund administrator or other vendor as agreed upon by the Office of the Attorney General that shall take possession of the Subdivision Share and distribute it as set forth herein.

B. Allocation of Settlement Proceeds

1. Under the settlement agreement, Cardinal and Cencora will pay \$220,000,000 to be used for opioid remediation around the State. The State, Political Subdivisions, and Special Districts shall divide settlement funds recovered by the State with 40% (\$88,000,000) going to the Political Subdivisions, 10% (\$22,000,000) going to the Special Districts, and 50% (\$110,000,000) going to the State.

2. Cardinal and Cencora will make payment of the Subdivision and Special District Share directly to the Receiver appointed to distribute the Subdivision Share. The Receiver shall place those funds in trust until the Special Master provides instructions as to the allocation percentages for each Political Subdivision and Special District eligible to receive a settlement payment.

3. It is anticipated that Joseph Tann, who has been appointed by the Montgomery County Circuit Court as Special Master, will continue in that role and that he shall set allocation percentages with finality for all Alabama Political Subdivisions and Special Districts as defined herein that are eligible to receive an award payment. The Special Master’s allocation to the Political Subdivisions will be calculated on a pro rata basis utilizing the allocation metrics developed within MDL 2804 for purposes of illustrating how a proposed Negotiation Class would have worked in that litigation (“the MDL Calculator”) for each town, city, and county entitled to share in the Subdivision Share. The Special Master’s allocation to the Special Districts will be calculated using a methodology to be determined in the discretion of the Special Master. The Parties may not cancel or terminate this Agreement based on the Special Master’s allocation.

4. The Special Master shall provide his final recommendation to the Parties as soon as practicable.

5. Counsel for each Political Subdivision and Special District will be responsible for providing to the Receiver all necessary instructions for effectuating payment, such as check or wiring instructions, signed W-9s, and any other documentation required for accounting or distribution purposes.

6. Irrespective of allocation, all Settlement Funds, other than those amounts apportioned to pay Subdivision Fees and Costs pursuant to Section VII.B of the Settlement Agreement, shall be used in a manner consistent with the Approved Abatement Strategies set out in Exhibit B to the settlement agreement. document, with the exception of those funds that may be paid to counsel under the terms of the settlement agreement.

C. Payment of Counsel and Litigation Expenses

1. The settlement agreement provides that up to \$25,000,000 of the Subdivision and Special District Share in Section B.1 of this Agreement may be apportioned by the Court-appointed Special Master towards attorneys' fees for counsel for litigating political subdivisions and litigating public health care authorities, as those terms are used in the Cardinal and Cencora Settlement Agreement. The attorneys' fees will be paid by the Receiver to counsel for the Political Subdivisions and Special Districts pro rata based upon the allocations determined by the Special Master in accordance with Section B.3. herein. The Special Master will calculate attorneys' fees owed to attorneys for each Political Subdivision and Special District and will provide those calculations to the Receiver.

2. The Special Master, any payment vendor contemplated by Section B.2. herein, and the State of Alabama bear no responsibility or liability for any Political Subdivision's counsel's fee arrangements with referral attorneys, affiliated counsel, and the like.

D. Conflicts With Other Agreements

By entering into this Agreement, the Parties agree and acknowledge that the distribution, expenditure, and oversight of Settlement Funds as discussed herein shall be governed by this Agreement. In the event that any term contained in this Agreement conflicts with any allocation plan, apportionment plan, distribution methodology, or abatement plan that is created by, or subject to the discretion of, some other individual, entity, or court outside the State of Alabama, the Parties agree that the terms of this Agreement, including any exhibits attached hereto, shall govern.

E. Jurisdiction

The Parties agree to submit and consent to the exclusive jurisdiction of the Montgomery County Circuit Court, Judge J.R. Gaines, for the resolution of any disputes arising under this agreement.

RESOLUTION NO. 24-xxx

**A RESOLUTION AUTHORIZING A REDUCTION IN RENTAL FEES
FOR THE ORANGE BEACH EVENT CENTER
FOR THE 2024 AHSAA OFFICIALS TRAINING**

FINDINGS:

1. The City of Orange Beach, Alabama hosts a variety of sports teams of varying skill level (recreational leagues, middle school, junior varsity, varsity, and college) throughout the year for practices, games, and tournaments. In turn, Sports Tourism makes up a significant portion of the economic impact that overall Tourism brings to the City and surrounding areas through lodging, retail, and the food industry.
2. The games that draw this economic impact are officiated by referees and umpires who require training and certifications to ensure safety and fairness for the players. Offering training for officials in the surrounding area would help to ensure that all games were covered and allow for an increase in the number of games hosted locally.
3. Representatives of the Southeastern District for AHSAA wish to rent the Orange Beach Event Center at The Wharf for their annual AHSAA Camp for Officials at a discounted rate. The AHSAA officials receive a stipend from the State of Alabama for their services and training to provide same.
4. The City Council has determined allowing the AHSAA representatives to rent the OBEC at a reduced rate serves a public purpose through promotion of the local Sports Tourism infrastructure; promotion of public safety; and creating a sense of public morale and is in the best interest of the City of Orange Beach, Alabama.
5. The City Council has determined that it serves a public purpose to reduce the rental rate by twenty-five percent (25%) for the OBEC for AHSAA representatives so they may host their 2024 Camp for officials in our area.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ORANGE BEACH, ALABAMA, AS FOLLOWS:

1. That the City Council, having determined that it serves a public purpose and is in the best interest of the City, hereby reduces the rental rate by twenty-five percent (25%) for the OBEC for AHSAA representatives for the one-time purpose of the 2024 AHSAA Camp for officials; and
2. That this Resolution shall become effective immediately upon its adoption.

ADOPTED THIS 7th DAY OF MAY, 2024.

Thank you again for your help in getting this transfer completed for the vehicle going to the Zoo. Staff is already excited about it. The new van has created quite the buzz and excitement. This van will be beneficial to the Zoo particularly when we have to move large animals between the Zoo property and the veterinary clinic. We will begin looking at options to retrofit the back to accommodate some of our larger crates to make those transports easier and safer for the animals and our staff.

While we were at the Public Works Facility, Jason showed us a minivan that has sat unclaimed for quite some time. Jason suggested that I let you know that the Zoo would be interested in that van also if it is still available. Similar to what we had originally proposed, that van could be useful for our offsite education programs. Please let me know if that van is still available and if the City would consider the Zoo to receive the vehicle.

Thanks again to you and the City of Orange Beach for considering us and your ongoing support of the Zoo.

RESOLUTION NO. 24-xxx

**A RESOLUTION AUTHORIZING APPROVAL OF A
PROPOSED WETLANDS IMPACT PERMIT APPLICATION BY
ORANGE BEACH LAND COMPANY, LLC**

FINDINGS:

1. The City of Orange Beach Alabama (hereinafter “the City”) Is the administrator of City Code, Chapter 30, Article V which states that any wetland to be destroyed within the corporate limits of the City of Orange Beach south of the ICW shall be mitigated on the same island within the corporate limits.
2. Orange Beach Land Company, LLC. is in receipt of permits from Alabama Department of Environmental Management and the U.S. Army Corps of Engineers regulatory division to fill 0.5 acres of wetlands for the purposes of constructing an employee and overflow parking lot. Wetlands to be impacted lie within the city limits of Orange Beach south of the Intracoastal Waterway.
3. As stated in the permits, the applicant was required to mitigate for the authorized wetland fill through the creation of approximately 0.18 acres of wetlands from onsite uplands and enhancement of 0.088 acres of on-site wetlands. In addition, the applicant was required to mitigate for the authorized wetland fill through the purchase of 1.5 credits from the Alabama Port Mitigation Bank for the proposed impacts to 0.5 acres of wetland impacts. The credit purchase mitigation lies outside of the City limits of Orange Beach and off island.
4. City Code Section 30-122 states that: No projects requiring-by the relevant federal and state regulatory agencies-wetland mitigation will be permitted unless the federal and state mitigation plan is to be executed in the City of Orange Beach south of the ICW and approved by majority vote of the municipal council, or an in-lieu fee payment is made to the city in order to replace the lost ecological or stormwater functions of the impacted wetland.
5. As stated above the applicant has partially mitigated within the city limits with on site creation and enhancement however the remaining mitigation requirements were addressed via purchase of credits from a wetland mitigation bank outside of the city limits and off island to satisfy Federal and State regulatory agencies. To satisfy requirements of City Ordinance, the applicant has requested to make in-lieu fee payment to the City’s Mitigation fund in an amount equal to purchased credits dollar value calculated at \$14,250.00.
6. The Council has determined that payment of this amount satisfies requirements of the City ordinance and is fair and adequate payment for impacts to wetlands described above.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ORANGE BEACH, ALABAMA, AS FOLLOWS:

1. That Orange Beach Land Company, LLC is authorized to pay and the City is authorized to accept an in-lieu fee in the amount of \$14,250.00 to be paid into the City’s Wetland Mitigation Bank to offset lost ecological or stormwater functions of impacted wetlands located south of the Intracoastal Waterway and within the City limits of Orange Beach; and
2. That this Resolution shall become effective immediately upon its adoption.

Special Award Conditions

1. Non-Duplicative Use of RESTORE Act Funds

Overall Project

The Recipient will not seek any compensation for the approved project from any other funding source, including without limitation the Oil Spill Liability Trust Fund. Should such funding be received, the recipient will immediately notify the Grants Officer in writing. If the Recipient is authorized to make subawards, the Recipient will not use RESTORE Act funds to make subawards to fund any activities for which claims were filed with the Oil Spill Liability Trust Fund after July 6, 2012.

2. Grant Project Performance and Financial Reporting

Overall Project

The Recipient must submit project performance reports through the Council's Program Information Platform for Ecological Restoration (PIPER) or any successor system on an annual basis during the period of performance. Financial reports must be submitted through GrantSolutions or any successor system also on an annual basis. Performance and financial reports covering the annual reporting period will be due 60 calendar days after the end of the annual reporting period specified in the Award. Final performance and financial reports that summarize the activities and findings of the Award are due 120 calendar days after the end of the period of performance. This special award condition (SAC) supersedes section C.01.a of the RESTORE Council Financial Assistance Standard Terms and Conditions dated August 2015, which states that financial reports are due on a semi-annual basis. Please see the Reporting Schedule located on a following page for the reporting period and due dates of performance and financial reports to be submitted as part of this Award.

3. Observational Data Management and Delivery

Overall Project

A. Data Sharing:

All data compiled, collected, or created under this Award must be reported to the Council on a yearly basis and be publicly visible and accessible in a timely manner, free of charge or at minimal cost to the user that is no more than the actual cost of distribution to the user, except where limited by law, regulation, policy, or national security requirements. Data are to be made available in a form that would permit further analysis or reuse, i.e., data must be encoded in a machine-readable format, using existing open format standards; and data must be sufficiently documented, using open metadata standards, to enable users to independently read and understand the data (for example, a PDF version of observational data is not a valid data delivery format). The public-facing, anonymously accessible data location (internet URL address) of the data should support a service-oriented architecture to maximize sharing and reuse of structured data and be included in the Performance Report. Data should undergo quality control (QC) and a description of the QC process and results should be referenced in the metadata. Publicly available ISO-compliant metadata record(s) of the project data must be provided and approved prior to closeout of the Award.

B. Timeliness:

Data must be provided to the Council on a yearly basis, and the public must be given access to data no later than two years after the data are first collected and verified, or no later than six months after the end date of the period of performance set out in the Award, whichever first occurs.

C. Author statement:

Data produced under this Award and made available to the public must be accompanied by the following statement: "The [report, presentation, video, etc.] and all associated data and related items of information were prepared by [recipient name] under Award No. [number] from the Gulf Coast Ecosystem Restoration Council (RESTORE Council). The data, statements, findings,

NOTICE OF AWARD (Continuation Sheet)

GRANT NO. GT3CP24AL0010-01-00	

conclusions, and recommendations are those of the author[s] and do not necessarily reflect any determinations, views, or policies of the RESTORE Council."

D. Failure to Share Data:

Failing or delaying to make data accessible in accordance with the submitted data management information and the terms hereof may lead to enforcement actions and be considered by the Council when making future award decisions. Funding recipients are responsible for ensuring that these conditions are also met by subrecipients and subcontractors.

E. Data Citation:

Publications based on data, and new products derived from source data, must cite the data used according to the conventions of the Publisher and use Digital Object Identifiers (DOIs), if available. All data and derived products that are used to support the conclusions of a publication must be made available in a form that permits verification and reproducibility of the results.

F. Final Project Geographic Information System (GIS) files:

As appropriate to project deliverables, final updated project boundaries, footprints, and features must be provided to the Grants Office no later than the submission of the final Performance Outcome Report. Where more detailed project features are developed (for example, during the engineering and design phase if additional features are identified within the project boundary), or project boundaries change during project planning or implementation, these updated boundaries and the appropriate feature attributes must be provided. These files must be geospatial in nature (acceptable formats are SHP, GDB, or DGN) and contain projection information and complete ISO-compliant metadata.

4. Updates to the Observational Data Plan

Overall Project

The Recipient will update the Observational Data Plan to include any plan details listed as "Not available (N/A)" or "To be determined (TBD)", or that are in other ways left unspecified in the current version of the Observational Data Plan. Updated plan details will include specific start and end dates that accurately reflect the period of observational data collection and will address Council Staff reviewer comments provided within the most recent version of the Observational Data Plan (available for download in PIPER), if any. For all plan details provided via updated Observational Data Plans, the recipient will make any corresponding updates to metrics details in PIPER. The recipient must deliver updated plans to the Council at least annually until all comments are addressed and all "N/A," "TBD" and unspecified items are provided, and must correct any inaccuracies until all information is final. The first updated plan will include time-frames for providing any missing information. Updated plans provided to the Council will conform to the structure of the template provided on the Council website. A completed Observational Data Closeout Report will be submitted and approved prior to closeout of the award.

5. Submission of Project Workplans as part of a Program Award

Overall Project

In order for specific projects to be funded within this program Award, a project workplan for each specific project must be submitted to and approved by Council staff. Federal funds for implementation of specific projects will not be released until such approval. \$6,677,568.28 in funds will be restricted and released upon submission of work plans and corresponding budgets.

A. In general:

- 1) Project Narrative, including but not limited to:
 - a) scope of work;
 - b) participating organizations (subrecipients, contractors, etc.);
 - c) project location;
 - d) performance measurement.
- 2) Project schedule, primary milestones and estimated useful life of project and project property;
- 3) Budget Narrative by object class categories with supporting documentation, including detailed descriptions of any co-funding, contractual and/or subrecipient expenses;
- 4) Other information to include:
 - a. Updates to the Program Observational Data Plan (eODP) to capture updated monitoring and data collection activities for project performance measurement;
 - b. Updates to the Program GIS files to include project location(s); and
 - c. Environmental compliance and best available science justification, as applicable. Please see the “Best Available Science” SAC for additional details about the required best available science justification.

Once a project workplan has been approved by Council staff, the program Award will be amended to include the approved project and any additional special award conditions or supplemental terms, and the appropriate funding for that project will be released.

10. Supplemental Construction And Improvements To Real Property Terms

City of Loxley Corn Creek Tributary Restoration Project

A. Estimated Useful Life and Federal Interest in Project Property

Property that is acquired or improved, in whole or in part, with federal assistance is held in trust by the recipient or subrecipient, as specified in the award, for the purpose(s) for which the award was made for the estimated useful life. See 2 CFR § 200.316. The estimated useful life of the program or individual project or activity is defined as the period of years that constitutes the expected useful lifespan of the program, project or activity, as estimated by the recipient and agreed to by the Council, during which the Council anticipates obtaining the benefits pursuant to award purposes authorized by the RESTORE Act. If the estimated useful life is provided in the recipient's application, the Grants Office's issuance of the award represents its concurrence with the recipient's proposed estimated useful life.

The recipient's obligation to the Council continues for the estimated useful life. At its discretion, the Council Grants Office may

NOTICE OF AWARD (Continuation Sheet)

PAGE 7 of 13	DATE ISSUED 03/13/2024
GRANT NO. GT3CP24AL0010-01-00	

waive the requirements to establish an estimated useful life for an ecosystem restoration project.

The recipient or subrecipient shall not engage in any of the following "Unauthorized Transactions" without the prior written approval of the Council's Grants Officer:

- 1) Sell, lease, transfer, assign, convey, hypothecate, mortgage, dispose of, or otherwise convey or encumber any interest in the property;
- 2) Use project property for purposes other than award purposes; or
- 3) Fail to comply with the terms and conditions of this award or any of the federal laws and regulations, Council policies, Executive Orders, or OMB Circulars that are incorporated into the terms and conditions of this Award.

Throughout the estimated useful life, the Council retains an undivided equitable interest in the property, sometimes referred to as the "federal interest." See 2 CFR § 200.1. If the Council determines that an Unauthorized Transaction has occurred, the Council shall have the right, exercisable at any time by written notice to the recipient, to issue disposition instructions in accordance with 2 CFR § 200.311(c), which may include requiring the recipient repay to the Council the full cash value of the federal interest in the property, computed as the percentage of the fair market value of the property attributable to the Council's funding of the project; such percentage calculated at the time of the funding and such cash value calculated at the time of the Council's exercise of this right (see 2 CFR § 200.1). The Council may also take any other action or remedy that may be legally available. The Council's forbearance in exercising any right or remedy in connection with the federal interest does not constitute a waiver thereof.

When the estimated useful life of the project has ended, the Federal interest will thereupon be extinguished and the Federal Government will have no further interest in the property.

B. Reporting on Real Property Acquired or Improved

In accordance with 2 CFR 200.330, the recipient must complete and submit to the Council a report on the status of all properties acquired or improved, using Form SF-429 "Real Property Status Report" or any equivalent or successor form. All reports must be for the period ending December 31, or any portion thereof, and are due no later than 60 days following the end of the reporting period. The recipient must continue to submit these reports to the Council or a successor agency:

- 1) Until acquired property is disposed of in accordance with 2 CFR § 200.311(c); or
- 2) Throughout the estimated useful life of the project and associated improvements.

Reports will be submitted according to the following schedule, unless otherwise indicated in a special award condition:

- 1) For real property in which the Council retains an interest for 14 years or less, reports must be submitted annually for the first three years beginning in the year the first property is acquired or improved under the award and thereafter every three years.
- 2) For real property in which the Council retains an interest for 15 years or more, reports must be submitted annually for the first three years beginning in the year the first property is acquired or improved under the award and every five years thereafter.

At the end of the period of performance, the recipient must complete and submit Form SF-429 or any equivalent or successor form to the Grants Office with the final performance and financial reports.

C. Authorized Award Purpose

Recipient will, or will cause subrecipient to, hold and maintain the property/properties or easement(s) as pursuant to Authorized Award Purposes for the duration of the federal interest (as defined at 2 CFR § 200.1) in the property/properties. The Authorized

NOTICE OF AWARD (Continuation Sheet)

Award Purposes are defined in the approved scope of work for the award stored within the electronic Grants Management System.

Before commencing any constructions other improvements not approved in the award, recipient will, or will cause subrecipient to, ensure that any alterations to or development on the property/properties are consistent with and will advance the Authorized Award Purposes. Existing structures on any property tract may be removed to achieve the Authorized Award Purposes. In all cases, any development on the property/properties, including removal of existing structures, must conform to federal, state, and local ordinances and standards, and shall remain subject to the requirements of any special award conditions.

D. Pre-Construction Requirements

Federal funds for construction costs for any project will not be released by the Council until the following information and documentation is received from the Recipient and accepted in writing by the Grants Office. If construction is commenced prior to the Council's acceptance, the Recipient and any Subrecipient proceeds at its own risk.

1) Title to real property improved under this award. In accordance with 2 CFR § 200.311, title to real property improved under this award will vest with the recipient or subrecipient, as specified in the application, and must be used only for authorized award purposes.

a. Before solicitation of bids for construction of a given project, the recipient will furnish the legal description of each tract of project real property, the type of ownership, including but not limited to fee-simple, long-term leasehold, easements and rights-of-way, needed for completion and maintenance of the project and an indication of what project element is to be built thereon.

b. When the project involves linear construction or improvements, such as installation of water or wastewater main lines, road improvements, or other less common types of construction requiring access across multiple tracts, recipients should contact the Council Grants Office for guidance on the types of evidence of title required.

The recipient shall certify that the recipient and/or subrecipient, if applicable, holds clear title to or otherwise has, as applicable, control of and/or access to all project real property and are not aware of any material restrictions or encumbrances that could interfere with any award purpose. In all cases, the recipient and subrecipient if applicable must disclose any ongoing litigation concerning the project property prior to requesting the release of federal funds for construction.

2) Engineering and design plans. The Recipient must provide to the Council Grants Office the cover sheet and such pages as necessary to demonstrate that 100% design and engineering plans and specifications for all construction activities funded under this award have been stamped/signed by a professional engineer currently licensed in accordance with State requirements.

a. For ecosystem restoration projects, or as otherwise directed by the Council Program Office, the recipient must provide a full and complete set of plans and specifications.

b. For projects activities not directly involving restoration of ecological systems (e.g., traditional "brick and mortar" construction, wastewater treatment system renovation), the recipient must provide to the Council Grants Office, at a minimum the cover sheet and such pages as necessary demonstrating that 100% plans and specifications for all construction activities funded under the award are complete and stamped/signed by a qualified, registered professional engineer.

The Council's review is to ensure compliance with the terms and conditions of the award; the Council will not be responsible for the accuracy or completeness of design, dimensions, details, proper selection of materials, or compliance with required codes or ordinances. As between the Council and the recipient, these responsibilities rest solely with the recipient. For clarity, nothing in the foregoing is intended to limit or otherwise affect any of the recipient's rights or remedies in connection with any third party, including any of the recipient's subrecipients or contractors.

3) Notice of Federal Interest. Throughout the estimated useful life of a property acquired or improved under an award, the Council retains an undivided equitable interest in the property, sometimes referred to as the "federal interest." See 2 CFR §§ 200.1 and 200.316. The recipient and subrecipient acknowledge the federal interest when accepting the award or subaward. When a

NOTICE OF AWARD (Continuation Sheet)

GRANT NO. GT3CP24AL0010-01-00	

notice of federal interest is required, the recipient must provide written confirmation that a notice of federal interest or covenant of purpose and use has been filed in the relevant real property records prior to the commencement of construction. In submitting this information, the recipient and subrecipient represent and certify to the Council that neither are aware of any material restrictions or encumbrances that could interfere with any award purpose. The Council has relied upon and will continue to rely upon the Recipient's due diligence in protecting title to property needed for award purposes.

a. To document the federal interest for all properties or property interests acquired under an award, the Council's federal interest will be recorded through a restriction in the property deed and the filing of a notice of federal interest or covenant of purpose and use, unless otherwise specified in a special award condition. See Terms and Conditions for Land Acquisition.

b. To document the federal interest for properties improved under an award for which acquisition is not required, the recipient will, or as appropriate will cause subrecipient to, execute and record a notice of federal interest or covenant of purpose and use acceptable in form and substance to the Council, which must be perfected and placed of record in accordance with local law, with continuances re-filed as appropriate. A notice of federal interest or covenant is not required to be recorded when the following conditions apply, unless specified in a special award condition:

i. The costs of improvements to a single property are less than the Simplified Acquisition Threshold;

ii. The project is comprised of linear construction or improvements, such as installation of water or wastewater main lines or road improvements, requiring access across numerous properties; or

iii. The property is owned by a third party, such as a private landowner, and improved under an agreement between the third party and the recipient or subrecipient as applicable. When a third party is involved, the landowner's acknowledgement of the federal investment and responsibility to either maintain or, at a minimum not intentionally interfere with, the authorized purpose identified in the award must be included in the agreement between the parties under which the improvements will be conducted.

c. At a minimum, the Notice of Federal Interest will include the following items:

i. A statement that the award was made by the RESTORE Council to the specific recipient, including the Federal Award Identification Number, award title, and date of award;

ii. The location of the Project, including physical address;

iii. A reference to any agreement between the recipient, subrecipient and property owner, as applicable.

iv. A minimum length of time the Project will be in operation (which time must equal or exceed the estimated useful life); and

v. Language equivalent to the following:

"The Notice of Award for this grant includes conditions on use of the aforementioned Project Property and provides for a continuing Federal Interest in Project Property. Specifically, Project Property may not be used for any purpose inconsistent with the Award, RESTORE Act, and any program regulations governing the Award. In addition, the Property owner may not:

v.1. Enter into any mortgage, lien, assignment or any other similar legal or equitable instrument in connection to Project Property or any right therein;

v.2. Otherwise encumber Property or any right therein;

v.3. Sell, transfer, assign, donate, or otherwise dispose of Project Property or any right therein; or

v.4. Take any action that would prevent or hinder Project Property from being used for Award purposes for 30 consecutive calendar days without the prior written approval of the Executive Director, Gulf Coast Ecosystem Restoration Council (or any

successor agency).

In addition, Project Property may not be used in violation of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, the Americans with Disabilities Act (42 U.S.C. 12204), and with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which laws prohibit discrimination on the basis of race, religion, national origin, or disability. These conditions are in accordance with the statutory provisions set forth in the Resources and Ecosystems Sustainability, Tourist Opportunities and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act) (33 U.S.C. § 1321(t), Pub. L. No. 112-141), 2 CFR § 200 as applicable, the Notice of Funding Availability for Spill Impact Component Project Grants published by the Gulf Coast Ecosystem Restoration Council, and other terms and conditions of the grant award.

These grant conditions and requirements cannot be nullified or voided through a transfer of ownership. Therefore, any proposed change in usage or ownership must be approved in writing by the Executive Director, Gulf Coast Ecosystem Restoration Council.”

The recipient will also provide the Grants Office with a written statement from a licensed attorney in the jurisdiction where the property is located certifying that the federal interest has been protected, as required under the award and in accordance with local law. Such a statement is required unless a waiver is provided in writing by the Grants Officer.

4) *Environmental compliance requirements.* The recipient must provide documentation demonstrating that the applicable environmental laws have been addressed prior to the release of construction funding. Accordingly, the recipient must furnish evidence, satisfactory to the Council, that the recipient or subrecipient has received all federal, state, and local permits and other documentation of compliance with applicable environmental requirements necessary for construction, completion and operation of the Project. In cases where a permit may be addressed under the construction contract, construction funds may be released with the condition that the recipient provides a copy of that permit to the Council prior to initiation of construction activities subject to that permit.

5) *Floodplain requirements.* If the property is located within the 100-year floodplain or other flooding risks have been identified by the recipient or the Council, the recipient must furnish evidence, satisfactory to the Council Grants Office, that all applicable floodplain requirements have been met. As appropriate to the project, this may include the following:

a. Floodplain Notice. That the 30-day period established for receipt of comments from the public in response to public notice published regarding the potential for project impact on the values and functions of a designated 100-year floodplain has expired and that identified concerns (if any) have been addressed to the Council’s satisfaction. This notice may be satisfied through an environmental assessment or permitting process used as the vehicle for public notice, involvement and explanation per 44 CFR 9.8(b)(2).

b. Floodplain Protection. Certification by the project engineer or architect that the project facility will be adequately protected from damage by flood, or written confirmation from the State/local Floodplain Manager that the proposed project and any associated design and engineering plans are in accordance with all applicable floodplain ordinances/regulations.

c. Flood Insurance. In accordance with the Flood Disaster Protection Act (42 U.S.C. § 4002 et seq), that the community is participating in the National Flood Insurance Program, and that as required, the recipient has or will purchase and maintain, or as appropriate, will cause the subrecipient to have or purchase and maintain, flood insurance.

6) *Americans with Disabilities Act (ADA) Compliance.* For any projects where funding will be used to provide, create or facilitate public access to project property, the recipient must furnish evidence satisfactory to the Council Grants Office, that the recipient or subrecipient will be in compliance with ADA requirements related to improvements to be constructed or operated under the project.

7) *Contingency.* If contingency funds are included in the approved award budget in accordance with 2 CFR 200.433, such funds will be described in the Budget Narrative for expenditures related to construction activities. Contingency funds may not be

utilized for project scope changes, unforeseen risks or extraordinary events. Federal funds equal to the amount of contingency funds approved will not be released until documentation verifying that proposed contingency expenditures comply with 2 CFR 200.300 and 200.403, are necessary and reasonable for accomplishment of the award scope, and will be verifiable from the recipient's or subrecipient's financial records is submitted by the recipient and accepted in writing by the Grants Office.

8) *Updated construction schedules and cost estimates.* The Recipient must furnish the most recent construction schedules and cost estimates based upon the completed engineering and design plans and/or other information that has become available since the last update.

E. Administration, Operation and Maintenance

The recipient agrees to, or to cause the subrecipient to, administer, operate and maintain any property improved with federal funds for the project's estimated useful life in the same manner in which it operates and maintains similar facilities and equipment owned by it, and in accordance with state and local standards, laws and regulations. The recipient must not be in breach of its obligations under this award except to the extent the failure to fulfill any obligation is due to an Uncontrollable Force.

"Uncontrollable Force" means an event beyond the reasonable control of, and without the fault or negligence of, the party claiming the Uncontrollable Force that prevents the recipient from honoring its contractual obligations under this Agreement and which, by exercise of the recipient's reasonable care, diligence and foresight, such recipient was unable to avoid. Uncontrollable Forces include, but are not limited to:

- 1) Strikes or work stoppage;
- 2) Floods, earthquakes, or other natural disasters;
- 3) Terrorist acts; and
- 4) Final orders or injunctions issued by a court or regulatory body having competent subject matter jurisdiction which the recipient, claiming the Uncontrollable Force, after diligent efforts, was unable to have stayed, suspended, or set aside pending review by a court of competent subject matter jurisdiction.

Neither the unavailability of funds or financing, nor conditions of national or local economies or markets must be considered an Uncontrollable Force.

The recipient will provide documentation of the Administration, Operation and Maintenance Plan.

F. Acquisition of Real Property

Unless specifically described in an award scope of work, the acquisition of real property is not an allowable expense. In the event that acquisition of real property or an interest in real property is identified as necessary to achieve the objectives of an award, the recipient shall contact the Council Grants Office for instructions prior to expending any funds related to the acquisition of real property.

If any property used under the award is acquired during the period of performance, regardless of the source of funding, the Recipient will be required to provide documentation (such as an option agreement, purchase agreement, or letter of intent) between the seller and the Recipient that indicates agreement to the sale (or intent to agree if terms of a contract can be reached), and the price to be paid for the property. If such documentation is not obtainable, e.g., property heirs cannot be located after demonstrated due diligence, the Recipient may request a modification of this requirement from the Grants Officer.

G. Bonding

For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the minimum bonding requirements are as follows:

PAGE 12 of 13	DATE ISSUED 03/13/2024
GRANT NO. GT3CP24AL0010-01-00	

1) A bid guarantee from each bidder equivalent to five percent (5%) of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual instruments as may be required within the time specified.

2) A performance bond on the part of the contractor for one hundred percent (100%) of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

3) A payment bond on the part of the contractor for one hundred percent (100%) of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

H. Goals for Women and Minorities in Construction

Department of Labor regulations set forth in 41 CFR § 60-4 establish goals and timetables for participation of minorities and women in the construction industry. These regulations apply to all federally assisted construction contracts in excess of \$10,000. The Recipient and Subrecipient, as applicable, must comply with these regulations and must obtain compliance with 41 CFR § 60-4 from contractors and subcontractors employed in the completion of the project by including such notices, clauses and provisions in the Solicitations for Offers or Bids as required by 41 CFR § 60-4. The goal for participation of women in each trade area must be as follows:

1) From April 1, 1981, until further notice: 6.9 percent;

2) All changes to this goal, as published in the Federal Register in accordance with the Office of Federal Contract Compliance Programs regulations at 41 CFR § 60-4.6, or any successor regulations, must hereafter be incorporated by reference into these Specific Award Conditions;

3) Goals for minority participation must be as prescribed by Appendix B-80, 45 FR 65984 (October 3, 1980), or subsequent publications. The Recipient must include the “Standard Federal Equal Employment Opportunity Construction Contract Specifications” (or cause them to be included, if appropriate) in all federally assisted contracts and subcontracts. The goals and timetables for minority and female participation may not be less than those published pursuant to 41 CFR 60-6.

I. Davis-Bacon Act and Related Acts

As applicable, the recipient and subrecipient must comply with the provisions of the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148); the Copeland “Anti-Kickback” Act (18 U.S.C. § 874 and 40 U.S.C. § 3145); and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708), regarding labor standards for federally assisted construction sub-agreements (wage guarantees).

1) Davis-Bacon Act-related provisions are applicable if a project is classified as a “treatment works” as defined in 33 U.S.C § 1292; or for a construction project regardless of its classification if that project is receiving Federal assistance from another Federal agency operating under an authority that requires the enforcement of Davis-Bacon Act-related provisions. When required, prime construction contracts in excess of \$2,000 must include a provision for compliance with the Davis-Bacon Act as supplemented by Department of Labor regulations (29 CFR part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determination made by the Secretary of Labor. In addition, contracts must be required to pay wages not less than once a week. A copy of the current prevailing wage determination issued by the Department of Labor must be included in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The recipient or subrecipient, as applicable, must report all suspected or reported violations to the Council.

2) The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act, as supplemented by Department of Labor regulations (29 CFR part 3, “Contracts and Subcontractors on Public Building or Public Work Financed in

Whole or in Part by Loans or Grants from the United States”). This Act provides that the recipient, subrecipient, contractor, or subcontractor must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation or which he or she is otherwise entitled. The recipient or subrecipient, as applicable, must report all suspected or reported violations to the Council.

3) Finally, the Contract Work Hours and Safety Standards Act provides work hour standards for every laborer and mechanic employed by any contractor or subcontractor in the performance of a Federal public works project. All contracts awarded in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR part 5). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

J. Inspection and As-Built Drawings

The final five percent (5%) of the contract amount for construction costs will not be drawn down by the recipient or subrecipient until final approval of construction associated with that contract. The recipient or subrecipient will schedule a final inspection when all construction has been completed, the architect/engineer has conducted their inspection, and any deficiencies have been corrected. Representatives of the recipient or subrecipient, if applicable, the architect/engineer, the contractor(s), and the Council, if they so desire, will make the final inspection. The Council Program Officer must be given ten (10) business days advance notice of the final inspection so that their representative may participate.

The recipient must provide the Notice of Final Acceptance signed by the recipient or subrecipient, as applicable, and stamped/signed as-built drawings from the project engineer and Council staff must advise of their acceptance prior to the drawdown of the final five percent (5%) of construction contract funds. If required in a special award condition, the Electronic copy of the “Notice of Federal Interest” filed in the relevant real property records must also be provided prior to drawdown of these funds.

ALABAMA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT (ADEM) SANITARY SEWER OVERFLOW (SSO) EVENT REPORTING FORM

Purpose of Form: All publicly or privately owned wastewater treatment plants holding an NPDES permit are required to provide immediate notification to the Alabama Department of Environmental Management (ADEM), county public health officials, the public, and any other affected entity such as public water systems as soon as possible upon becoming aware of any notifiable sanitary sewer overflow (SSO) events.

A "notifiable SSO", as defined in ADEM Admin. Code r. 335-6-6-.02(hh), is an overflow, spill, release or diversion of wastewater from a sanitary sewer system that either (1) reaches a surface water of the State or (2) may imminently and substantially endanger human health based on potential for public exposure including but not limited to close proximity to public or private water supply wells or in areas where human contact would be likely to occur. Immediate notification shall be provided within 24 hours of becoming aware of the event. This immediate notification may be made either verbally to the Department's SSO Hotline at (334) 274-4200 or electronically to the Department's eSSO Electronic Reporting System. The follow-up report shall be submitted within five days of becoming aware of the SSO event using either this form or the Department's eSSO Electronic Reporting System.

Facilities are strongly urged to utilize the electronic system. Registration information for the Department's eSSO system can be found at the following link: (<https://e2.adem.alabama.gov/NPDES>).

3. If sewage sludge is land applied in bulk form, briefly describe the nature of any complaints filed from neighbors?

EPA's sewage sludge regulations require certain publicly owned treatment works (POTWs) and Class I sewage sludge management facilities to submit to a Sewage Sludge (Biosolids) Annual Report (see 40 CFR 503.18 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_118), 503.28 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_128), 503.48 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_148)). Facilities that must submit a Sewage Sludge (Biosolids) Annual Report include POTWs with a design flow rate equal to or greater than one million gallons per day, POTWs that serve 10,000 people or more, Class I Sludge Management Facilities (as defined by 40 CFR 503.9 (https://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_19)), and facilities otherwise required to file this report (e.g., permit condition, enforcement action, state law). This is the electronic form for Sewage Sludge (Biosolids) Annual Report filers to use if they are located in one of the states, tribes, or territories (<https://www.epa.gov/npdes/npdes-state-program-information>) where EPA administers the Federal biosolids program.

For the purposes of this form, the term 'sewage sludge' (https://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_19) also refers to the material that is commonly referred to as 'biosolids'. EPA does not have a regulatory definition for biosolids but this material is commonly referred to as sewage sludge that is placed on, or applied to the land to use the beneficial properties of the material as a soil amendment, conditioner, or fertilizer. EPA's use of the term 'biosolids' in this form is to confirm that information about beneficially used sewage sludge (a.k.a. biosolids) should be reported on this form.

Public Availability of Information Submitted on and with this Program Report

EPA may make all the information submitted through this form (including all attachments) available to the public without further notice to you. Do not use this online form to submit personal information (e.g., non-business cell phone number or non-business email address), confidential business information (CBI), or if you intend to assert a CBI claim on any of the submitted information. Pursuant to 40 CFR 2.203(a), EPA is providing you with notice that all CBI claims must be asserted at the time of submission. EPA cannot accommodate a late CBI claim to cover previously submitted information because efforts to protect the information are not administratively practicable since it may already be disclosed to the public. Although we do not foresee a need for persons to assert a claim of CBI based on the types of information requested in this form, if persons wish to assert a CBI claim we direct submitters to contact the NPDES eReporting Help Desk (NPDESereporting@epa.gov (mailto:NPDESereporting@epa.gov)) for further guidance.

Please note that EPA may contact you after you submit this report for more information regarding your sewage sludge management program.

Monitoring Data

INSTRUCTIONS: Pollutants, pathogen densities, and vector attraction reduction must be monitored when sewage sludge or biosolids are applied to the land. Please use the following section to report monitoring data for the land application conducted by you or your facility in the reporting period for this SSUID. These monitoring data should be representative of the sewage sludge or biosolids that was applied to land during the compliance monitoring period for this SSUID (40 CFR 503.8(a) (http://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_18)). All pollutant monitoring data should be reported in milligrams per kilogram (mg/kg), dry weight basis. EPA will be using these data to demonstrate compliance with EPA's land application requirements (40 CFR 503, Subpart B).

Compliance Monitoring Periods

INSTRUCTIONS: Please use the table below to identify the start date and end date for each compliance monitoring period. You can adjust the start and end dates as needed. Please note that the compliance monitoring periods cannot overlap and that each compliance monitoring period must have a start date that is equal to or less than the end date. The number of compliance monitoring periods is based on the number of metric tons (dry weight basis) of sewage sludge or biosolids land applied in the reporting period (summed across all land application SSUIDs). For example, you will need to provide monitoring data for 12 compliance monitoring periods for each land application SSUID when you land apply 15,000 or more metric tons (dry weight basis) of sewage sludge or biosolids (summed across all land application SSUIDs) in the reporting period (see 40 CFR 503.16 (http://www.ecfr.gov/cgi-bin/text-idx?node=pt40.32.503&rgn=div5#se40.32.503_116)).

NOW, THEREFORE, in consideration of the premises, the rental to be paid hereunder, the mutual covenants and agreements herein set forth by each party to be kept and performed, and for other good and valuable consideration, the receipt, adequacy, and sufficiency of which are hereby expressly acknowledged by each party hereto, Landlord and Tenant do hereby mutually covenant and agree as follows:

- 1. AGREEMENT TO LEASE.** Landlord leases to Tenant the Premises, and Tenant leases the Premises from Landlord, according to the terms and conditions hereof. Anything in this Lease to the contrary notwithstanding, it is acknowledged by Landlord and Tenant that title to the Bridge is held by Landlord and that the Bridge and any expansion or modification thereof is not a part of the Premises.
- 2. TERM.** The term of this Lease shall commence as of the Effective Date, and shall continue for a period of ninety-nine (99) years thereafter unless terminated or revoked as provided for herein.
- 3. USE.** Tenant may use the Premises and allow others to use the Premises for (i) a riverwalk and dock, (ii) fire/rescue or city services boat docking, (iii) a public park, (iv) paved or unpaved surface parking (but not dedicated to any particular business), (v) the placement of

utilities, and (vi) other nonpermanent improvements of a nature that are readily removable and not otherwise fixed to the land, unless Tenant requests and Landlord consents in writing to such other use. The occupancy and use of the Premises shall not be such as will permit hazardous or objectionable smoke, fumes, vapor, or odors to rise above the grade line of the Bridge. Tenant shall take reasonable steps to protect any parts of the Bridge structure from damage incident to the use of the Premises herein described.

4. RENT. Tenant shall pay fixed rent to Landlord in the amount of \$100 per year, payable annually in advance, commencing on the Effective Date.

5. UTILITIES. Tenant will arrange for and pay any third-party utility services that Tenant uses on the Premises. Tenant will provide Landlord with plans and drawings of all proposed utilities to be installed on the Premises and receive prior approval by Landlord in the form of an executed utilities permit.

6. AIRSPACE. No use will be permitted by the City of the airspace over the Bridge or otherwise within the Premises which would interfere with the safety and freedom of traffic on the Bridge or restrict or reduce visibility or sight distances of drivers.

7. INSURANCE. Tenant will obtain and keep in force during the term hereof, AMIC general liability insurance with a combined single limit of not less than Five Hundred Thousand Dollars (\$500,000.00), with respect to the maintenance, use, or occupancy of the Premises. If requested by Landlord, and if permitted by AMIC, such policy shall name Landlord as additional insured.

8. ALTERATIONS AND IMPROVEMENTS. Tenant may not place any permanent structures on the Premises or make any permanent alterations, additions, improvements, installations, or modifications, without the prior written approval of Landlord. Any such alterations, additions, improvements, installations or modifications that are so approved, shall be made at the sole cost and expense of the Tenant, and upon termination of this Lease, Landlord shall be under no obligation to reimburse Tenant for any such alterations, additions, improvements, installations or modifications.

9. NO ASSIGNMENT. The Premises and its use shall not be transferred or assigned to another party without prior written approval of the State, subject to concurrence by the FHWA.

10. ENVIRONMENTAL. Landlord and Tenant each agree that neither Landlord nor Tenant shall cause any hazardous materials to exist on, or to escape, seep, leak, spill or be discharged, emitted or released from the Premises during the term hereof in violation of any applicable environmental laws or regulations.

11. BRIDGE. Landlord shall have the right to inspect, maintain, operate, replace and repair all aspects of the Bridge at any time. Landlord shall have the right at any time to enter the Premises to access the Bridge (including its supports) for such purposes. Landlord agrees to use reasonable measures to minimize interference with Tenant's use of the Premises. Landlord shall

use reasonable efforts to give Tenant not less than five (5) days' notice prior to beginning any scheduled maintenance work on the Bridge on the Premises. In the event of the need for emergency maintenance work, Landlord shall give notice as conditions permit.

12. NO WASTE. Tenant will permit no waste on or contamination of the Premises. However, Tenant will not be responsible for any damage to the Bridge, unless caused by the gross negligence or willful misconduct of Tenant. Tenant agrees to take reasonable measures to keep the Premises in a safe and sanitary condition, controlling vegetation and keeping the grounds reasonably well maintained.

13. SECURITY. The City shall be responsible for the security and safety of the Premises. Landlord does not carry insurance to cover property of the Tenant. It is the Tenant's responsibility to obtain this insurance if it is desired.

14. RIGHT TO TERMINATE. Tenant understands and agrees that should FHWA or Landlord determine that Tenant's use of the Leased Premises is no longer consistent with the continued use, operation, maintenance, and safety of the bridge structure, or otherwise impairs or interferes with the free and safe flow of traffic, this Lease may be revoked or suspended. Landlord will give Tenant written notice of such suspension or termination as is practicable under the circumstances then existing, as determined in the sole discretion of Landlord.

15. RIGHT TO ENTER THE PREMISES. The State and FHWA shall at all times have the right to enter the Premises or any part thereof, for the purpose of inspecting the same, and for the inspection, maintenance or re-construction of highways, highway structures, and/or devices. The Tenant agrees to use reasonable efforts to have the Premises vacated in the event of scheduled maintenance activities or unscheduled emergency activities. The Tenant may be required to use its police powers to clear the area for the Landlord's accessibility.

16. INDEMNIFICATION. Subject to the limitations on damages applicable to municipal corporations under Ala. Code§ 11-47-190 (1975), the City shall indemnify, and hold harmless the State and FHWA, its officers, officials, agents, servants, and employees from and against (1) claims, damages, losses, and expenses, including but not limited to attorneys' fees arising out of, connected with, resulting from or related to any work performed by the City, or its officers, employees, contracts, agents or assigns on the Premises, (2) the provision of any services by the City on the Premises, or (3) any damage, loss, expense, bodily injury, or death, or injury or destruction of tangible property (other than the work itself), including loss of use therefrom, and including but not limited to attorneys' fees, caused by the negligent, careless or unskillful acts of the City its agents, servants, representatives or employees, on the Premises.

17. COMPLIANCE WITH LAWS. Tenant agrees to comply with all laws affecting the use or occupancy of the Premises by Tenant. Landlord agrees to comply with all laws affecting its inspections, maintenance, operations, replacements and repairs of the Bridge on the Premises.

18. SIGNS. Tenant shall be entitled to erect, maintain and install such signs, displays or devices on the Premises as it may desire, provided the same are professionally prepared and

provided that any legally required governmental approvals are obtained and that they are installed within any reasonable signage criteria established by Landlord.

19. END OF TERM. At the end of the term or upon termination of this Lease, Tenant will surrender the Premises in good order and condition and will remove therefrom any trade fixtures, equipment or other personal property owned by Tenant. Such removal will be completed by the end of ninety (90) days from the date of notification of termination.

20. COVENANT OF QUIET ENJOYMENT. So long as no event of default on the part of Tenant has occurred and continues beyond any applicable cure period, Tenant's possession of the Premises will not be disturbed by Landlord or any person claiming by or through Landlord.

21. EVENTS OF DEFAULT. The following occurrences are each an "Event of Default" on the part of Tenant: (a) Tenant shall fail to pay any installment of rent when and as due, and the default continues for ten (10) days after written notice from Landlord; or (b) Tenant breaches any of the other agreements, terms, covenants, or conditions that this Lease requires Tenant to perform, and the breach continues for a period of thirty (30) days after written notice by Landlord to Tenant.

22. REMEDIES. Upon the occurrence of an uncured Event of Default, then Landlord may, as its sole and exclusive remedy, terminate this Lease, in which event, Tenant shall promptly surrender possession of the Premises to Landlord. However, Landlord shall not be entitled to terminate this Lease due to such an uncured Event of Default, unless the written notice of such default contains a conspicuous statement that Landlord will terminate the Lease if such default is not cured within such cure period.

23. LANDLORD DEFAULTS. If Landlord shall be in default in the performance of any obligation under this Lease, which default is continuing thirty (30) days after Tenant gives Landlord written notice of such default, Tenant may, but shall have no obligation to: (i) cure the default, in which case Landlord shall pay to Tenant upon demand the cost thereof within ten (10) days, (ii) pursue its legal and equitable remedies (other than termination of this Lease), or (iii) terminate this Lease upon a (A) breach of the covenant of quiet enjoyment, or (B) if Landlord shall be in default in the performance of any obligation under this Lease which materially interferes with Tenant's ability to operate in accordance with the permitted uses contemplated by Section 3 hereof, so long as, with respect to any of such foregoing events described in this clause (iii), the notice of such default contains a conspicuous statement that Tenant may terminate this Lease if such default is not cured within such thirty (30) day period.
